How Wi-Mic Works

- Spokesman can speak to the internal mic on Wi-Mic. The voice of the spokesman will go through the Wi-Mic, and then is transmitted to all PAE-300 which are paired with the Wi-Mic. The PAE-300 users are able to listen to the spokesman's voice through the PAE-300 headset.
- External mic can be used by inserting it into the external mic port on the Wi-Mic. Spokesman can speak to the external mic instead of the internal mic without holding the Wi-Mic all the time.

Reset Wi-Mic

When the Wi-Mic cannot be operated in any situation, press the reset button by a small pin object to reset the Wi-Mic.
