Connecting to Wi-Fi

Setting up Wi-Fi
To browse web sites, use email and download apps, you must first connect the tablet to the internet.

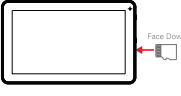

To set up Wi-Fi:

1. Swipe the Home screen to the left to access the Settings widget.
2. Select "Wi-Fi Setup".
3. Select a network.
4. If required, enter the correct password and select "Connect".
5. When the tablet is connected to a network, the Wi-Fi icon will appear on the Status Bar and "Connected" will appear under the selected network.

To conserve battery life, turn off Wi-Fi when not connected to a network.

Micro SD card

Inserting a Micro SD card
The tablet supports Micro SD cards up to 32GB (not included). To insert a Micro SD card into the tablet, insert the card as shown below, into the card slot until it clicks and locks into place.

Downloading apps

Downloading apps & other app stores
Your tablet includes an app store with access to a large library of free & paid apps and games. However, for your convenience, we have provided links to several other app stores that can be easily accessed by selecting the "Download App Stores" option on the Settings widget.

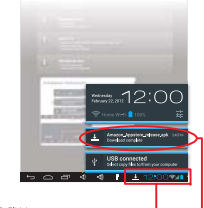

1. After successfully connecting the tablet to Wi-Fi, select "Download App Stores" on the Settings widget.

2. Select an app store, and follow the instructions to download and install on the tablet.

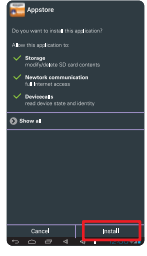

3. Click here.

4. Select the downloaded app store. Tap "Get" from the Pop-up window.

5. Select "Install" to install the app.
