Easy Internet Sign-up, the quick way to find an ISP!

- Have you ever wished there were a quick way to get online with quality dial-up and broadband Internet service providers* (ISPs) that work with your PC?
- Have you wondered how leading dial-up and broadband ISP offers compare?
- Have you ever wished that your dial-up and broadband Internet connection were faster, since you do loads of Web surfing and e-mail?
- Are you tired of waiting for music, video, or software applications to download from a dial-up connection?
- Are you interested in learning about high-speed, broadband Internet connectivity options?

If so, let Easy Internet Sign-up help you decide. With your purchase of an HP Pavilion PC, you are entitled to take advantage of special Internet access offers. Easy Internet Sign-up arranges preselected Internet connectivity services in easy-to-view categories, making it simple to compare options and sign up for a new ISP account or transfer an existing one.

*Internet access requires a separately purchased service contract.
Represents only those ISPs with whom HP has a relationship.

Important information about protecting your PC on the Internet!

Norton Internet Security™ 2006 is preinstalled!

Norton Internet Security™

2006

Enjoy your connection to the world.

We know you are excited about your new PC and eager to start exploring all that the Internet has to offer. HP wants your PC to be safe online, so we have preinstalled Symantec's award winning Norton Internet Security 2006 software. This software gives you the confidence to travel the Internet like never before, protected from viruses, hackers, spyware, and spam.

Be sure to set up Norton Internet Security before you start surfing the Internet.

After you've established an Internet service account, follow the step-by-step instructions below. The wizard guides you through the simple setup process.

1. Double-click the Norton Internet Security icon  in the system tray to launch the Configuration Wizard.
2. Click the **Next** button and follow the instructions to:
 - > Complete registration.
 - > Perform post-installation tasks including running LiveUpdate™, scanning for viruses, and scheduling weekly scans of local hard drives.
3. On the Summary page click **Finish**.

Your copy of Norton Internet Security 2006 comes with a 60-day subscription to protection updates from Symantec Security Response, the world's leading Internet security and response team. You'll be notified before your complimentary subscription expires. Be sure to renew the subscription to keep your PC protected against new Internet risks.

Try Microsoft Office 2003 at no cost for 60 days

Here's your chance to try out the latest Microsoft® Office Student and Teacher Edition 2003 at no cost for 60 days. This fully functional trial version of Microsoft Office has these great features:

- Enhanced Microsoft Outlook and improved e-mail features.
- Spam filtering and virus protection in Outlook.
- Compatible with existing Microsoft Office 97, Microsoft Office 2000, and Microsoft Office XP documents.
- Ease of use with task panes and online assistance and training.
- Quick and easy sharing of your created documents on the go, at work, or at home.

Internet service required and sold separately. Full product version sold separately. Your new HP Pavilion PC includes a 60-day trial version of Microsoft Office Student and Teacher Edition 2003. You can initiate your trial when you run an Office application, for example, by clicking Microsoft Office Word 2003. A setup screen opens and prompts you to enter your trial product key. You can find your key on the Microsoft Product Identifier Card distributed with your PC. Thirty days before the trial period ends, you will receive reminder messages indicating the date that the trial expires. You can convert your trial version into a full version by purchasing a perpetual license at a participating reseller or online. You can convert either during the trial period or after the trial has expired. If you choose not to convert your trial to the full product, the software goes into reduced functionality mode after the trial period expires. In reduced functionality mode you can continue to view and print files, but you cannot modify existing files or create and save new ones. Or, you may uninstall the trial software.
