## Installation for Windows Vista

Windows will install the Installation USB Flash Drive as a "Mass Storage Device" and assign a Drive letter (e.g. D:, E:)

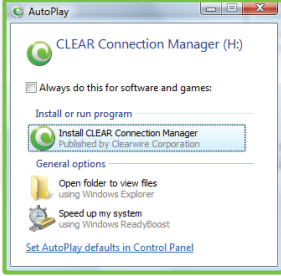

**Note:** When Windows assigns a Drive Letter to the Flash Drive you may be prompted to reboot. No reboot is necessary - select "No" if prompted

Most users will see an "AutoPlay" dialog box. If so, double click on "Install Clear Connection Manager"

**Note:** If you do not see the "AutoPlay" dialog box go to "My Computer" and double click on "Clear Connection Manager"

Double click on the "Windows Users" folder

Double click on "Setup.exe" to install the Clear Connection Manager

## Installation for Windows 7

Windows will install the Installation USB Flash Drive as a "Mass Storage Device" and assign a Drive letter (e.g. D:, E:)

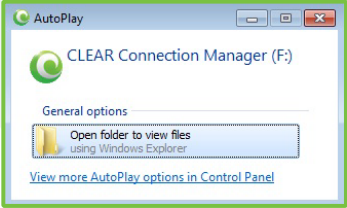

**Note:** When Windows assigns a Drive Letter to the Flash Drive you may be prompted to reboot. No reboot is necessary - select "No" if prompted

Most users will see an "AutoPlay" dialog box. If so, double click on "Open folder to view files"

**Note:** If you do not see the "AutoPlay" dialog box go to "My Computer" and double click on "Clear Connection Manager"

Double click on the "Windows Users" folder

Double click on "Setup.exe" to install the Clear Connection Manager
