Installation for Mac OS X

(Leopard 10.5.x or Snow Leopard 10.6.x)

Double click on the **Installation USB Flash Drive** icon that appears on your Desktop

Double click on the **"Mac OSX Users"** folder

Double click on **"Install CLEAR.mpkg"** to launch the Mac Installer

Installation for Windows XP

Windows will install the Installation USB Flash Drive as a **"Mass Storage Device"** and assign a Drive letter (e.g. D:, E:)

Note: When Windows assigns a Drive Letter to the Flash Drive you may be prompted to reboot. No reboot is necessary - select **"No"** if prompted

Most users will see a **"Clear Connection Manager"** dialog box. If so, double click on **"Install Clear Connection Manager"**

Note: If you do not see this dialog box go to **"My Computer"** and double click on **"Clear Connection Manager"**

Double click on the **"Windows Users"** folder

Double click on **"Setup.exe"** to install the Clear Connection Manager
