

Table of Contents

Chapter 1 Introduction	1-1
1.1 Network Solution of Huawei CDMA 1X System.....	1-1
1.1.1 Brief Introduction to BSS	1-2
1.1.2 Brief Introduction to CN	1-3
1.2 Position of BTS3606	1-4
Chapter 2 Product Features	2-1
2.1 Technical Features	2-1
2.2 Large-scale Coverage	2-1
2.3 Flexible Networking Mode	2-2
2.4 Convenient Operation and Maintenance.....	2-3
2.5 Easy Upgrade and Expansion	2-4
2.6 Serial Products for Seamless Coverage	2-5
Chapter 3 Product Architecture	3-1
3.1 Appearance and Configuration	3-1
3.1.1 Cabinet Appearance	3-1
3.1.2 Cabinet Configuration.....	3-2
3.2 System Structure	3-3
3.2.1 Baseband Subsystem	3-3
3.2.2 RF Subsystem.....	3-4
3.2.3 Antenna and Feeder Subsystem	3-4
3.2.4 Power Supply Subsystem.....	3-4
3.3 Physical Interface.....	3-5
Chapter 4 Main Functions	4-1
4.1 Power Control	4-1
4.2 Handoff.....	4-3
4.3 Radio Configuration	4-4
4.4 Channel Configuration	4-4
4.5 Receiving Diversity	4-5
4.6 Cell Breathing.....	4-5
Chapter 5 Reliability Design	5-1
5.1 System Reliability	5-1
5.2 Hardware Reliability.....	5-3
5.3 Software Reliability	5-3
Chapter 6 Operation and Maintenance System	6-1
6.1 Structure	6-1
6.1.1 Local Operation and Maintenance System.....	6-1

6.1.2 Mobile Integrated Network Management System	6-2
6.2 Operation and Maintenance Function.....	6-3
Chapter 7 Technical Specifications.....	7-1
7.1 Structure and Environment Specifications	7-1
7.2 Capacity Specifications	7-1
7.3 Transmitter and Receiver Specifications at 450 MHz Band.....	7-2
7.4 Transmitter and Receiver Specifications at 800 MHz Band.....	7-2
7.5 Transmitter and Receiver Specifications at 1900MHz	7-3
7.6 Specifications for ODU3601C Cascading	7-3
Appendix A Technical Standard.....	A-1
A.1 General Technical Specification	A-1
A.2 Um Interface	A-1
A.3 Abis Interface.....	A-1
A.4 Lightning Protection.....	A-2
A.5 Safety.....	A-3
A.6 EMC.....	A-3
A.7 Environment	A-4
Appendix B Abbreviations and Acronyms.....	B-1
