❺ SIM Card Slot

It holds a Subscriber Identity Module (SIM) card.

❻ Strap Hole.

You can tie a strap to the USB Stick through the strap hole.

Getting Started

Installing the SIM Card

1. Slide the cover off.
2. Insert the SIM card into the card slot.
3. Slide the cover back onto the USB Stick until it snaps into place.
Note:
- Ensure that the beveled edge of the SIM card is properly aligned with that of the SIM card slot.

■ Do not remove the SIM card when the card is in use. Otherwise, the card as well as your USB Stick may get damaged and the data stored on the card may be corrupted.

Installation/Removal Guide

The procedure for installing the management program depends on the operating system (OS) installed on your PC. The following sections take Windows XP as an example.

Using Your USB Stick

The procedure for installing the management program depends on your computer's operating system. The following sections are based on Windows XP.

Connecting to a Network

1. Insert the USB Stick into one of your computer's USB ports.
The computer identifies the new hardware and starts its installation automatically.

2. When the installation is complete, the USB Stick's web management page is displayed and the USB Stick connects to the network automatically. The USB Stick's web management page will be automatically displayed every time the USB Stick is inserted into the computer.

Note:
- If the computer does not start the USB Stick's installation automatically, find the **AutoRun.exe** file in the USB Stick's root directory, and double-click the file to run it.
- If you are not connected to the network, access http://192.168.1.1 to check the device status.
- If you cannot access http://192.168.1.1, disconnect other network connections, such as an Ethernet or Wireless Fidelity (Wi-Fi) connection, remove and then insert the USB Stick, or restart the computer.

Disconnecting from a Network

Remove the USB Stick from the computer.
Note:
If you do not need to connect to a network, it is recommended that you remove the USB Stick from your computer to eliminate unwanted data traffic.
