Welcome

Your Vodafone Mobile Wi-Fi creates a personal portable Wi-Fi network. Use it to share your secure mobile broadband internet connection with other Wi-Fi-enabled devices, such as computers, Apple® iPhone, iPad or iPod touch, Android smartphones and tablets like the Samsung® Galaxy Tab, or mobile gaming devices like Nintendo® DSi.

You can use battery, mains or USB to power your Vodafone Mobile Wi-Fi. This flexibility makes it easy to position your Vodafone Mobile Wi-Fi to get the best mobile coverage.

Licenses

Your Vodafone Mobile Wi-Fi uses open source programs licensed under the GNU GPL (Version 2.0), BSD (Version 3.0), OpenSSL, Zlib/libpng, LGPL and Apache License.

You can download the source code free of charge from: <http://vodafone.com/r226> for a period of three years from the distribution of this product.

Device overview

Tip:

To save power the display is dimmed after 18 seconds, and switches off after a further 6 seconds.

The display can be switched on by briefly touching the power on/off button.

The display will also switch on whenever the status of the device changes.

- 1 Menu key
- 2 Status display
- 3 Test socket
- 4 Micro USB socket
- 5 Power on/off

Network signal:

- Connecting to network
- Excellent - not connected
- Excellent - connected
- Unable to connect

Battery:

- Fully charged
- Discharged

Getting started

Tip:

Charge your Mobile Wi-Fi fully (mains: 3 hours) before using it in battery mode.

*Please only use the correct charger for your region –HW-050200X3W, where “x” will be one of U, E, B, A, or J, depending on your region. For details about a specific charger, please contact your mobile network operator.

Step 1

Insert your SIM and optionally a MicroSD card.

Remove back cover

Insert SIM

Insert MicroSD card

Replace back cover

Step 2

Plug your Vodafone Mobile Wi-Fi into the mains* or your computer to charge it while you are using it.

Getting started

Step 3

Press and hold the power button for 3 seconds to switch on your Vodafone Mobile Wi-Fi. It will begin connecting to the mobile broadband network.

Step 4

You may need to enter your PIN to unlock your SIM.

Also, when your Vodafone Mobile Wi-Fi connects to the mobile network for the first time, you may be asked to activate your SIM. Activation is not always necessary, so you may not see this.

Step 5

On your computer or device, select your Vodafone Mobile Wi-Fi network's name (its 'SSID') from the list of available networks, click Connect and enter the secure Wi-Fi network key (the 'WPA2 password'). The name and key are on the back cover of your Vodafone Mobile Wi-Fi and also on a printed reminder card.

Congratulations - you are connected to the internet via Vodafone Mobile Wi-Fi.

Mobile Wi-Fi Web app

Tip:

Save the addresses for your Mobile Wi-Fi as favourites in your web browser.

To check the status of your mobile broadband and Wi-Fi networks, manage SMS text messages or change the settings of your Mobile Wi-Fi, you can use the Vodafone Mobile Wi-Fi Web app:

- Connect to your Vodafone Mobile Wi-Fi via Wi-Fi or with a USB cable
- If you installed your Vodafone Mobile Wi-Fi via USB, double-click the Vodafone Mobile Wi-Fi icon that was created on your desktop
- Alternatively - and particularly if you did not install via USB - open <http://VodafoneMobile.wifi> or <http://192.168.0.1> in your web browser.

To use the Vodafone Mobile Wi-Fi Web app via a USB cable or via Wi-Fi, you need:

- A computer with at least Windows XP[®] SP3, or
- An Apple Mac with at least OS X[®] 10.6 Snow Leopard.

You can also manage your Vodafone Mobile Wi-Fi via its Wi-Fi network, but not via a USB cable, using:

- Linux or Windows[®] 8 RT, or
- iPhone, iPad, iPod touch, or any other smartphone or tablet.

Web app overview

- 1 Navigation tabs: Select Mobile Wi-Fi, Storage, SMS or Account view
- 2 Navigation bar: Select an area within each view
- 3 Current network panel: Status of mobile broadband network, Wi-Fi network, battery and connected devices
- 4 Content area: Content for current area
- 5 Context help: Help for current area
- 6 Language selection: Defaults to browser language
- 7 Login/Logout: For advanced settings. The default password is 'admin'.

The screenshot displays the Vodafone Mobile Wi-Fi web application interface. It features a top navigation bar with tabs for 'Mobile Wi-Fi', 'Storage', 'SMS', and 'Account view'. Below this is a secondary navigation bar with 'Mobile Broadband' and 'Help' options. The main content area is divided into several sections: a welcome message, a 'Vodafone Mobile Wi-Fi help' section, and a 'Current network' status panel. The status panel shows details such as 'Mobile number', 'Signal', 'Status' (Connected), 'Network' (vodafone UK HSDPA), 'Time connected', and 'Total volume'. A 'Connected devices' section is also visible at the bottom right. Numbered callouts (1-7) highlight specific UI elements: 1 points to the 'Mobile Wi-Fi' tab, 2 to the 'Mobile Broadband' navigation bar, 3 to the 'Mobile number' field, 4 to the main content area, 5 to the 'Vodafone Mobile Wi-Fi help' section, 6 to the 'Choose language' dropdown, and 7 to the 'Login' button.

Current network panel

The Current network panel appears on the right-hand side of every view in the Mobile Wi-Fi Web app, giving you a quick summary of the status of your Mobile Wi-Fi. Below it are additional panels for battery, Wi-Fi and the status of other devices sharing your Wi-Fi network.

The screenshot displays a mobile interface with several panels. The top panel is titled "Roaming network" and includes a signal strength indicator, a status of "Connected" with a green checkmark, and network details like "vodafone UK HSUPA". Below this are panels for "Battery Status (90%)", "Wi-Fi Status", and "Connected devices (1)".

Roaming network	
Mobile number	
Signal	
Status	Connected
Network	vodafone UK HSUPA
Time connected	00:11:05
Total volume	3.06MB
▲ Up	0b/s
▼ Down	0b/s
Battery Status (90%)	+
Wi-Fi Status	+
Connected devices (1)	+

Mobile Wi-Fi Monitor app

If you have an Apple iOS® or Android device, you can also check the status of your Mobile Wi-Fi using the Vodafone Mobile Wi-Fi Monitor app. Download the app from the iTunes or Google Play app stores.

iPad / tablet

iPhone / smartphone

Hints and tips

Wi-Fi security

Please ensure that the Wi-Fi security settings meet your personal requirements. To change the admin password, open the Vodafone Mobile Wi-Fi Web app:

- Enter 'admin' into the Password field and click 'Login'
- Select Router on the Navigation bar
- Select 'Router Settings' from the left-hand Menu bar.

To change your Wi-Fi network name (SSID) and the key:

- Select Wi-Fi on the Navigation bar
- Select 'Security' from the left-hand Menu bar.

Further Support

- Select Help on the Navigation bar in the Vodafone Mobile Wi-Fi Web app
- Select 'Support' from the left-hand Menu.

The Content area will show how to contact your mobile network operator.
