

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning ( Part 15.21 )** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device was tested for typical lap held operations with the device contacted directly to the human body to the back side of the notebook computer. To maintain compliance with FCC RF exposure compliance requirements, avoid direct contact to the transmitting antenna during transmitting SAR information. 0.11 W/kg@lg(body)

**Information to the User - Part 15.105 (b)** Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: \* Reorient or relocate the receiving antenna. \* Increase the separation between the equipment and receiver. \* Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. \* Consult the dealer or an experienced radio/TV technician for help.

**WiFi Pineapple NANO**

## Getting Started

Congratulations on your new WiFi Pineapple NANO!

For the best experience, browse to <https://WiFiPineapple.com/nano> and follow the guided setup for your particular host device.

While the setup process may differ depending on your host device's OS and network configuration, our guided setup will have you up and running with the latest software in short order.

There's a wealth of knowledge to tap into at WiFiPineapple.com, so be sure to check out the articles, modules, wiki and forums.

Welcome to the WiFi Pineapple community!
