

IMILAS EGO Outdoor Security Camera

User Manual

Product Introduction

Please read this instruction manual carefully before using the device and retain it for future reference.

Installation

The camera can be installed in the following ways:

- Wall-mount: The camera is mounted on a wall using a wall bracket and screws. The camera angle can be adjusted.
- Bracket-mount: The camera is mounted on a bracket, which can be attached to a wall or a pole. The camera angle can be adjusted.

Connecting the Device

The camera can be connected to a power source in the following ways:

- Power supply: The camera is connected to a power supply using a power cable.
- Battery: The camera is powered by a built-in battery.

Mapping with the Waterproofing Tape

The camera should be sealed with waterproofing tape to prevent water damage. The tape should be applied to the back of the camera and the mounting bracket.
