

CS8033 Bluetooth CF Card User Manual

CS8033 Bluetooth CF Card is a plug in unit for a Compact Flash host printer. It enables you to connect wirelessly to your Bluetooth enabled PC/laptop's, PDAs, and mobile phone for printing with encryption security.

To install the Bluetooth CF card, insert the CF card into the CF card slot on the Bluetooth capable printer. Restart the printer unit. Now the Bluetooth printer is ready to accept the print job wirelessly from a Bluetooth enable device with appropriate profiles.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This Class B digital apparatus complies with Canada RSS-210.
Cet appareil numérique de la classe B est conforme à la norme CNR-210 du Canada

According to FCC 15.21, please be cautioned that any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
