

# CS8077 Bluetooth Stereo Pendant and CS8082 Bluetooth Audio Adaptor **User Manual**

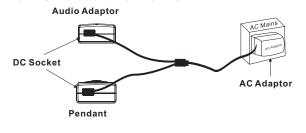

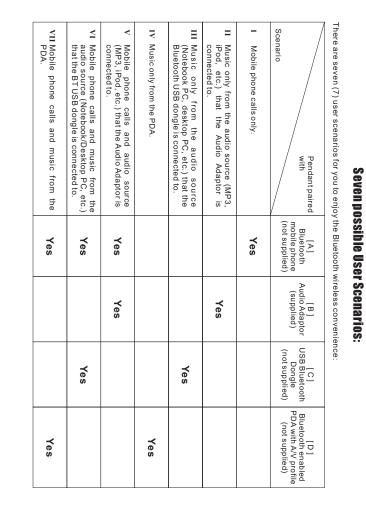

http://www.abe-hk.com

1. Charging and recharging the battery

Thank you for buying the new CS8077 Bluetooth Stereo Pendant and the new CS8082 Bluetooth Stereo Audio Adaptor pack. Before first time use, it is important to charge the battery of each of them for 6 hours. Connect the A/C power adaptor cable and the Y-cable together. And then, connect the two ends of the Y-cable to the Pendant's and the Audio Adaptor's DC socket. During recharging, the LED shows a steady red light. When the battery is fully charged, the Red LED is off.

### I. [A] Stereo Pendant paired with Bluetooth mobile phone Guide

1. Pairing

- a. While the Pendant is powered off, press and hold **9/8/>** button for 4 seconds The LED will flash red and green alternatively, which indicates the Pendant in Pairing Mode. The Pairing Mode will last for one minute.
- b. Follow the operating instructions of your Bluetooth mobile phone to start the pairing process. Typically, this has to be done by going to a setup or connect menu and then selecting the options to discover Bluetooth devices. It may take several seconds to establish a Bluetooth connection. Your phone's display should indicate that it has found the model name "CS8077"; and prompt you for a passkey or PIN. Enter a sequence of "0000"

- c. If the pairing is successful, the LED will flash green, which indicates it is in Standby Mode and ready to answer and receive mobile phone calls from it. If pairing does not occur as expected, turn the Pendant and the mobile phone off. Wait for 10 seconds and repeat the pairing process from the beginning
- 2. Answering incoming calls / Rejecting incoming calls
- a. When an incoming call is present, ring tones of speaker will be heardfrom the earpiece of the Pendant. Press 0/∎/► button will answer the call. Press ↔ button will reject the call.
- [Advace function] If the Pendant is connected with your mobile phone and another Bluetooth transmitter such as the Audio Adaptor simultaneously and you are listening to the music using the earpiece, a ring tone will prompt you. Press O/■/► button will answer the call. Press ◄ button will reject the call and you will continue listening to the music.
- 3. Ending calls

  - a. While a call is in session, press **Q/■/**► button will end the call. b. **[Advance function]** If the Pendant is connected with your mobile phone and another Bluetooth transmitter such as the Audio Adaptor simultaneously, press O/■/► button will end the call and you will continue listening to the music
- 4. Last number redial
- Last number reciai
  a. While the Pendant and Bluetooth mobile are in Standby Mode, press and hold the ►> button for 2 seconds to redial the last dialed number.
  b. [Advance function] If the Pendant is connected with your mobile phone and another Bluetooth transmitter such as the Audio Adaptor, press and hold the ►> button for 2 seconds to redial the last dialed number. Press **0/E/**► button to end the call as normal.
- 5. Adjusting speaker volume
- a. While a call is in session, pressing and releasing VOL + / VOL buttons will adjust the speaker volume
- [Advance function] While the Pendant is playing music, pressing / releasing VOL+ / VOL buttons will adjust the speaker volume.
- Activating voice dialing
  - When the Pendant is in standby mode, press and hold the button **4** for 2 when the Pendant is in standby mode, press and hold the button-art for 2 seconds until a long beep is heard. The Pendant is connecting to your mobile phone for voice dialing function. If the connection is successfully made, the phone will ask for the name of the person you wish to call. The call will be executed in a few seconds. If the connection is failed, the Pendant will beep and go back to standby mode. Before the Pendant entering into voice dialing mode, make sure the voice dialing function of the phone is enabled.

(ADVANCE FUNCTION) While the Pendant is playing the music, continuously pressing the button  $\blacktriangleleft$  will stop the music playing and a long beep will be heard, indicating that the Pendant is connecting with mobile phone for voice dialing function. If the connection is successfully made, the voice dialing can be executed according to the mobile phone's menu operations. If the connection is failed, the Pendant will beep and go back to music playing.

Remarks: Voice dialing function is not supported in Sony Ericsson K750i

5

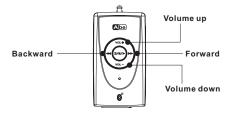

7.Transfer call

a. To transfer a call from the Pendant to your mobile phone

• If the mobile phone is enabled with the Hands-free profile, press the ► button while the call is in session and it will be transferred to your mobile phone.

 If the mobile phone is enabled with the Headset profile, follow the instructions of your mobile phone manual to do call transfers.

- b. To transfer a call from your mobile phone to the Pendant
- Follow the instructions of the mobile phone manual to do call transfers

### II. [B] Stereo Pendant paired with Stereo Audio Adaptor Guide

1. Pairing

- a. While the Pendant is powered off, press and hold 0/I/I button for 4 seconds. The LED will flash red and green alternatively, which indicates the Pendant in Pairing Mode. The Pairing Mode will last for one minute.
- b. While the Stereo Audio Adaptor is powered off, press and hold PLAY/STOP buttons for 2 seconds. The LED will flash red and green alternatively, which indicates the Audio Adaptor is in Pairing Mode. The Paring Mode will last for one minute.
- c. Put the Pendant and the Audio Adaptor close to each other, 0.5 to 3 meters. After a few seconds, their LED's will turn into flashing green, which indicates successful pairing. Both units are in Standby Mode and ready to transmit audio signal, or music from the audio source.
- 2. Listening to music
- a. After successful pairing, plug the jack of the Audio Adaptor to the 3.5 mm socket of any audio source such as iPod, MP3, CD player, Notebook PC, or others.
- b. Put the earpiece on.
- c. Play the music on the audio source as normal: you will listen to the stereo music from the earpiece.

- d. The speaker volume of the earpiece can be adjusted by pressing and releasing the VOL+/VOL- buttons.
- e. Turn the Pendant off after use. The Audio Adaptor will be turned off automatically. Next time, you don't need to pair them again. Turn them on, and then they will be paired automatically and ready to transmit music from the audio source.

#### III. IC 1 Stereo Pendant paired with USB Bluetooth Dongle Guide

#### 1.Pairing

- a. While the Pendant is powered off, press and hold **①/■/▶** for 4 seconds. The LED will flash red and green alternatively, which indicates the Pendant in Pairing Mode. The Pairing Mode will last for one minute.
- b. Put the Pendant, the USB Bluetooth dongle and the PC close to each other, 0.5 to 3 meters.

- 2. Listening to music
- a. After successful pairing, connect the Pendant and home HiFi or car audio system via line-in or RCA connection (cable not provided)
   (a) Line-in connection:

b. Follow the operation of instructions of your audio sources to play the music;

C. Turn off the Pendant after use.

# Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

#### IMPORTANT NOTE:

#### FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
