

IMPORTANT RW10 RADIO INFORMATION

RETAIN THIS SUPPLEMENT / GENERAL WARNING

Caution: This marking indicates that the user should read all included documentation before use. Retain this supplement for future reference.

Caution: Users of this product are cautioned to use accessories and peripherals approved by Intermecc Technologies Corporation. The use of accessories other than those recommended, or changes to the product that is not approved by Intermecc Technologies Corporation, may void the compliance of this product and may result in the loss of the user's authority to operate the equipment.

The module complies with Parts 15, 22, and 24 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that can cause undesired operation.

Radiation Exposure Statement

Warning: This equipment complies with International Commission on Non-Ionizing Radiation Protection (ICNIRP), IEEE C95.1, Federal Communications Commission Office of Engineering and Technology (OET) Bulletin 65, Canada RSS-102, and CENELEC limits for exposure to radio frequency (RF) radiation.

Use of antennas and accessories not authorized may void the compliance of this product and may result in RF exposures beyond the limits established for this equipment.

When installing and using this product, a 20-cm (or greater distance per MPE calculation) passing distance must be maintained from the body or head of the user or nearby persons and the antenna. The antenna must not be touched during transmitter operation.

When installing this radio module in products defined as "Portable", the appropriate regulatory testing and approvals are required prior to sales and marketing of the product. The user manual will contain the RF Exposure information for the portable product.
