Intrasonic  
Technology  
Limited

Thank you for purchasing the **Intrasonic® Technology Bluetooth® BT-Receiver** Add-on Device. Now you can enjoy Bluetooth® audio streaming technology for playing music from your phone, tablet or laptop. The power is supplied using a combination cable (2) with Mini USB plug on one end and Standard USB plug on the other. The mini USB end plugs into the device and the standard USB end plugs

into any (a) USB port or (b) 110V switching power supply (included) or USB Car Charger (not included). Also provided is a 3.5mm stereo audio cable (3) which you will plug into the auxiliary input of your stereo. To find the Bluetooth® device, search for the device name “**IST**” and pair it up to enjoy streaming music.

## **FCC STATEMENT**

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and

used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be

determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

## **FCC Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
