

Yes, you can.™

Meet basic needs like never before with the Invacare® P7E™ power chair. The P7E is designed to meet basic transportation and mobility needs easily and economically. Features such as the Limited Programmable version of the MKIV™-RII electronic control system and the quiet, efficient drives of the Invacare® Power 9000™ chair make the P7E a great value. For added mobility, performance features, and an economical price, choose the P7E. It's taking basic in a new direction.

## Highlights

- MKIV-RII-LP electronics
- Folds to 13" for transport
- Flipback desk- and full-length arms
- 250 lb. weight capacity

Components disassemble for easy transport

## Electronics Features

The MKIV-RII-LP delivers the same technology, compact size, features, and styling as the MKIV-RII.

- Separate MKIV -styled and -sized joystick and module are permanently attached

All specifications are approximate.

\* Base at 16" seat depth and P93 front riggings.

The Invacare® P7E™ is excellent indoors and good over outdoor surfaces that are firm and free of obstacles. For heavy-duty use, or for rugged terrain, consider Invacare's more heavy-duty models such as the Invacare Power 9000™, or Excel™ FWD chairs. Consult your health care professional to optimize product selection. Meets requirements of Medicare K0012 code.

- A** Jeweled Green 101P
- B** Electric Blue 62P
- C** Wet Black 24P
- D** Electric Red 61P
