Step 1: Software Setup

7. During the installation process you may be prompted to insert your USB Adapter. If your USB Adapter is not plugged into your computer at this time, you may insert it into an available USB 1.1-compliant port on your desktop or notebook computer, then click "OK" to continue. Click on "Cancel" to continue installation without the *Bluetooth* device inserted. Refer to the "Hardware Installation" section of this User Manual for instructions for installing the hardware.

Bluetoo	th device not found
	No Bluetooth device was detected. Please make sure that your Bluetooth device is plugged in properly and click 'OK' to continue installation. Click 'Cancel' to continue installation without the Bluetooth device.

Note: If at any time during the installation process you receive a "Driver Signature Notice", click "OK" to continue the installation process. 5

Step 1: Software Setup

8. Confirm the completion of the software installation; click "Finish" and restart the system if prompted to do so.

6

Step 1: Software Setup

Hardware Setup for Windows 98 SE, Me, 2000, and XP Follow these instructions to install your USB Adapter on your PC.

Note: Your USB Adapter is sensitive to static electricity, which can damage its delicate electrical components. To protect your device, always touch the metal chassis of your computer before handing the USB Adapter. This will ground any potential electrostatic discharge. Avoid touching the metal connector when handling the USB Adapter. Dry weather conditions or walking across carpeted floors may cause you to acquire an electrostatic charge.

1. Connect the USB Adapter directly to an

available USB A -type connector on yourdesktop or notebook computer. Your systemshould register a new USB device found.2. Choose "Install from a list or specific location";then click "Next".

Found New Hardware Wiz	ear d
	Welcome to the Found New Hardware Wizard This wizard helps you install software for:
	BCM2035B2
2 part	If your hardware came with an installation CD or floppy disk, insert it now.
	What do you want the wizard to do? Install the software automatically (Recommended) Install from a list or specific location (Advanced)
and the second second	Click Next to continue.
	< Back Next > Cancel

Step 2: Hardware Setup

3. Browse for the location of the device driver ":\Program Files \WIDCOMM\ Bluetooth\Software\bin\" then click "Next".

'lease cho	ose your search and installation options.
⊙ <u>S</u> earc	h for the best driver in these locations.
Use th paths	e check boxes below to limit or expand the default search, which includes local and removable media. The best driver found will be installed.
	Search removable media (floppy, CD-ROM)
	Include this location in the search:
	C:\Program Files\WIDCOMM\Bluetooth Software\bir 🖌 🛛 Browse
⊖ <u>D</u> on't	search. I will choose the driver to install.
Choos the dri	e this option to select the device driver from a list. Windows does not guarantee ver you choose will be the best match for your hardware.

4. If you receive the following "Hardware installation notice", click on "Continue Anyway" to continue with the installation process.

Softwar	e Installation
	The software you are installing has not passed Windows Logo testing to verify its compatibility with Windows XP. (<u>Tell me why</u> <u>this testing is important.</u>) Continuing your installation of this software may impair or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the software vendor for software that has passed Windows Logo testing.
	Continue Anyway STOP Installation

Step 2: Hardware Setup

5. A window will appear that confirms the completion of the hardware installation; click on "Finish" to complete the installation process.

Found New Hardware Wiz	ard
	Completing the Found New Hardware Wizard The wizard has finished installing the software for: Broadcom USB Bluetooth Device
	Click Finish to close the wizard.

Step 2: Hardware Setup

9

Uninstalling the Software for Windows 98 SE, Me, 2000, and XP Follow these instructions to uninstall your USB Adapter on your PC.

1. Insert the CD-ROM included with your USB Adapter.

2. This "InstallShield Wizard" should automatically load. If it does not load, explore the CD and run the "Setup.exe" file.

3. The "InstallShield" window should now appear. Click "Next" to continue with the uninstall process.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

FCC Caution : To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example - use only shielded interface cables when connecting to computer or peripheral devices).

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
