# 1.0   General Specifications

1-1   Appearance
There should be no notice liable scratches, contamination, or welding etc.
That affects the appearance. (product inspect specification standard Doc. No.)
There is case to make a limited sample to conform color between manufacturer and customer.

1-2  Outline, Dimensions and Material
Outline, Dimensions and Material shall be shown on the individual drawing.

| | |
|---|---|
| Length | 443mm |
| Width | 153mm |
| Height | 25mm |
| Weight | 412 g ± 10 g |
| Keys | 104 PCS |
| Body Color | Black |

Operation system environment
Win2000/Win XP/WINME/Vista/Win7/Win8/Android/Linux/Apple.

# 2.0 Environmental

2-1  Working temperature        -6 ℃  ~  +46 ℃

2-2  Working humidity            10 %   ~   80%RH

2-3  Storage temperature        -20 ℃  ~   +60 ℃

2-4  Storage humidity            -20℃-60℃

# 3.0 Mechanical

3-1       Pushbutton

| Items | Condition | Specifications |
| --- | --- | --- |
| Operation force | Operating on the center of Button Operating point  ∮6.5mm | 44±10g Max. |
| Operating stroke | | 5.0±0.3 mm |

3-2     Maximum use life

| Items | Condition | Specifications |
| --- | --- | --- |
| Maximum use life | Normal | 10000000 cycles Max. |

# 4.0   RF   2.4G

**4.1**        Working   Voltage      1.5V
**4.2**        Working   Current      25mA
**4.3**        Working   Distance   is   8-10 meters
**4.4**        Working   Frequency   2.4GHz

<u>**Keyboard**</u>

# 5.0 Electrical

5-1    Interface              2.4G

5-1-2   Power requirements 1.5.V DC      25mA   Max.

# 6.0 Working condition for compatible PC

PC Win2000/Win XP/WINME/Vista/Win7/Win8/Android/Linux/Apple.

**FCC Caution:**

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**IMPORTANT NOTE:**

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

**FCC Radiation Exposure Statement:**
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .
