JANUS™ HOT Interior OBU – 802120A User Manual

References: FCC: JQU 802120A
Industry Canada 2665A-802120A

The only manual/instructions provided to end user are the mounting instructions. There are no user modifiable features in the product.

The mounting instructions differ by vehicle type. The instructions are attached as Appendix 1.

The instructions also contain the FCC notice required by Part 15:

FCC License Notice - This device complies with part 15 of the FCC rules. Operation is subject to the condition that this device does not cause harmful interference.
