Aluminum Bluetooth Keyboard Workstation & Stand
Operation Manual

Thank you for purchasing the Aluminum Bluetooth Workstation. Please red this manual carefully before using this device. Store this in a safe location for future reference.

CHARGING THE BATTERY
1. For first time use, please charge the keyboard for at least 6 hours prior to using it. This is to fully maximize your lithium-ion battery. After doing so, each charge time should last roughly 2 hours when the battery runs low.
2. Your LED indicator light will blink when your battery is low. Charge your battery when you see this.
3. Do not force the mini USB charging cable into the port. When aligned properly, it will slide in.
4. Connect the USB end to a computer. The LED indicator light will turn red to indicate it is charging. When charging is complete, the LED indicator light will turn off automatically.

PAIRING YOUR KEYBOARD
Before using your keyboard, you have to pair it with your iPad. Pairing allows your keyboard to communicate wirelessly with your iPad. You only have to pair the two devices once.

1. Turn the keyboard to the ON position and press the "CONNECT" key on the keyboard.
2. The Bluetooth LED light should start blinking to indicate it is in pairing mode.
3. On your iPad, go to SETTINGS > GENERAL > BLUETOOTH

5. Slide the Bluetooth to the ON position. Your iPad will now begin searching for nearby Bluetooth devices. When the Bluetooth keyboard is found, it will appear in the list below.
6. Select Bluetooth Keyboard from the iPad screen.
7. Your Bluetooth Keyboard will now be paired with your iPad.

TROUBLESHOOTING
If the keyboard is not working, please check the following points:
1. Bluetooth is enabled on your iPad
2. Your Bluetooth Keyboard is on and within 33ft of your iPad
3. The password was entered correctly.

Try the following basic solutions
1. Restart the iPad or turn your Bluetooth setting off/on to reset it.
2. Your battery may be low. Charge your iPad or your Bluetooth Keyboard for an hour.
3. If you have accidentally pressed CONNECT on your keyboard while both devices are paired, you may need to re-pair the devices.

SPECIFICATIONS
Bluetooth: v3.0 Class II
Operation Distance: Up to 33ft (10m)
Operation Time: Up to 55 Hours
Standby Time: Up to 150 Hours
Voltage: <5V
Operation Current: <5mA
Charging Current: >100mA
Charging Time: Up to 5 Hours
Lithium Battery Life: Up to 3 Years

FCC Information and Copyright

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1)This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF warning statement: the device has been evaluated to meet general RF exposure requirement , The device can be used in portable exposure condition without restriction.
