

Safety Information Guide Authentication Unit (IC Card Type AU-201S)

Carefully read this information, and then store it in a safe place.

- Before using this device, carefully read this information and follow it to operate the device correctly.
- After reading this information, store it in the designated holder with the warranty.

■ Important information

- The reprinting or reproduction of the content of this publication, either in part or in full, is prohibited without prior permission.
- The content of this publication is subject to change without notice.
- This publication was created with careful attention to content; however, if inaccuracies or errors are noticed, please contact your sales representative.
- The marketing and authorization to use our company's product mentioned in this information are provided entirely on an "as is" basis.
- Our company assumes no responsibility for any damage (including lost profits or other related damages) caused by this product or its use as a result of operations not described in this information. For disclaimers and warranty and liability details, refer to the User's Guide Authentication Unit (IC Card Type AU-201S).
- This product is designed, manufactured and intended for general business use. Do not use it for applications requiring high reliability and which may have an extreme impact on lives and property. (Applications requiring high reliability: Chemical plant management, medical equipment management and emergency communications management)
- Use with other authentication devices is not guaranteed.
- In order to incorporate improvements in the product, the specifications concerning this product are subject to change without notice.

■ For safe use

	<ul style="list-style-type: none">• Do not use this product near water, otherwise it may be damaged.• Do not cut, damage, modify or forcefully bend the USB cable. A malfunction may occur as a result of a damaged or cut USB cable.• Do not disassemble this device, otherwise it may be damaged.
---	---

Caution

Do not store the IC card within 30 mm of the card scanning area.

■ Regulation notices

CE Marking (Declaration of Conformity) for users of the European Union (EU)

This product complies with the following EU directives: 2004/108/EC, 2006/95/EC and 1999/5/EC

This declaration is valid for the areas of the European Union (EU) or EFTA only.

This device must be used with a shielded interface cable.

The use of non-shielded interface cables is likely to result in interference with radio communications and is prohibited under 2004/108/EC rules.

D.o.C. is available at "<http://www.konicaminolta.eu/>".

USER INSTRUCTIONS FCC PART 15 - RADIO FREQUENCY DEVICES (For U.S.A. Users)

FCC: Declaration of Conformity	
Product Type	Authentication Unit (IC Card Type)
Product Name	AU-201S
(This device complies with Part 15 of the FCC Rules.) Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of this device.	

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

WARNING:

The design and production of this unit conform to FCC regulations, and any changes or modifications must be registered with the FCC and are subject to FCC control. Any changes made by the purchaser or user without first contacting the manufacturer will be subject to penalty under FCC regulations.

D.o.C. is available at "<http://kmbs.konicaminolta.us/>".

INTERFERENCE-CAUSING EQUIPMENT STANDARD (ICES-003 ISSUE 5) (For Canada Users)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device must be used with a shielded interface cable.

The use of non-shielded cables is likely to result in interference with radio communications and is prohibited under ICES-003.

For EU member states only

This symbol means: Do not dispose of this product together with your household waste!

Please refer to the information of your local community or contact our dealers regarding the proper handling of end-of-life electric and electronic equipments. Recycling of this product will help to conserve natural resources and prevent potential negative consequences for the environment and human health caused by inappropriate waste handling.
