4.2. Pairing to Mobile phone or other device

To use your Bluetooth Stereo Headphone, you must first pair your Stereo Headphone with a phone or a computer. Once your Bluetooth Stereo Headphone is paired to a specific mobile phone, they will remain paired and automatically recognize each other whenever they are within range.

Pairing to a phone and Entertainment:

- Turn on your phone and ensure its Bluetooth function is activated
- Turn on the Bluetooth Stereo Headphone to the pairing mode.
- Search your Bluetooth devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information.
- After a few second the phone will list the device as a discover device. Select it and follow your phone instruction to select this pairing.
- Then your phone will request a passkey or PIN, enter 0000 as your PIN or passkey.
- Your phone will confirm the pairing, and then press Yes/Ok.
- Finally, select to connect with device from your phone.
- You can play music; watch TV/movie and play game with your phone, then you can hear all the sound or music form the device. Also you can control the player by operating the device. Example, volume up and next music.

Pairing to a computer and Entertainment:

- If there is no Bluetooth function supported by your computer, a Bluetooth adapter is necessary. Fix the adapter with your computer and ensure its Bluetooth function is activated.
- Turn on the device go to the pairing mode.
- Open the Bluetooth software (such as BlueSoleil) installed on your computer, and selects "Search your Bluetooth devices" function. Refer to user manual of the Bluetooth software for more information.
- After a few second the " device name" will list in Bluetooth software of your computer as a discover device. Select this icon and click right button of mouse to select "pairing" item, then select "connect with audio device" with same operation.
- Open your media player soft to play music, watch TV/move and play game, then all the sound will be playback on your device.

4.3. Charging your device

The device is convenient to connect to AC charger or a USB charger with Micro USB port marked with. Make sure that your device is full charged for at least 6 hours before initial use. Insert one terminal of your charger to AC main or USB port of PC and other terminal to Micro USB. While charging, the red LED light constantly. 8. FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 -- Reorient or relocate the receiving antenna.
 -- Increase the separation between the equipment and receiver.
 -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 -- Consult the dealer or an experienced radio/TV technician for help.
