Hardware Installation
Note: Supports Windows 7/Vista/XP.
1. Connect the pico receiver to a USB port of a PC or notebook.
2. Make sure that you have turned on the power switch.

Software Installation
1. Put the CD into the CD-ROM.
2. Follow the instructions on the screen to finish the software installation.

3. After installation, you'll find the ioMedia icon   in the taskbar.

ioMedia Software
ioMedia provides a fast setting for six scene modes. In each scene mode, each button has a different function when you select it. Each feature is described on the next page.

1

i.	Device Selection
ii.	Scene Mode: Web Browsing, Music, Movie, Photo, Presentation and eBook
iii.	Product Photo
iv.	Button definition in each scene mode
v.	Set: Save the setting. (※) Exit: Exit from ioMedia. OK: Save the setting and exit from ioMedia. (※)

※ **Note:**

    (1). After you select each mode, the button function will not change immediately. You can still move the cursor and execute the left and right button.

    (2). Press ❶ and ❷ button together (as shown below) to execute the mode you have selected. Press them together again to return to Mouse Mode.

    (3). Press ❶,❷ and ❸ button together to return to Mouse Mode and open the ioMedia UI.

    (4). When you change the mode each time, the taskbar will show in the message bar

    [Music] to remind you.
