Smartphone system should be Android 5.0 or iOS 8 & above. Android users can download the App Ezzy360 from Google play store and iOS users can download the App Ezzy360 from App Store.

#### 5. Camera Accessory

- User Manual

#### 6. Camera specification

Lens: F2.0 FOV 190°  
Video format: 1920\*1080(1080p) 30FPS  
Storage: MicroSDHC  
Input Current: 1.5A  
Input Voltage: 5V  
Operating Temperature: -20°~+70C°  
Power: 1.8 Watt

#### FCC Radiation Exposure Statement

This device is also designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (USA).

The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. This product has also been tested against this SAR limited.

#### Warning

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

#### ROHS

This product is in compliance with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011, on the restriction of the use of certain hazardous substances in electrical equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- oReorient or relocate the receiving antenna.
  - oIncrease the separation between the equipment and receiver.
  - oConnect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - oConsult the dealer or an experienced radio/TV technician for help.
- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.
