TABLET PC

USER MANUAL

(English)

Brand Name: Kinwei
Model Name: PC1018
FCC ID: BRCPC1018

Content

1. Preface

Dear Customers,

Thanks very much for purchasing our product!

This Tablet PC is a built-in high performance Wi-Fi receiver module, supporting an external 3G USB-DONGLE wireless network card, using broadband wireless networks, breaking through the restraint of network cables; it will bring you into the portable media player world and fulfill your entertainment needs. It also supports picture browsing, e-book reading, games, online chat and other functions; various settings will fully show your individuality.

To operate this player easily, first, please read this User Manual included with the player. Then you will have a better understanding of the operations. Before operating this player, please carefully read all data we provide about the player, so that you will have a better understanding of the product and its operations.

The Company will not be responsible for any loss of personal data and damage caused by incorrect operation of the Software/Hardware, artificial damages, replacement of batteries or any other accident. To avoid loss of your data, please backup your data to your computer at all times.

Also, since we can not control any dispute from users' misunderstanding or incorrect operation against the manual, the Company will not take any relevant responsibility for any accidental loss potentially occurring in the process of using this manual.

Due to constant product development, the information in this manual is subject to change without any prior notice.

This manual is protected by copyright and no part is permitted to be copied or reproduced in any way without prior written permission of the Company.

The Company reserves the final explanation right of this manual, warranty as well as its related information.

(Note: When compiling this manual, we are very careful to provide you completely reliable

information. However, there is inevitably some error and oversight, please understand, and we welcome your suggestions. If any problem occurs during your use of this product, please immediately contact your local seller)

Thanks for your support and please pay attention to our other products。

2. Safety Notices

1) Please keep the Tablet PC away from strong magnetic fields in order to avoid damage to the product.
2) Please do not let the Tablet PC fall onto, rub against or knock against hard objects during use, because this may cause surface scratches on the Tablet PC, battery damage, data loss or other damage to the hardware.
3) Never let this product be exposed to a humid environment or rain as the water leaking into the Tablet PC could disable it to the extent of being beyond repair.
4) Never clean the Tablet PC with any chemicals or detergent, these will damage the product surface and corrode the finish.
5) You are recommended not to use the headset with the volume at its highest settings, please adjust the volume to an appropriate safe level and limit the amount of time you spend using headphones to avoid possible damage to your hearing. Excessive volume will cause permanent hearing damage.
6) Please do not cut off the power abruptly during software updates or downloading, because this may cause data loss or system errors.
7) Over-voltage, power cable strain and bending or squeezing of the power cable by heavy objects must be avoided to prevent the possibility of overheating or fire.
8) In order to eliminate the risk of electric shock, do not touch the cable power plug with wet hands.
9) Some movies, music and pictures are under the protection of copyright, unauthorized usage is deemed as an infringement to the laws of copyright.
10) Please don't turn on the Tablet PC on in locations where wireless equipment is forbidden or when the usage of the Tablet PC will cause interference and possible danger.
11) All the wireless equipment is subject to external interference and this can affect its performance.
12) Please comply with any related restrictions and rules, wireless equipment can influence the flight of the plane; please consult the relevant airline company if you intend to use the Tablet PC on a plane.
13) Please don't use the Tablet PC in a petrol station, or near to fuel or chemicals.
14) Please comply with any related restrictions and rules; do not use the Tablet PC where blasting operations are in progress.
15) Only qualified maintenance personnel can install or repair the Tablet PC. Opening the Tablet PC in any way will invalidate the warranty.
16) Please use the original accessories and battery provided with the Tablet PC, do not use the incompatible products.
17) The Tablet PC is not waterproof, please keep it dry.

18) For the sake of data safety, please back up any important information on the Tablet PC, or keep a handwritten record.

19) When the Tablet PC is connecting with other devices, please read the user manual for detailed safety instructions. Don't connect the Tablet PC to incompatible products.

20) Please upgrade device with enclosed optical disk when the device is set to operate in a different way.

Note: Android4.0 system using the MTP protocol transfer files, rather than the original MSC agreement (ordinary U disk), currently supports the MTP protocol only (10) in Windows Media Player and Media Player, Windows Media Player 11) and older version. If there are no updates to the above two versions of the Player, the computer will not recognize MID or existing file cannot be copied down, etc., please correct in the computer, which is connected with the MID above installed version of the Player, can be installed to the computer, do not need to run for connection to the mids.

H	DC port	External connect 5VDC adaptor
J	MINI USB	MINI_5PIN USB cable port
K	USB HOST	U flash disk，3G Dongle，mouse connected port or 3G SIM card port（this two choose one）
L	Camera	Rear Camera
M	Camera	Front Camera

3.3 Features Overview

Function instruction:
Processor/CPU- Adopt Intel Z3735G processor, Intel BayTrail T-CR Z3735G   1.83GHz, GPU Intel HD Graphics   646MHz
Operation System-support windows8.1 operation system
Built-in RAM-Support RAM1G DDR3L
Storage Memory-Support built-in ROM Flash memory eMMC 4GB/8GB/16GB/32GB (optional)

External T-Flash card 1GB-64GB

Display -Support 8" IPS screen 1280*800, multi-capacitive touch

Support Mpeg1/2, Mpeg4 SP/ASP GMC, H.263, H.264, WMV9/VC-1, VP8, etc formats. support 1080@60fps video display

Support JPG、JPEG、BMP、GIF etc picture formats.

Audio- Support MP2、MP3、WMA、WAV、OGG、FLAC、M4A、AAC、APE、3GP etc video formats, many kinds of EQ types. Support the lyrics synchronization and full page display lyrics

E-book -Support TXT、LRC、PDF、Html、Htm、EPUB etc, automatic browsing, zoom, bookmarks, text, etc.

Wifi -Support built-In WIFI Access to broadband wireless Internet, colorful software can operational in the ANDROIED system, Some commonly used software system: Internet Google browser (IE), video, books, etc

Record -Support built-In Microphone record function, support record and video function

Out put - Support USB(1XOTG 1XHOST),support external USB disk, mouse, keyboard, 3G dongle etc

Camera- Support 0.3M Front Camera and 2.0 M Back Cameras

Other function -Support G-sensor

Support stereo headphone and double speaker output

Language- multi- languages

3.4 Technical Specifications

| Unite Size	211.5*130.4*9.2	
Weight	0.54kg	
Panel	Size	8–inch IPS screen
	Resolution	1280*800
Computer port	USB port ,USB OTG 2.0/USB Host2.0 (MIC 5PIN to 4PIN HOST)	
CPU	Intel Z3735G， 1.83GHZ	
Storage	Flash Memory ： 16GB	
Ram	ROM：DDRIII 1 GB	
Extend storage	Support TF card, 1GB -64GB	
Power supply	Built-in rechargeable Lithium polymer battery (3.7V,3900MAH),External power adaptor(output:DC5V/2.5A)	
Music	Format	MP2、MP3、WMA、WAV、OGG、FLAC、M4A、AAC、APE、3GP etc.
	Earphone	（L）5mW＋（R）5mW（32Ohm）
	MP3	8Kbps ~ 392 Kbps

	Frequency	20Hz-20KHz
	SNR	90dB
	Distortion	＜0.05%

Video	Format	Support Mpeg1/2, Mpeg4 SP/ASP GMC, H.263, H.264,WMV9/VC-1, VP8,etc format
	Maximum resolution	1280*800
Picture	JPG、JPEG、BMP、GIF、etc	
E-book	Format	TXT、LRC、PDF、Html、Htm、EPUB, etc format
	Maximum capacity	5M
WIFI	Main core	RTL8723BS
	Speed	Max54Mbps
	Range	Max 20m
	Wifi System	b/g/n
Bluetooth	Main core	RTL8723BS
	Modulation	GFSK, π /4-DQPSK, 8DPSK
Record	Format	WAV
Working temperature	-10 ～ 50 ℃	

4 Quick Guides

4.1 Switch On/Off

Switch ON and Unlock: When the Tablet PC is in OFF mode, please press and hold the "POWER" key for 3 seconds to enter the Android startup process. The Tablet PC will take about 100 seconds to enter the system desktop with the display in locked mode. Please press and move right the icon to , the display will unlock automatically, see the image below:
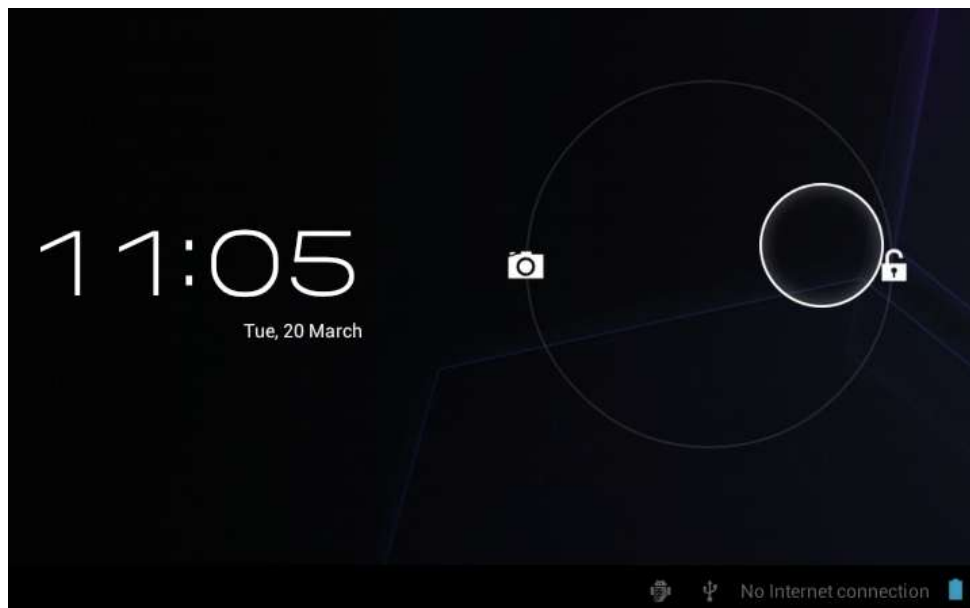

Power Saving Mode and Locked Mode: Pressing the "POWER" key when the Tablet PC is in use will result in the system entering SLEEP power save and locked mode. Press the "POWER"

key or tap the touch screen for 3 seconds, the Tablet PC will return the system to locked mode within 1 second.

Note: The primary operation of the Tablet PC will not stop under the power saving mode, just the display is turned off and showing a black screen with the Power light is on. This means that music play, movies play etc. will still continue running in the system.

Switch OFF: When the Tablet PC is in use, please press and hold the "POWER" key for 3 seconds, the screen will display the power off interface, choose the power off option to confirm your selection and the system will shut down automatically.

Note: When system halted or device under blank screen, please restart the device after device automatic power off by pressing reset key or long pressing power key for 6 second.

Note: When the Tablet PC is running low on battery power, it will sound an alarm and then shut down automatically if it isn't plugged into a power source to start charging. If the Tablet PC can't start up please check if the battery power is too low.

4.2 Battery Management and Charging

Note: Charge the battery at least 8 hours to make sure the battery is fully charged for the first time.

·Insert the adaptor into the DC slot on the Tablet PC, and connect the other side with the power socket. Then the Power indicating lamp on the top right side of the Tablet PC will turn purple, and the desktop icon of the battery ▮ keeps rolling to show it is charging. Note: Please wait until the battery is fully charged and do not disconnect the adaptor when charging.

·Once the battery is fully charged, the indicating lamp will change into blue, the Icon on the desktop ▮ will stop rolling.

· When the battery is exhausted completely, please charge at least 5 minutes before starting it up.

Note: In order to keep the battery working to its full potential, please pay attention to the following advice:

1) Don't charge the power in excessively high temperatures.

2) There is no need to run down the power for this Li-ion battery, you can charge the battery even when there is still power left in the battery without it affecting the lifespan of the battery.

3) In order to keep the battery in good condition, Make sure you charge it at least once every two weeks if the Tablet PC hasn't been used for a long time.

4.3 Operation of the Function Icons

User Manual

7.2 User's interface

7.3 Navegacion

The main screen contains the Main Menu of each chapter.
From here you can enter all of the chapters of course.
There are two methods of navigation between chapters.
You can move forwards and back from one chapter to another as shown in the following image.

Drag the tabs to navigate between chapters.

Drag lessons' panels for details of that lesson

In compounds chapters touch tabs to access that section

Once you enter a letter or a word in the "search query" in the dictionary, you can scroll through all the words in the dictionary, or choose the word that interests you to access more options

Once you choose a word from the list, you will see the dictionary.
From here you can:
- See the translation of the word.
- See the definition of the word.
- Practice writing.
- Listen to the pronunciation.
- Practice your pronunciation of the word.

Touch the panels to access the main menu of the lessons in this chapter

The main menu of the lessons allows access to each individual lesson and also displays information about your score and progress in each lesson.

To unlock the padlock and enter the next lesson, you should get 50% or more in the previous lesson
Once the lock is opened, you will see the blue button 'play' to begin the next lesson
As you progress through the chapter, you will have access to more lessons.
You can always go back and review the finished lesson to review topics or improve your score.

The lessons have several different types of activities, all complete with instructions and guidance. In all the lessons you can find the same functionality and continuity of concepts of user's interface.

8. **Firmware upgrade**

Press the POWER button to turn off the device before updating (NOTE: Press and hold the POWER button for at least 6 seconds if the device can not be turned on normally).
Insert the Driver CD and copy the file named "RK3028A Android Upgrade Tool" to your computer desktop (NOTE: The device can not be updated directly from CD),Then Open file "RKBatchTool.exe" in Folder "RK3028A Android Upgrade", click the button ▭ next Image and choose "update.img" from the popup window, click open, as shown in the picture below:

Hold down the MENU button on the device and without releasing it after device has been turned off; connect the device to the PC by the USB cable supplied with the device.

The "Found New Hardware Wizard" window will pop up on the bottom right corner as shown below. Choose "Install from a list or specific location (Advanced)", and then click "Next" to install the USB driver, see the picture below:

NOTE: The USB port of the PC must be USB2.0, or it cannot be used to update the device.

Select "Include this location in the search", and go to find "RK3028A Android Upgrade Tool" -"30xxDriver"-"x86"-"XP" then click "OK". The system will detect and install the driver automatically, finally click "Finish", see the pictures as below:

After the driver is installed successfully, "1" will turn green, see the picture as below：

Click "Upgrade"and begin to upgrade, during this process lots of information will be shown in the update status bar. No operation should be done at this time：

When waiting status bar shows: "*********Upgrade Done Success<1> Fail<0>********* "it means the upgrading is successfully. device will come to the main interface after run system.（Notes：Please don't disconnect the USB cable during the updating process because this will cause update failure or possible system failure of the device.）。

9. Troubleshooting and FAQ

9.1 Troubleshooting

9.1.1 Device can not connect to Wi-Fi
1) Ensure the wireless network is working by testing it using another wireless device.
2) Ensure the device and the wireless router is within the range of the wireless network to be connected too. Walls or other obstructions will reduce the possible distances between wireless devices.
3) Ensure the security password being used is correct.

9.1.2 Device doesn't turn on
1) You cannot turn on the device when the battery charge is below the critical level, please charge the battery.
2) Press the RESET button on the top of the device and check if it is restarting normally or not.
3) Check if the charger is connected correctly.

9.1.3 Heat Issues
When running multiple applications, using the screen on its brightest setting, or when being charged, this device can get quite hot. This is normal and should not cause any inconvenience when in use.

9.1.4 System has anomalies and doesn't work correctly
Installing some third-party applications may cause the system to operate incorrectly. Press the RESET button and perform a system reset to resolve this issue.

9.1.5 Cannot set E-mail Account or registration application
1) Ensure that the tablet is connected to a Wi-Fi network and can connect to the Internet.
2) Ensure your E-mail settings have been entered correctly for the account being accessed.
3) Make sure your system time and local time is correct.

9.1.6 Cannot record
Press the RESET button on the top of the device, and then check if the record function works correctly.

9.1.7 The stand-by time of the device is too short
1) The duration of the lithium battery varies with environmental temperature changes and the service conditions. If the environment temperature is too low or too high, the duration of the battery will be affected. It is recommended to use this device at normal temperature.
2) Battery life is dependent on usage. High volume, WIFI, and the frequent use may cause the battery to be drained at a higher rate.

9.1.8 No sound via earphone
1) Please check if the volume setting is 0.
2) Please check if audio file is broken, and try to play another audio file to confirm. If the audio file is broken, it may cause severe noise or static.

9.1.9 The color distortion of video or picture display
Press the RESET button on the top of the device to resolve this issue.

9.1.10 Cannot copy files
1) Please check if the device is connected to the computer correctly.
2) Please check if the memory space is full.
3) Please check if the USB cable is broken.

9.1.11 No sound or no image via HD Output.

1) Please check if the device is connected to an HD cable correctly, and the TV settings of the HD port is correct.

2) Please check if the HD cable is broken.

3) Press the RESET button on the top of the device, then check if the HD output function works correctly.

9.1.12 Other troubles

Please follow up the steps as below to fix the other troubles before you return the MID/Tablet to us:

1) Press the RESET button on the top of the device, and then check if the function works correctly;

2) Upgrade the firmware from the CD and restart the device and then check if the function works correctly.

9.2 Frequently Asked Questions

9.2.1 Will my existing eBooks be compatible with this device?

Most popular e-book formats that are not DRM protected are compatible as long as they are in a supported format: TXT, LRC, PDF, HTM, EPUB, etc. If they are not compatible, an application may be available on APKShare.com, which could assist you.

9.2.2 Will this device play High Definition video?

Yes, the maximum HD resolution is 1920x1080.

9.2.3 Can I add more storage?

Yes, there is a Micro SD card slot on the base of the unit, which supports up to 32GB of additional memory.

9.2.4 Can I use an external keyboard?

No, but there are applications on APKShare.com which may make on screen typing easier for you.

9.2.5 Can I run multiple applications at once?

Yes, if you plan on running several applications at the same time we recommend installing a task manager for the unit to run most efficiently.

9.2.6 Does this device support 3G?

You must use an external 3G USB dongle from your mobile service provider.

FCC   statement

This device complies with Part 15 of the FCC Rules: Operation is subject to the following two conditions:
     1. This device may not cause harmful interference and
     2. This device must accept any interference that is received, including any interfer ence that may cause undesired operation.

    *RF warning for Portable device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

    This device is acting as slave and operating in the 2.4 GHz (2412 ~2462 MHz) band.

    Ad Hoc function is supported but not able to operate on non-US frequencies. Do not use the device with the environment which below minimum -10 ℃ or maximum over 50℃ .

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which
 the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help
