1. Preface

Dear Customers,

Thanks very much for purchasing our product!

This Tablet PC is a built-in high performance Wi-Fi receiver module, supporting an external 3G USB-DONGLE wireless network card, using broadband wireless networks, breaking through the restraint of network cables; it will bring you into the portable media player world and fulfill your entertainment needs. It also supports picture browsing, e-book reading, games, online chat and other functions; various settings will fully show your individuality.

To operate this player easily, first, please read this User Manual included with the player. Then you will have a better understanding of the operations. Before operating this player, please carefully read all data we provide about the player, so that you will have a better understanding of the product and its operations.

The Company will not be responsible for any loss of personal data and damage caused by incorrect operation of the Software/Hardware, artificial damages, replacement of batteries or any other accident. To avoid loss of your data, please backup your data to your computer at all times.

Also, since we can not control any dispute from users' misunderstanding or incorrect operation against the manual, the Company will not take any relevant

MID User manual

responsibility for any accidental loss potentially occurring in the process of using this manual.

Due to constant product development, the information in this manual is subject to change without any prior notice.

This manual is protected by copyright and no part is permitted to be copied or reproduced in any way without prior written permission of the Company.

The Company reserves the final explanation right of this manual, warranty as well as its related information.

(Note: When compiling this manual, we are very careful to provide you completely reliable information. However, there is inevitably some error and oversight, please understand, and we welcome your suggestions. If any problem occurs during your use of this product, please immediately contact your local seller)

Thanks for your support and please pay attention to our other products

2. Safety Notices

1) Please keep the Tablet PC away from strong magnetic fields in order to avoid damage to the product.

2) Please do not let the Tablet PC fall onto, rub against or knock against hard objects during use, because this may cause surface scratches on the Tablet PC, battery damage, data loss or other damage to the hardware.

3) Never let this product be exposed to a humid environment or rain as the water leaking into the Tablet PC could disable it to the extent of being beyond repair.

4) Never clean the Tablet PC with any chemicals or

MID User manual

detergent, these will damage the product surface and corrode the finish.

5) You are recommended not to use the headset with the volume at its highest settings, please adjust the volume to an appropriate safe level and limit the amount of time you spend using headphones to avoid possible damage to your hearing. Excessive volume will cause permanent hearing damage.

6) Please do not cut off the power abruptly during software updates or downloading, because this may cause data loss or system errors.

7) Over-voltage, power cable strain and bending or squeezing of the power cable by heavy objects must be avoided to prevent the possibility of overheating or fire.

8) In order to eliminate the risk of electric shock, do not touch the cable power plug with wet hands.

9) Some movies, music and pictures are under the protection of copyright, unauthorized usage is deemed as an infringement to the laws of copyright.

10) Please don't turn on the Tablet PC on in locations where wireless equipment is forbidden or when the usage of the Tablet PC will cause interference and possible danger.

11) All the wireless equipment is subject to external interference and this can affect its performance.

12) Please comply with any related restrictions and rules, wireless equipment can influence the flight of the plane; please consult the relevant airline company if you intend to use the Tablet PC on a plane.

13) Please don't use the Tablet PC in a petrol station, or near to fuel or chemicals.

14) Please comply with any related restrictions and rules; do not use the Tablet PC where blasting operations are in progress.

15) Only qualified maintenance personnel can install or repair the Tablet PC. Opening the Tablet PC in any

MID User manual

way will invalidate the warranty.

16) Please use the original accessories and battery provided with the Tablet PC, do not use the incompatible products.

17) The Tablet PC is not waterproof, please keep it dry.

18) For the sake of data safety, please back up any important information on the Tablet PC, or keep a handwritten record.

19) When the Tablet PC is connecting with other devices, please read the user manual for detailed safety instructions. Don't connect the Tablet PC to incompatible products.

20) Please upgrade device with enclosed optical disk when the device is set to operate in a different way.

Note: When the Tablet PC is connected to the computer, the computer must be equipped the play for Windows Media Player 10, Windows Media Player 11 or above version.

3.4 Features Overview:

- ✧ **Adopts Rockchip RK3028A as the main chip, ARM Cortex A9, max frequency at 1.0GHz GPU Mail-400MP2 , support ANDROID 4.2;**
- ✧ **Support RAM 512M/1G DDR3 (optional);**
- ✧ **Build-in ROM Flash, 4GB/8GB/16GB/32GB (optional),**
- ✧ **Support max 32GB TF card.**
- ✧ **7 inch TFT Screen 800*480&1024*600 (optional), capacitive multi-point touch.**

MID User manual

- ✧ **Support MPEG-1, MPEG-2,MPEG-4, H.263, H.264, AVS, VC-1, RV etc audio formats, Max resolution support: 1920*1080/60fps。**
- ✧ Support JPG、JPEG、BMP、GIF、PNG、JFIF etc picture format, max resolution support:8000*8000.
- ✧ **Support MP1、MP2、MP3、WMA、WAV、OGG、OGA、APE、FLAC、AAC、M4A、3GPP etc audio formats and multi EQ modes, and support Lyrics synchronized display or full-page display.**
- ✧ Support TXT、LRC、PDF、Html、Htm、EPUB etc file formats, supports auto-browse, zoom, bookmarks, flip over functions.
- ✧ **Wi-Fi ready, you can connect with broadband wireless internet and operate various software in the Android 4.2 OS, the system preset parts of third software: Google browser, Online MP3, online novel, online video, E-book, etc.**
- ✧ Built-in microphone record/ voice call function。
- ✧ Supports USB-HOST function for external U-disk, Keyboard, Mouse & 3g dongle etc.
- ✧ Built-in 0.3MP front camera and 2.0MP back camera.
- ✧ Supports G-sensor screen rotation function
- ✧ Supports built-in speaker and external stereo earphone

MID User manual

- ✧ Supports multiple languages
- ✧ Can be used as a USB portable hard disk, driver not needed for WIN2000 or above.

Technical Specifications:

Display	size	7inch TFT
	resolution	1024*600
Interface	USB port, USB OTG 2.0/USB Host2.0 (MIC 5PIN shift 4PIN HOST)	
CPU	RK3028A, ARM Cortex A9 Max frequency at 1.0GHz	
Built-in Flash	Flash Memory : 8GB	
Built-in RAM	ROM: DDRIII 1G	
Capacity Expansion	Support TF Card 1GB~32GB	
Power Supply	Built-in 3.7V@2500mAH (still in pending) Lithium rechargeable battery; output:DC5V/1.5A Adaptor

4. Quick Guides

4.1 Switch On/Off

Switch ON and Unlock: When the Tablet PC is in OFF mode, please press and hold the “POWER” key for 3 seconds to enter the Android startup process. The Tablet PC will take about 100 seconds to enter the system desktop with the display in locked mode. Please press and move right the icon  to , the display will unlock automatically, see the image below:

MID User manual

Power Saving Mode and Locked Mode: Pressing the “POWER” key when the Tablet PC is in use will result in the system entering SLEEP power save and locked mode. Press the “POWER” key or tap the touch screen for 3 seconds, the Tablet PC will return the system to locked mode within 1 second.

Note: The primary operation of the Tablet PC will not stop under the power saving mode, just the display is turned off and showing a black screen with the Power light is on. This means that music play, movies play etc. will still continue running in the system.

Switch OFF: When the Tablet PC is in use, please press and hold the “POWER” key for 3 seconds, the screen will display the power off interface, choose the power off option to confirm your selection and the system will shut down automatically.

Note: When system halted or device under blank screen, please restart the device after device automatic power off by pressing reset key or long pressing power key for 6 second.

Note: When the Tablet PC is running low on battery power, it will sound an alarm and then shut down automatically if it isn't plugged into a

MID User manual

power source to start charging. If the Tablet PC can't start up please check if the battery power is too low.

4.2 Battery Management and Charging

Note: Charge the battery at least 8 hours to make sure the battery is fully charged for the first time.

Insert the adaptor into the DC slot on the Tablet PC, and connect the other side with the power socket. Then the Power indicating lamp on the top right side of the Tablet PC will turn purple, and the desktop icon of the battery  keeps rolling to show it is charging.

Note: Please wait until the battery is fully charged and do not disconnect the adaptor when charging.

Once the battery is fully charged, the indicating lamp will change into blue, the Icon on the desktop  will stop rolling.

· When the battery is exhausted completely, please charge at least 5 minutes before starting it up.

Note: In order to keep the battery working to its full potential, please pay attention to the following advice:

1) Don't charge the power in excessively high temperatures.

2) There is no need to run down the power for this Li-ion battery, you can charge the battery even when there is still power left in the battery without it affecting the lifespan of the battery.

3) In order to keep the battery in good condition, Make sure you charge it at least once every two weeks if the Tablet PC hasn't been used for a long time.

8 Troubleshooting

8.1 Tablet PC doesn't turn on

You can not turn on the Tablet PC when the battery charge is below the critical level, please charge the battery by USB connecting with computer or power adapter to make sure your power before attempting to turn on.

- ◆ Press the “RESET” key of the Tablet PC and

check if it is restarting is normally or not

- ◆ Check if the charger is connected correctly

8.2 **The stand-by time of the Tablet PC is too short**

- ◆ The duration of the lithium battery varies with environmental temperature changes and the service conditions. If the environment temperature is too low or too high, the duration of the battery will be affected. It is recommended to use the Tablet PC at normal temperature.
- ◆ Battery life is dependent on usage. High volume, WIFI and the frequent use may cause the battery to be drained at a higher rate. From usage point of view, the battery consumption is relatively with big screen, but also by increasing the volume, open the speaker, frequent operation and other factors, the actual use of the time there will be some differences.

8.3 **No sound via earphone**

Please check if the volume setting is 0

Please check if audio file is broken, and try to play another audio file to confirm. If the audio file is broken, it may cause severe noise or static

8.4 **Can not copy files**

Please check if the Tablet PC is connected to the

MID User manual

computer correctly

- ◆ Please check if the memory storage space is full
- ◆ Please check if the USB cable is broken.

FCC statement

This device complies with Part 15 of the FCC Rules: Operation is subject to the following two conditions:

1. This device may not cause harmful interference and
2. This device must accept any interference that is received, including any interference that may cause undesired operation.

*RF warning for Portable device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device is acting as host and operating in the 2.4 GHz (2412 ~2462 MHz) band.

Ad Hoc function is supported but not able to operate on non-US frequencies. Do not use the device with the environment which below minimum -10 °C or maximum over 50°C .

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
