

PCOS QUICK START GUIDE

IMPORTANT SAFETY PRECAUTIONS

- Always follow these basic safety precautions when using the unit. This will reduce the risk of product damage and personal injury.
- Do not disassemble, repair or modify the unit by yourself. Refer servicing to qualified personnel.
- Do not dispose of the unit in extreme heat to avoid explosion.
- Keep the unit away from direct sunlight or heat source.
- Do not expose the unit to rain or moisture to avoid any malfunction.
- Do not use the unit in a rather dry environment to avoid static.
- Never apply heavy impact on the unit like dropping it or placing it on a magnet.
- Clean only with a dry cloth. Make sure the unit is turned off before cleaning. Do not use liquid cleanser.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class C digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. **CAN ICES-3 (B)**
Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

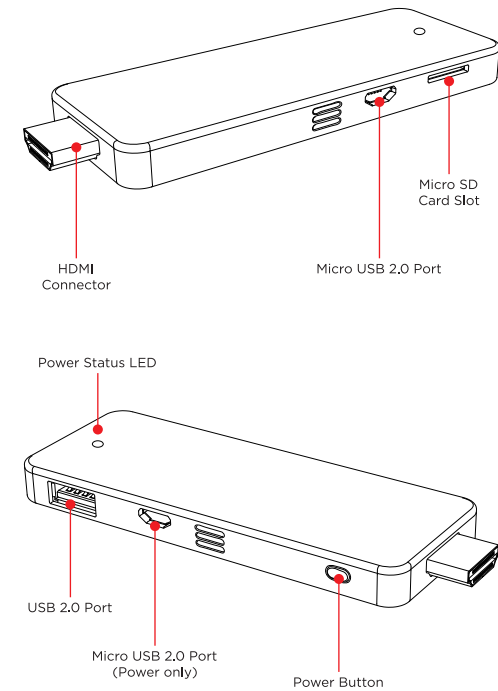

This device complies with Canadian ICES-003 and RSS-210. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Le présent appareil est conforme aux CNR d'industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil ne doit pas produire de brouillage, et
- 2) l'utilisateur de l'appareil doit accepter/brouillage radioélectrique subi même si le brouillage est susceptible d'encombrer le fonctionnement, mauvais fonctionnement de l'appareil. NMB-3 (B)

GETTING STARTED

Device Layout:

PACKAGING CONTENTS

SET UP

1. Insert the PC-on-a-stick into a free HDMI port on the side/back of a TV or Monitor. (Use the included HDMI Extension cable if necessary)
2. Connect the USB Adapter into a nearby AC outlet.
3. Connect one end of the MicroUSB Cable into the USB Adapter and the other end into the PC-on-a-stick (Power port).
4. Connect the dongle from a 2.4GHz Wireless Keyboard/Mouse into the full size USB port on the PC-on-a-stick, which will allow for initial setup. (Alternatively, a wired Keyboard/Mouse may be used for initial setup.)
5. Turn on the TV or Monitor and select the input that matches the HDMI port the PC-on-a-stick is connected to.
6. Press and hold the power button on the PC-on-a-stick for 3 seconds to power it on.
7. Please follow instructions on screen to complete the setup.
