Powering Performance...
Company-wide

TASKalfa 

 KYOCERA

The Quality, Versatility and Cost-effective Speed You Need

Designed with superior speed and robust performance, the TASKalfa 4500i easily tackles even the most demanding black & white document imaging requirements at 45 ppm. **Advanced finishing options** help make a statement by adding the professional polish your output deserves while a **full array of features**, including color scanning, USB Host interface and optional fax bring **enhanced functionality**. Further optimize your TASKalfa 4500i with powerful and scalable **integrated business applications** that help simplify your document workflow and facilitate your business processes.

Kyocera's **award-winning ultra-reliability** and unique long-life technology ensure superior performance, proven productivity and maximum efficiency. When it comes to document imaging innovation and quality you can rely on, the TASKalfa 4500i delivers.

Innovation for Your Office through Feature-Rich Design

The TASKalfa 4500i is strong on features and configurations, offering the flexibility to scale your MFP to the specific needs of your enterprise. It's all about feature-rich design with a focus on value and exceptional color functionality.

Only From Kyocera

Kyocera Mita Corporation is a global leader in the digital imaging industry, with an award-winning line of TASKalfa multifunctional systems and ECOSYS laser printers, products that consistently set the standard for high performance, superior image quality, ease-of-use and durability. Along with a full complement of advanced business applications and networking solutions, Kyocera's robust product line supports your need for maximum productivity at minimal total cost.

Kyocera continually strives to raise the bar for excellence in both products and service for exceptional results you and your business can count on.

Keeping the Future Green

Kyocera is committed to pursuing a harmonious balance between economic development and environmental preservation. We adhere to the goals of our worldwide Environmental Action Plan in developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising your productivity.

- An integrated 10.2" **Color Touch-screen Control Panel** offers exceptional clarity and easy viewing. Intuitive prompts, on-board help guidance and accessibility display, make programming your jobs from the device quick and effortless.
- **Standard connectivity** features including standard Gigabit Ethernet, offer seamless integration within virtually any network environment or platform.
- The ability to choose between an optional 175-sheet **Dual Scan Document Processor** or a 100-sheet **Reversing Automatic Document Processor** enables super fast scan speeds of up to 160 images per minute.
- A standard **USB Host Interface** provides convenient print-from or scan-to capabilities for today's 'on the go' workforce in XPS, PDF, JPEG and TIFF.
- The optional **4,000-sheet and 1,000-sheet finishers** provide the professional touch your output deserves. Add the 7 bin mailbox and booklet/trifold unit to the 4,000-sheet finisher, and you can efficiently handle large production runs in-house, optimizing time and minimizing costs.
- Kyocera's **long life technology** and '**class leading**' drum yields deliver extended preventive maintenance intervals and maximize device "uptime". This adds up to ultra-reliable operation and a low total cost of ownership.
- **Kyocera Command Center RX**, the MFP's embedded web home page, gives you the remote access you need to check device status, establish system settings, or access stored Document Box files from your desktop.
- An **impressive toner yield** of 35,000 pages allows you to run high quality print jobs in crisp black & white, maximizing productivity and minimizing interruption.

The Power to Take Control of Everyday Tasks and Keep Information Moving

Information is your most important business asset, and you need a 'no holds barred' document imaging system to keep it flowing seamlessly. The TASKalfa 4500i raises the bar on core functionality with unparalleled efficiency:

- **Crisp print and copy output capabilities** power your communications via robust paper handling up to 12" x 18" and 110 lb cover, plus a remarkable 7,150 sheet paper capacity option for long print runs and minimal interruptions.
- **Secure Document Box** lets you keep frequently used documents close at hand for hassle free printing, secure file sharing and pin-based Private Print.
- Pre-program and store commonly used copy, scan and print settings at the control panel and the KX Driver to simplify your daily tasks.
- Optional **Super G3, LAN Fax and Dual Fax** capability add versatility while leveraging your investment in an MFP.

Enhanced MFP Performance... Powered by HyPAS®

Enhance your TASKalfa 4500i's capability with unique and scalable business applications, powered by HyPAS –Kyocera's powerful software development platform. These applications, developed by Kyocera or by our third-party solution partners, allow your business to further optimize your TASKalfa MFPs' "out-of-the-box" performance. Kyocera applications transform your MFP into a powerful resource that suits your existing document imaging and workflow needs today, as well as delivers the flexibility you need for tomorrow.

Kyocera's expanding suite of business applications include:

- **Capture2Go** - Mobile printing and scanning for your Apple iPhone, iPad and iPod Touch.
- **OpenText RightFax** - Scan and send documents to the RightFax server directly from TASKalfa MFPs for full fax server integration.
- **SharePoint Connector** - Microsoft SharePoint users can scan documents into their SharePoint folder and search/print directly from the TASKalfa MFP control panel.
- **Card Authentication** - Authenticate, Authorize and Track individual MFP usage with the simple swipe of a HID-card.
- **DMS Link** - Connect your TASKalfa MFP to popular document management systems like SentryFile and Laserfiche for document capture and routing.
