Specification

ITEM	Description
Bluetooth® specification	2.1 (Headset / Handsfree / A2DP)
Battery	Battery 3.7V / 195mAh Li-Polymer
Standby time / Talk time	Up to 350Hrs / Up to 10Hrs
Music play time	Up to 10 Hrs
Charging time	< 2Hrs
Operation temperature	-10°C ~ 60°C
Dimension / Weight	135.6mm(W) X 167.3mm(L) X 16.9mm(T) / 32g

Pairing

- Before using the headset for the first time, you must pair it with a Bluetooth-enabled handset.
- To pair your headset with an additional handset, the headset must be placed in Pairing Mode.
- There are 2 Pairing Mode Methods with the HBS-700.

Easy Pairing (First Time Pairing)

1. Move the power switch to the 'ON' side. to turn on the HBS-700. When the headset enters Pairing Mode, the LED indicator will show a solid blue light.
2. Using your handset, find the Bluetooth Menu and "search for" or "add" new devices.
 - Select "LG HBS-700" from the list of devices and pair it with your handset.
3. If asked for the Pass/PIN code please enter "0000" (4 Zeros).*
 - * Note : If your headset supports Secure Simple Pairing (SSP), you will not need to enter Pass/PIN code.
 - Once pairing has completed successfully, you will hear a beep.
4. Some handsets might ask for permission to access the phone's contact list. If you receive a message from your handset, please select "OK" or "Allow access"
 - The HBS-700 will automatically turn off if not paired within 3 minutes.

Manual Pairing (Pairing with another phone or re-pairing)

- With the Power off, press the CALL button and move the power switch to the 'ON' side at the same time for 4 seconds.
- When the headset enters Pairing Mode, the LED indicator will show a solid blue light. After the procedure repeat Easy Pairing steps 2 through 4.

Controls

Power on / Power off

- Move the power switch to the 'ON' or 'OFF' side.

Volume Control

- Briefly press the VOLUME button.

Charging

- When the charger is connected, with the power on or off, the headset will turn off.
- While charging, the LED indicator will show a solid red light.
- When charging is complete, the LED indicator will turn off.

Battery status check

- Press and hold the VOLUME DOWN button for 3 seconds.
- There are 3 levels of battery status

attery status	High	Medium	Low
LED display	Solid blue for 1 seconds	Solid violet for 1 seconds	Solid red for 1 second

Low battery

- An announcement will be made once every 30 seconds.
- If the battery is not charged, the headset will turn off.

Answering a call / Ending a call

- Briefly press the CALL button.

Last number redial*

- Press and hold the CALL button for 1 second to activate "Last Number Redial".
The headset will beep, and call the last number dialed.

Making a call

- If you make a call from the headset, the call will (subject to phone settings) automatically transfer to the headset. If the call is not automatically transferred, you can manually transfer the call by press and hold VOLUME UP button for 3 seconds.

Voice dialing*

- Briefly press the CALL button to activate "Voice Command".
NOTE: If the headset does not support Voice Dialing, it is possible that performing this action will activate Last Number Redial.

Transferring a call*

- While on a call on your headset, press and hold VOLUME UP button for 3 seconds to transfer the audio either from headset to handset or from handset to headset.

Call waiting*

- Answer a second call without hanging up the first call by pressing the CALL button for 1 second (you will hear a beep). Press the CALL button for 1 second to turn to the original call.
- Briefly press the CALL button to terminate the active call or both calls at once. (subject to handset's support)

Call Reject*

- Press the CALL button for 1 second when the handset rings.

Out of range

- Operating range up to 10 meters (approximately 33 ft)
- If the headset and handset do not automatically reconnect when they are back within the required range, briefly press the CALL button on the HBS-700 to reconnect manually.
- * It is possible to use these functions only when your headset supports them. For further information about using these features, please consult your headset's user manual.

Audio streaming

- PLAY : Briefly press the PLAY/PAUSE Button.
- PAUSE : Briefly press the PLAY/PAUSE button.
- STOP : Briefly press the PLAY/PAUSE button.
- NEXT SONG : Briefly press the FF button.
- PREVIOUS SONG : Briefly press the REW button.
- FAST FORWARD : Press and hold the FF button.
- REWIND : Press and hold the REW button.
- Music Enhancement (Equalizer) : Press and hold VOLUME UP and VOLUME DOWN buttons simultaneously for 1 second to switch between EQ's (Normal or Bass).

Multi-connection

- In Multi-Connection mode, your headset can only be used to make/receive calls, not to listen to music.
- To enter Multi-Connection mode:
 1. Connect your HBS-700 to a handset.
 2. Power off the HBS-700
 3. Place your HBS-700 into pairing mode and pair/connect to a Bluetooth Stereo enabled audio device (not your handset). (This Bluetooth Stereo enabled audio device must only support the A2DP/AVRCP profiles, not the headset/hands-free profiles)
 3. Place your HBS-700 into pairing mode and pair/connect to a Bluetooth Stereo enabled audio device (not your handset). (This Bluetooth Stereo enabled audio device must only support the A2DP/AVRCP profiles, not the headset/hands-free profiles)
 4. Once the Bluetooth Stereo enabled device is paired and connected, press the CALL button once briefly on the HBS-700 to reconnect with the headset (only the headset/handsfree profile will connect).
 5. The headset is now paired with the headset/hands-free profile of the HBS-700. The Bluetooth Stereo enabled audio device is paired with A2DP/AVRCP stereo profiles.

- * Note: In order to access Multi-Connection mode, at least one of the two devices you are trying to connect to the HBS-700 must be able to select a profile, OR one of the two devices must only support one profile (Either Headset/Hands-free or A2DP/AVRCP). For example: Two handsets which support both the Headset/Hands-free and A2DP/AVRCP profiles cannot be connected to the HBS-700 simultaneously. But, one handset supporting Headset/Hands-free/A2DP/AVRCP and a Bluetooth Stereo Dongle supporting only A2DP/AVRCP is OK.

LED indication

Function	HBS-700 Status	Action
Operating	Power on	The blue LED light flickers 4 times.
	Power off	The blue LED light flickers 4 times and then turns off.
	Pairing mode	The blue LED light stays on.
	Headset / hands-free profile connected	The blue LED light flickers 2 times every 5 seconds.
	Call connected	The blue LED light flickers 2 times every 5 seconds.
Charging	Charging	The blue LED stays on.
	Charging complete	LED turns off.

Troubleshooting

Does not turn on	Check whether the battery of the HBS-700 is fully charged.	Charge the battery.
Unable to communicate with the LG Bluetooth® Headset HBS-700	Check whether the handset supports the headset or hands-free Bluetooth profiles.	Determine whether your handset supports the headset or hands-free Bluetooth profiles.
	Check whether the battery of the HBS-700 is low.	Charge the battery.
Unable to pair the HBS-700 with the Bluetooth® device	Check and make sure the headset is on.	Press and hold the CALL button for 3 seconds to turn on the headset.
	Check and make sure the headset is placed in pairing mode.	With the power off, press and hold the CALL button for 4 seconds to manually place the headset in pairing mode.
Low sound (speaker)	Check the speaker volume.	Increase the volume level.

Precautions

Do not drop the unit from high places.

Do not modify, repair, or take apart.

Do not expose directly to water, alcohol, benzene, etc. for cleaning.

Do not expose directly to flammables.

Do not place or keep the unit near flammables.

Keep unit away from humidity & dust.

Do not place heavy objects on the unit.

Only use the headset with an original LG charger, otherwise it may be damaged.

- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- There is a risk of explosion if the battery is replaced by an incorrect type.
- Dispose of used batteries according to the instructions.

Declaration of Confirmation

FCC NOTICE TO USERS :

This device complies with part 15 of the FCC rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE :

To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.

Hereby, LG Electronics Inc. declares that this HBS-700 is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

1. Radio frequency exposure

This Bluetooth® Headset, HBS-700, is a radio transmitter and receiver. When in operation, it communicates with a Bluetooth® equipped mobile device by receiving and transmitting radio frequency (RF) electromagnetic fields (microwaves) in the frequency range 2.4 to 2.4835 GHz. The output power of the radio transmitter is low, Your Bluetooth® Headset is designed to operate in compliance with the RF exposure guidelines and limits set by national authorities and international health agencies when used any compatible LG Electronics mobile phone.

2. Potentially explosive atmosphere

Turn off your electronic device when in any area with a potentially explosive atmosphere. It is rare, but your electronic device could generate sparks. Sparks in such areas could cause an explosion or fire resulting in bodily injury or even death. Areas with a potentially explosive atmosphere are often, but not always, clearly marked.

3. Battery information

A rechargeable battery has a long service life if treated properly. A new battery or one that has not been used for a long period of time could have reduced capacity the first few times it is used. Do not expose the battery to extreme temperatures, never above +60°(+140°F) or under -20°(-4°F). For maximum battery capacity, use the battery in room temperature. If the battery is used in low temperatures, the battery capacity will be reduced. The battery can only be charged in temperatures between +10°(+50°F) and +45°(+113°F). For your safety, do not remove the battery incorporated in the product. If you need to replace the battery, take it to the nearest authorised LG Electronics service point or dealer for assistance.

4. Recycling the battery in your Bluetooth® Headset

The battery in your Bluetooth® Headset must be disposed of properly and should never be placed in municipal waste. The LG Electronics service partner removing battery will dispose of it according to local regulations.

5. Conditions

- The warranty is valid only if the original receipt issued to the original purchaser by the dealer, specifying the date of purchase and serial number, is presented with the product to be repaired or replaced. LG Electronics reserves the right to refuse warranty service if this information has been removed or changed after the original purchase of the product from the dealer.

- This Warranty does not cover any failure of the product due to normal wear and tear, or due to misuse, including but not limited to use in other than the normal and customary manner, in accordance with instructions for use and maintenance of the product. Nor does this warranty cover any failure of the product due to accident, modification or adjustment, acts of God or damage resulting from liquid.
- This warranty does not cover product failures due to improper repair installations, modifications or service performed by a non-LG Electronics authorized person. Tampering with any of the seals on the product will void the warranty.

6. Do no use for emergency calls.

Limited Warranty

Subject to the conditions of this Limited Warranty, LG Electronics warrants this product to be free from defects in design, material and workmanship at the time of its original purchase by a consumer, and for a subsequent period of one (1) year. Should your product need warranty service, please return it to the dealer from whom it was purchased or contact your local LG Electronics contact center to get further information.

Important safety information

Avoiding hearing damage Permanent hearing loss may occur if you use your Headset at a high volume. Set the volume to a safe level. You can adapt over time to a higher volume of sound that may sound normal but can be damaging to your hearing. If you experience ringing in your ears or muffled speech, stop listening and have your hearing checked. The louder the volume, the less time is required before your hearing could be affected. Hearing experts suggest that to protect your hearing:

- Limit the amount of time you use Headset at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can't hear people speaking near you.

Please refer to your handset user guide for more information on how to adjust listening levels on your handset.

Using Headsets safely Use of Headsets to listen to music while operating a vehicle is not recommended and is illegal in some areas. Be careful and attentive while driving. Stop using this device if you find it disruptive or distracting while operating any type of vehicle or performing any other activity that requires your full attention.
