

Congratulations on your purchase of the advanced and compact KS360 phone by LG, designed to operate with the latest digital mobile communication technology.

Disposal of your old appliance

- 1** When this crossed-out wheeled bin symbol is attached to a product it means the product is covered by the European Directive 2002/96/EC.
- 2** All electrical and electronic products should be disposed of separately from the municipal waste stream via designated collection facilities appointed by the government or the local authorities.
- 3** The correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health.
- 4** For more detailed information about disposal of your old appliance, please contact your city office, waste disposal service or the shop where you purchased the product.

Part 15.21 statement

" Change or Modifications that are not expressly approved by the manufacturer could void the user's authority to operate the equipment. "

Part 15.105 statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. if this equipment does cause harmful interference or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

LIMITED WARRANTY STATEMENT

1. WHAT THIS WARRANTY COVERS:

LG offers you a limited warranty that the enclosed subscriber unit and its enclosed accessories will be free from defects in material and workmanship, according to the following terms and conditions:

- (1) The limited warranty for the product extends for ONE (1) year beginning on the date of purchase of the product.
- (2) The limited warranty extends on to the original purchaser of the product and is not assignable or transferable to any subsequent purchaser/end user.
- (3) This warranty is good only to the original purchaser of the product during the warranty period as long as it is in the U.S., including Alaska, Hawaii, U.S. Territories and Canada.
- (4) The external housing and cosmetic parts shall not be covered under these limited warranty terms.
- (5) Upon request from LG, the consumer must provide information to reasonably prove the date of purchase.
- (6) The customer shall bear the cost of shipping the product to the Customer Service Department of LG. LG shall bear the cost of shipping the product back to the consumer after the completion of service under this limited warranty.

2. WHAT THIS WARRANTY DOES NOT COVER:

- (1) Defects or damages resulting from use of the product in other than its normal and customary manner.
- (2) Defects or damages from abnormal use, abnormal conditions, improper storage, exposure to moisture or dampness, unauthorized modifications, unauthorized connections, unauthorized repair, misuse, neglect, abuse, accident, alteration, improper installation, or other acts which are not the fault of LG, including damage caused by shipping blown fuses spills of food or liquid.
- (3) Breakage or damage to antennas unless caused directly by defects in material or workmanship.
- (4) That the Customer Service Department at LG was not notified by consumer of the alleged defect or malfunction of the product during the applicable limited warranty period.
- (5) Products which have had the serial number removed or made illegible.
- (6) The limited warranty is in lieu of all other warranties, express or implied either in fact or by operations law, statutory or otherwise, including, but limited to any implied warranty of marketability or fitness for a particular use.
- (7) Damage resulting from use of non-LG approved accessories.
- (8) All plastic surfaces and all other externally exposed parts that are scratched or damaged due to normal customer use.
- (9) Products operated outside published maximum ratings.
3
- (10) Products used or obtained in a rental program.
- (11) Consumables (such as fuses).

3. STATE LAW RIGHTS:

No other express warranty is applicable to this product. THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MARKETABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY HEREIN. LG INFOCOMM INC. SHALL NOT BE LIABLE FOR THE LOSS OF THE USE OF THE PRODUCT, INCONVENIENCE, LOSS OR ANY OTHER DAMAGES, DIRECT OR CONSEQUENTIAL, ARISING OUT OF THE USE OF, OR INABILITY TO USE, THIS PRODUCT OR FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MARKETABILITY APPLICABLE TO THIS PRODUCT. Some states do not allow the exclusion of incidental or consequential damages or limitations on how long an implied warranty lasts; so these limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

4. HOW TO GET WARRANTY SERVICE:

To obtain warranty service, please call the following web address:

www.lgeservice.com

For Your Safety

Important Information

This user guide contains important information on the use and operation of this phone. Please read all the information carefully for optimal performance and to prevent any damage to or misuse of the phone. Any changes or modifications not expressly approved in this user guide could void your warranty for this equipment.

Before You Start

Safety Instructions

WARNING! To reduce the possibility of electric shock, do not expose your phone to high humidity areas, such as the bathroom, swimming pool, etc.

Always store your phone away from heat. Never store your phone in settings that may expose it to temperatures less than 32°F or greater than 104°F, such as outside during extreme weather conditions or in your car on a hot day. Exposure to excessive cold or heat will result in malfunction, damage and/or catastrophic failure.

Be careful when using your phone near other electronic devices. RF emissions from your mobile phone may affect nearby in adequately shielded electronic equipment. You should consult with manufacturers of any personal medical devices such as pacemakers and hearing aides to determine if they are susceptible to interference from your mobile phone.

Turn off your phone in a medical facility or at a gas station. Never place your phone in a microwave oven as this will cause the battery to explode.

IMPORTANT! Please read the TIA SAFETY INFORMATION on page 78 before using your phone.

Safety Information

Read these simple guidelines. Breaking the rules may be dangerous or illegal. Further detailed information is given in this user guide.

- ▶ Never use an unapproved battery since this could damage the phone and/or battery and could cause the battery to explode.
- ▶ Never place your phone in a microwave oven as it will cause the battery to explode.
- ▶ Do not dispose of your battery by fire or with hazardous or flammable materials.
- ▶ Make sure that no sharp-edged items come into contact with the battery. There is a risk of this causing a fire.
- ▶ Store the battery in a place out of reach of children.
- ▶ Be careful that children do not swallow any parts such as rubber plugs (earphone, connection parts of the phone, etc.). This could cause asphyxiation or suffocation.

- ▶ Unplug the power cord and charger during lightning storms to avoid electric shock or fire.
- ▶ When riding in a car, do not leave your phone or set up the hands-free kit near to the air bag. If wireless equipment is improperly installed and the air bag is activated, you may be seriously injured.
- ▶ Do not use a hand-held phone while driving.
- ▶ Do not use the phone in areas where its use is prohibited. (For example: aircraft).
- ▶ Do not expose the battery charger or adapter to direct sunlight or use it in places with high humidity, such as a bathroom.
- ▶ Never store your phone in temperatures less than -4°F or greater than 122°F.
- ▶ Do not use harsh chemicals (such as alcohol, benzene, thinners, etc.) or detergents to clean your phone. There is a risk of this causing a fire.
- ▶ Do not drop, strike, or shake your phone severely. Such actions may harm the internal circuit boards of the phone.
- ▶ Do not use your phone in high explosive areas as the phone may generate sparks.
- ▶ Do not damage the power cord by bending, twisting, pulling, or heating. Do not use the plug if it is loose as it may cause a fire or electric shock.
- ▶ Do not place any heavy items on the power cord. Do not allow the power cord to be crimped as it may cause fire or electric shock.
- ▶ Do not handle the phone with wet hands while it is being charged. It may cause an electric shock or seriously damage your phone.
- ▶ Do not disassemble the phone.
- ▶ Do not place or answer calls while charging the phone as it may short-circuit the phone and/or cause electric shock or fire.
- ▶ Only use the batteries, antennas, and chargers provided by LG. The warranty will not be applied to products provided by other suppliers.
- ▶ Only authorized personnel should service the phone and its accessories. Faulty installation or service may result in accidents and consequently invalidate the warranty.
- ▶ Do not hold or let the antenna come in contact with your body during a call.
- ▶ An emergency call can be made only within a service area. For an emergency call, make sure that you are within a service area and that the phone is turned on.

FCC RF Exposure Information

WARNING! Read this information before operating the phone. In August 1996, the Federal Communications (FCC) of the United States, with its action in Report and Order FCC 96-326, adopted an updated safety standard for human exposure to radio frequency (RF) electromagnetic energy emitted by FCC regulated transmitters. Those guidelines are consistent with the safety standard previously set by both U.S. and international standards bodies.

The design of this phone complies with the FCC guidelines and these international standards.

CAUTION

Use only the supplied and approved antenna. Use of unauthorized antennas or modifications could impair call quality, damage the phone, void your warranty and/or result in violation of FCC regulations. Do not use the phone with a damaged antenna. If a damaged antenna comes into contact with skin, a minor burn may result. Contact your local dealer for a replacement antenna.

Body-worn Operation

This device was tested for typical body-worn operations with the back of the phone kept 0.79 inches (2cm) between the user's body and the back of the phone. To comply with FCC RF exposure requirements, a minimum separation distance of 0.79 inches (2cm) must be maintained between the user's body and the back of the phone. Third-party belt-clips, holsters, and similar accessories containing metallic components should not be used. Body-worn accessories that cannot maintain 0.79 inches (2cm) separation distance between the user's body and the back of the phone, and have not been tested for typical body-worn operations may not comply with FCC RF exposure limits and should be avoided.

Vehicle Mounted External Antenna (optional, if available)

A minimum separation distance of 8 inches (20cm) must be maintained between the user/bystander and the vehicle mounted external antenna to satisfy FCC RF exposure requirements. For more information about RF exposure, visit the FCC website at www.fcc.gov

FCC Part 15 Class B Compliance

This device and its accessories comply with part 15 of FCC rules. Operation is subject to the following two conditions: (1) This device and its accessories may not cause harmful interference, and (2) this device and its accessories must accept any interference received, including interference that may cause undesired operation.

Cautions for Battery

- ▶ Do not disassemble.
- ▶ Do not short-circuit.
- ▶ Do not expose to high temperature: 60°C (140°F).]
- ▶ Do not incinerate.

Battery Disposal

- ▶ Please dispose of your battery properly or bring to your local wireless carrier for recycling.
- ▶ Do not dispose in fire or with hazardous or flammable materials.

Adapter (Charger) Cautions

- ▶ Using the wrong battery charger could damage your phone and void your warranty.
- ▶ The adapter or battery charger is intended for indoor use only.

Do not expose the adapter or battery charger to direct sunlight or use it in places with high humidity, such as the bathroom.

Getting to know your phone

Main screen

Clear key

Deletes a character with each press. Use this key to go back to the previous screen.

Call key

Dials a phone number and answers incoming calls.

Charger, cable, handsfree connector

Memory card slot

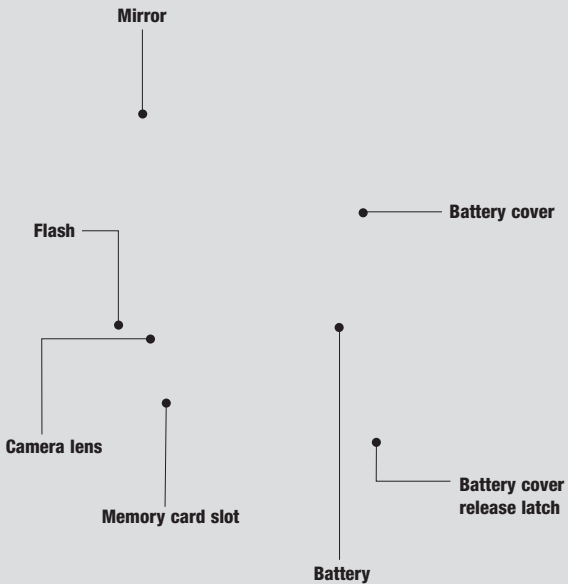

Volume key

Camera

End/Power key

Ends or rejects a call. Turns the phone on/off. Returns to the standby screen when you use the menu.

Installing the SIM and battery

1 Remove the battery cover

Press the battery cover release latch. The battery cover should lift off easily.

2 Remove the battery

Lever the bottom edge of the battery and remove it carefully from the battery compartment.

 **WARNING:** Do not remove the battery when the phone is switched on, as this may damage the phone.

3 Install the SIM card

Pull the SIM card holder open. Slide the SIM card into the SIM card holder and slide the card holder backward. Make sure that the gold contact area on the card is facing downwards. To remove the SIM card, pull it gently in the opposite direction.

 **WARNING:** Do not insert the SIM card when the slide is open, as this may damage your phone and SIM card.

4 Install the battery

Insert the top of the battery first into the top edge of the battery compartment. Ensure the battery contacts align with the terminals on the phone. Press the bottom of the battery down until it clips into place.

04

05

06

07

08

Installing the SIM and battery

5 Replace the battery cover

Slide the battery cover towards the top of the phone until it clicks into place.

6 Charging your phone

Pull open the cover of the charger socket on the side of your KS360. Insert the charger and plug into a mains electricity socket. Your KS360 will need to be charged until a message reading Fully Charged appears on screen.

WARNING: Do not charge the phone when it is on soft furnishings. The phone should be charged in a well ventilated area.

Memory card

Installing a memory card

You can expand the memory space available on your phone using a memory card. The KS360 will support a memory card of up to 2 GB.

TIP! A memory card is an optional accessory.

Open the slide covering the memory card slot. Slide the memory card into the slot, until it clicks into place. Make sure that the gold contact area is facing downwards.

Removing the memory card

Open the slide and carefully remove the memory card by gently pushing it as shown in the following diagram:

Formatting the memory card

If your memory card is not already formatted, you will need to do so before you can begin using it.

- 1 From the standby screen press **Menu** and select **Settings**.
- 2 Choose **Memory status** and select **External memory**.
- 3 Touch **Format** and enter the password, which is set to 0000 as default. Your card will be formatted and ready to use.
- 4 To view the new formatted folders on your KS360 press **Menu** and select **My stuff**. Choose **External memory**.

 **WARNING:** When you format your memory card, all the content will be wiped. If you do not want to lose the data on your memory card, back it up first.

Your standby screen

The quick keys

The quick keys provide easy, one-touch access to your most used functions.

-  Select to open the inbox. To open your message editor, touch and hold the key.
-  Select to choose a sound profile for your phone.
-  Select to open the favourites menu.
-  Select to play MP3 file.

The main menu

The main menu provides twelve menu options. To open the main menu:

- 1 Select **Menu**.
- 2 The main menu will appear on the screen. The touchpad will display four directional arrows.
- 3 Use the arrows to move around the main menu one icon at a time.
- 4 When the option you require is highlighted, select **OK** to open.

Advice to the customer

In order to allow better antenna sensitivity LG suggest that you hold the handset as shown in the figure below.

O

X

Please do not cover the antenna area with your hand during a call or when using a Bluetooth connection. It may interfere and degrade signal quality.

Your standby screen

The status bar

The status bar uses various icons to indicate things like signal strength, new messages and battery life, as well as telling you whether your Bluetooth is active.

Below is a table explaining the meaning of icons you're likely to see in the status bar.

| Icon | Description |
|---|--|
|  | Network signal strength (number of bars will vary) |
|  | No network signal |
|  | GPRS available |
|  | EDGE available |
|  | Flight mode is activated |
|  | Calls are diverted |
|  | Roaming service |
|  | Bluetooth® is activated |
|  | WAP service is connected |
|  | An alarm is set |
|  | Schedule |

| Icon | Description |
|--|-------------------------|
|  | ALC sensor is activated |
|  | New message |
|  | New voice message |
|  | General profile in use |
|  | Silent profile in use |
|  | Vibrate profile in use |
|  | Outdoor profile in use |
|  | Headset profile in use |
|  | Remaining battery life |
|  | Battery empty |

Calls

Making a call

- 1 Key in the number using the keypad. To delete a digit press **.**
- 2 Press **☎** to initiate the call.
- 3 To end the call, press **☎**.

TIP! To enter + when making an international call, press and hold **0**.

Making a call from your contacts

- 1 Select **Contacts** from the Standby screen.
- 2 Using the keypad, enter the first letter of the contact you want to call. For example, for Office, press **6** three times.
- 3 To scroll through the contacts and their different numbers use the arrows on the touchpad.
- 4 Select **Call** or press **☎** to initiate the call.

Answering and rejecting a call

When your phone rings, touch **Accept** or press **☎** to answer the call.

While your phone is ringing, press the camera key, then select **Silent** to mute the ringing. This is great if you have forgotten to change your profile to **Silent** for a meeting.

Press **☎** or select **Reject** to reject the incoming call.

TIP! You can change the settings on your phone to answer your calls in different ways. Press **Menu**, select **Settings** and choose **Call**. Select **Answer mode** and choose from **Slide open**, **Any key** or **Send key only**.

Calls

Adjusting the call volume

To adjust the volume during a call, press the volume key on the right hand side of your phone.

Speed dialling

You can assign a speed dial number to a contact you call frequently.

- 1 Press **Contacts**, then select **Speed dials**.
- 2 Your voicemail is set to speed dial 1 and you cannot change this. Select any other number either by using the navigation key arrows and selecting **Assign** or by pressing the hard key number.
- 3 Your address book will open. Select the contact you'd like to assign to that number using the navigation arrows, then select **OK**.

To call a speed dial number, press and hold the assigned number until the contact appears on screen. The call will initiate automatically; there's no need to press .

Viewing your call logs

Press **Menu**, select **Call history**. Choose to view:

All calls - View a complete list of all your dialled, received and missed calls.

Missed calls - View a list of any calls you have missed.

Dialled calls - View a list of all the numbers you have called.

Received calls - View a list of all the numbers that have called you.

Call duration - View details of how long you have spent on your calls; received and dialled.

Call costs - View the charges applied to your Last call or All calls. This service is network dependent, some operators are unable to support this.

Data information - View the amount of all your received and sent data in kilobytes.

TIP! From any call log select **Options** and choose **Delete** to delete selected or all of the recorded items.

TIP! Using the navigation key arrows, highlight any single call entry to view the date and time of the call. To view the call duration select **View**.

Using call divert

- 1 Select **Menu**, select **Settings** and choose **Call**.
- 2 Select **Call divert**.
- 3 Choose whether to divert all calls, when the line is busy, when there is no reply, when you are out of reach, all data calls or all fax calls.
- 4 Choose **Activate** and select whether to divert to voicemail, another number or your favourite number.
- 5 Enter your divert number or select **Search** to browse **Contacts** for your divert number.

Note: Charges are incurred for diverting calls. Please contact your network provider for details.

TIP! To turn off all call diverts, choose **Cancel all** from the **Call divert** menu.

Using call barring

- 1 Select **Menu**, select **Settings** and choose **Call**.
- 2 Select **Call barring**.
- 3 Choose any or all of the seven options:
 - All outgoing**
 - Outgoing international**
 - Outgoing international except home country**
 - All incoming**
 - Incoming when abroad**
 - Cancel all barrings**
 - Change password**
- 4 Select **Activate** and enter the call barring password. Please check with your network operator for this service.

TIP! Select **Fixed dial number** from the **Call** menu to turn on and compile a list of numbers which can be called from your phone. You'll need your PIN2 code from your operator. When activated, only numbers included in the fixed dial list can be called from your phone.

Calls

Changing the call settings

1 Select **Menu**, select **Settings** and choose **Call**.

2 From here you can amend the settings for:

Call divert - Choose whether to divert your calls.

Call barring - Select which calls you would like to be barred.

Fixed dial number - Choose a list of numbers that can be called from your phone.

Answer mode - Choose whether to answer the phone using the send key, any key or by sliding your handset open.

Send my number - Choose whether your number will be displayed when you call someone.

Call waiting - Be alerted when you have a call waiting.

Minute minder - Select **On** to hear a tone every minute during a call.

Auto redial - Choose **On** or **Off**.

Send DTMF tones - Choose **On** or **Off**.

Contacts

Searching for a contact

- 1 Select **Contacts** from the standby screen, and choose **Search**.
- 2 Using the keypad enter the first letter of the contact you want to call. For example, for Office, press **6** three times.
- 3 To scroll through the contacts and their different numbers use the navigation arrows.

Adding a new contact

- 1 Select **Contacts** and choose **New contact**.
- 2 Choose whether to store your new contact on your **Phone** or **SIM** card.
- 3 Enter all the information you have in the fields provided and select **Save**.

Or, using the slightly quicker method...

- 1 Enter the number you wish to store on the standby screen and select **Options**.
- 2 Choose **Save** or **Add to existing contact**.
- 3 Enter the relevant information as above and select **Save**.

Note: When you are storing a contact's email address, press **to** enter a symbol and scroll with the navigation arrows until you see **@**.

Contact options

There are many things you can do when viewing a contact. Here's how to access and use the Options menu:

- 1 Open the contact you'd like to use. See **Searching for a contact** above.
- 2 Select **Options** to open the list of options.

From here you can:

Edit - Change any of the contact's details.

New message - Send a message to the contact. If the contact has an email address, select whether you'd like to send a **Message** or **Email**.

Send via - Send the contact's details to another person as a business card. Choose to send as a **Text message**, **Multimedia message**, via **Bluetooth** or by **Email**.

Delete - Delete the contact. Select **Yes** if you are sure.

New contact - Add a new contact.

Multi delete - Mark multiple contacts to delete.

08

Contacts

Copy to SIM/phone - Choose to move or copy to the SIM card or phone (depending on where you originally saved the contact).

Adding a contact to a group

You can save your contacts into groups, for example, keeping your work colleagues and family separate. There are a number of groups including **Family**, **Friends**, **Colleague**, **VIP**, **Group1** and **Group2** already set up on the phone.

- 1 Select **Contacts** and choose **Groups**.
- 2 Scroll to the group you wish to add a contact to and select **View** then select **Add**.
- 3 Your contacts will open. Scroll to any contacts you would like to add to the group and press , then select **Done**.
- 4 Select **Yes** if you are sure.

TIP! You can assign a ringtone or icon to a group. Select the group you wish to assign the ringtone or icon to and select **Options** and choose an item you want.

Renaming a group

You can rename any of the groups to fit your lifestyle.

- 1 Select **Contacts** and choose **Groups**.
- 2 Select a group you want to rename.
- 3 Choose **Options**, select **Rename** and enter your new group name.
- 4 Select **Save**.

Note: You can only assign a contact to a group or add a picture to a contact that is saved in your phone (not SIM) memory.

Adding a picture to a contact

You can change the appearance of your contacts in your address book to include a picture.

- 1 Select **Contacts** and choose **Settings**.
- 2 Select **View options** and choose **With picture**.
- 3 Then return to the address book and select the contact you want to add a picture to.
- 4 Choose **Options** and select **Edit**.

- 5 Scroll down to the **Photo** section and select **Edit**. Choose **Options** and select **Images** or **New image**. If you select **Images**, you can choose an image that is saved in your phone memory. If you select **New image**, your camera viewfinder will open, so you can take a picture of your contact.
- 6 Select **Save**.

Copying your contacts to your SIM

You can also choose to copy your contacts from your SIM to your handset or from your handset to your SIM.

- 1 Select **Contacts** and choose **Copy All**.
- 2 Select to copy the contacts from **SIM to phone** or **Phone to SIM**.
- 3 Choose whether to **Keep original** or **Delete original**.
- 4 Select **Yes** if you are sure.

Deleting all your contacts

- 1 Select **Contacts** and choose **Delete all**.
- 2 Select to delete contacts from **SIM** or **Phone**.
- 3 Select **Yes** if you are sure.

- 4 Enter the password, which is set to 0000 as default, and select **OK**.

Viewing information

Select **Contacts** and choose **Information**. From here you can view your **Service dial numbers**, your **Own numbers** and your **Business card**.

TIP! If you haven't yet created a business card, the **Business card** screen will give you the option to create one. Select **New** and enter your details as you would for any contact. Choose **Save**.

Messaging

Messaging

Your KS360 includes functions related to SMS (Short Message Service), MMS (Multimedia Message Service) and email, as well as the network's service messages. Simply press **Menu** and select **Messaging**.

Sending a message

- 1 Press **Menu**, select **Messaging** and choose **New message**.
- 2 Choose **Message** to send an SMS or MMS. (If you want to send an **Email** see page 26-27 or if you want to send something using **Bluetooth**, see page 49.)
- 3 A new message editor will open. Message editor combines SMS and MMS into one intuitive and easy to switch between mode. The default setting of the message editor is SMS mode.
- 4 Enter your message using either the T9 predictive mode or Abc manual mode. See **Entering text** on page 25 to see how to switch between the different text entry modes.

- 5 Select **Options** and choose **Insert** to add an **Image, Sound, Video, Symbol, Text template, Emoticon, Name & Number, New slide, Subject** or **More (Contact/ My business card/Schedule)**.
- 6 Press the centre key **Send to**.
- 7 Enter the phone number or press **Options** and select **Contacts** or **Recent list** to open your contacts list. You can add multiple contacts.
- 8 Select **Send**.

WARNING: If an **Image, Sound, Video, New slide** or **Subject** is added to the message editor, it will be automatically converted to MMS mode and you will be charged accordingly.

Entering text

You can enter alphanumeric characters using the phone's keypad. For example, storing names in Contacts, writing a message and creating scheduling events in the calendar all require entering text. The following text input methods are available in the phone: T9 predictive mode, ABC manual mode and 123 mode.

Note: Some fields may allow only one text input mode (e.g. telephone number in address book fields).

To turn on T9 mode in the text entry field, choose **Options**, select **Set T9** and choose **On**. With T9 on, you can switch text input mode by pressing **.** You will notice the text input mode indicator in the upper right corner of the display.

To input a symbol in the text entry field, press the key and select a symbol, then select **OK**.

Complete each word with a space by pressing **0**.

To delete a character, press key.

T9 predictive mode

T9 predictive mode uses a built-in dictionary to recognise words you're writing based on the key sequences you press. Simply press the number key associated with the letter you want to enter, and the dictionary will recognise the word once all the letters are entered. For example, press **8, 3, 5, 3, 7, 4, 6, 6, 3** to write 'telephone'.

If the word you want doesn't appear, select **Options** and select **New T9 word**, then you can enter the word using ABC manual mode. Your word will be added to the dictionary.

Note: You can select a different T9 language by pressing **Options** and select **Writing language**.

ABC manual mode

In ABC manual mode you may need to press the key repeatedly to enter a letter. For example, to write 'hello', press **4** twice, **3** twice, **5** three times, **5** three times again, then **6** three times.

123 mode

Type numbers using one keystroke per number. You can also add numbers whilst in letter modes by pressing and holding the desired key.

Messaging

Setting up your email

You can stay in touch on the move using email on your KS360. It's quick and simple to set up a POP3 or IMAP4 email account.

- 1 Press **Menu**, select **Messaging** and choose **Settings**.
- 2 Select **Email** then **Email account**.
- 3 Select **New**.
- 4 You can now choose how your account works:

Account name - Enter a name for this account.

Email address - Enter the account email address.

My name - Enter your name.

Incoming mail server - Enter the account details.

User name - Enter the account user name.

Password - Enter the account password.

Outgoing mail server - Enter the account details.

Outgoing mail authentication - Select on or off.

Outgoing server ID - Enter the account details.

Outgoing server password - Enter the account details.

To enter the following information, choose **Options** and select **Advanced settings**.

Protocol type - Select the mailbox type, POP3 or IMAP4.

Maximum receive size - Choose the size limit of your emails, the maximum is 300KB.

Save to server - Choose whether to save your emails to the server. For IMAP4 accounts copies are always saved.

APOP secure login - Choose whether to save your emails to the server of the phone (only for IMAP4).

Insert signature - Choose whether to automatically insert a signature in your emails.

Reply email address - Enter the "reply to" email address.

Incoming port number - Normally, this is 110 for POP3 and 143 for IMAP4 accounts.

Outgoing port number - Normally this is 25.

Auto retrieving - Select to automatically retrieve your emails.

Retrieve download - Select **Headers only**, **Headers + body** (only for IMAP4) or **All**.

Now your account is set up, it will appear in the list of accounts in your Email folder.

Sending an email using your new account

To send/receive an email, you should set up an email account (see page 26).

- 1 Select **Menu**, select **Messaging** and choose **New message**.
- 2 Choose **Email** and a new email will open.
- 3 Write a subject then touch OK.
- 4 Enter your message using T9 predictive mode or ABC manual mode. See **Entering text** on page 25 to see how to switch between the different text entry modes.
- 5 Select **Options** and choose an attachment to add: **Image, Sound, Video, Document, Contact, My business card** or **Schedule**.
- 6 Press **Send** and enter the recipient's address or touch **Options** and select **Contacts** to open your contacts list.
- 7 Press **Send** and your email will be sent.

Message folders

Press **Menu**, select **Messaging**. The folder structure used on your KS360 is fairly self-explanatory.

Inbox - All the messages you receive are placed into your Inbox. From here you can reply, forward and more, see below for details.

Email box - Contains all your email messages. Select the account you want to use then select **Retrieve**. Your KS360 will connect to your email account and retrieve your new messages.

Drafts - If you don't have time to finish writing a message, you can save what you have done so far here.

Outbox - This is a temporary storage folder while messages are being sent.

Sent - All the messages you send are placed into your Sent folder.

Listen to voicemail - You can access your voicemail box (if provided by your network). When a new voice message is received, the symbol will be displayed on the standby screen.

Info message - All info messages and updates received from your operator.

Templates - A list of useful messages, already written for a quick reply.

Messaging

Managing your messages

You can use your **Inbox** to manage your messages.

- 1 Press **Menu**, select **Messaging** and choose **Inbox**. Or, a quicker way is to select  on the stand by screen.
- 2 Select **Options** and then choose to:
 - Delete** - Delete the selected message.
 - Reply** - Send a reply to the selected message.
 - Forward** - Send the selected message on to another person.
 - Return call** - Call the person who sent you the message.
 - Information** - View the details of a message, for example, the time it was sent.
 - Copy/Move** - Choose to copy or move the selected message to the SIM card or phone.
 - Multi delete** - Delete selected messages.
 - Delete all read** - All opened messages will be deleted.
 - Delete all** - Delete text messages, multimedia messages or all messages.

If you see the message **No space for SIM message**, you should delete some messages from your inbox.

If you see the message **No space for messages**, you can delete either messages or saved files to create space.

Using templates

You can create templates for the **Text** and **Multimedia** messages you send most frequently. There are some templates already on your phone, which can be edited if you wish.

- 1 Press **Menu**, select **Messaging** and choose **Templates**.
- 2 Choose **Text** or **Multimedia**. You can then select **Options** and choose **Edit** to change existing templates, to add **New template** or to **Delete** templates.
- 3 To send a template, select the one you want to send, choose **Options** and select **Send via**.
- 4 Choose how you would like to send the template; as a **Message**, **Bluetooth message** or **Email**.
- 5 Select a contact and select **Send**.

Changing your text message settings

Your KS360 message settings are pre-defined so that you can send messages immediately.

If you would like to change the settings, you can do this using the **Settings** options.

Press **Menu**, select **Messaging**, then choose **Settings** and **Text message**. You can make changes to:

Message types - Convert your text into Voice, Fax, Paging, X.400, Email or ERMES.

Validity period - Choose how long your message is stored at the message centre.

Delivery report - Choose to receive confirmation that your message was delivered.

Reply charging - Choose to be billed for your message recipient's reply.

Message centre number - Enter the details for your message centre.

Character encoding - Choose how your characters are encoded. This impacts the size of your message and therefore data charges.

Send long text as - Choose whether to

send your message as SMS or MMS when you enter a text longer than 2 pages in the message field.

Bearer setting - Choose whether to send your messages via GSM or GPRS.

Changing your multimedia message settings

Your KS360 message settings are pre-defined so that you can send messages immediately.

If you would like to change the settings, you can do so using the **Settings** options.

Press **Menu**, select **Messaging**, then choose **Settings** and **Multimedia message**.

You can make changes to:

Slide duration - Choose how long your slides appear on screen.

Priority - Choose the priority level of your multimedia message.

Validity period - Choose how long your message is stored at the message centre.

Delivery report - Choose to allow and/or request a delivery report.

Read report - Choose to allow and/or send a read report.

Messaging

Auto download - Choose to automatically or manually download multimedia messages depending on whether you are at home or roaming.

Network profile - Select an operator specific network profile for sending multimedia messages.

Permitted message type - Select which type of multimedia messages to allow.

Changing your email settings

You can adapt your email settings to your own preferences.

- 1 Press **Menu**, select **Messaging** and choose **Settings**.
- 2 Select **Email** then you can adapt the following settings:

Email account - You can set up an email account.

Access point - You can set the email access point.

Retrieve interval - Choose how often your KS360 checks for new email messages.

Signature - Create an email signature and switch this feature on.

Changing your other settings

Press **Menu**, select **Messaging**, choose **Settings** then:

Voicemail number - Your voicemail number is stored here. Contact your network operator for more information on the service they provide.

Service message - Here you can switch off service message, which means your messages will no longer be pushed directly to your device as they are received, only when you check for new messages.

Info message - Choose the reception status, alerts and language of your info messages.

Save text message - Choose whether to save your text messages to the phone memory or to the external memory.

Camera

Taking a quick photo

- 1 Open the lens cover and hold the camera key down on the right side of the handset. The camera's viewfinder will appear on screen.
- 2 Holding the phone horizontally, point the lens towards the subject of the photo.
- 3 Press the camera key halfway. A focus box will appear in the centre of the viewfinder screen. Position the phone so you can see the subject of your photo in the focus box. When the focus box turns green, the camera has focused on your subject.
- 4 Press the centre soft key or press the camera key all the way down to take a photo.

Note: You can also access the camera menu from the standby screen. Touch **Menu** and select **Multimedia**, scroll down to and select **Camera** to open the viewfinder.

After you've taken your photo

Your captured photo will appear on the screen. The name of the image runs along the bottom of the screen and you will see six options displayed on the right side of the screen.

Delete - Delete the photo you have just taken and confirm by touching **Yes**. The viewfinder will reappear.

New image - Take another photo straightaway. Your current photo will be saved.

Set as - Select to open a sub menu to set your image as **Wallpaper** or **Picture ID**.

Send via - Select to send the photo as a **Multimedia message** or **Email**. See page 24 for **Sending a message**.

Album - Select to look at the other photos in your album. Your current photo will be saved. See page 34 for **Viewing your saved photos**.

OK - Select to take another photo straightaway. Your current photo will be saved.

07

08

Camera

Getting to know the viewfinder

Note: You can adjust the zoom using the volume key on the left side of the phone. The zoom function is only available when the resolution is set to 640 x 480 or below. See

Changing the image size on page 33 for details.

TIP! When using the camera, power consumption increases. If  icon appears indicating low battery, recharge the battery before use.

Using the quick settings

Select **Options** to access the quick settings options. These include various options for taking photos.

Self timer - The self-timer allows you to set a delay after the capture button is pressed. Choose from 3 seconds, 5 seconds or 10 seconds. Great for that group photo you want to be part of.

Continuous shot - This enables you to take up to 9 shots automatically in very quick succession, great for taking photos of moving objects or at sporting events.

White balance - The white balance ensures that any white in your photo is realistic. In order for your camera to correctly adjust the white balance you may need to determine the light conditions. Choose from **Auto, Night mode, Daylight, Incandescent, Cloudy** or **Fluorescent**.

Colour effect - Choose from four colour tone options: Off (normal/colour), Sepia, Mono (black and white) or Negative.

EV - Turn macro mode on if you are taking a picture very close to the image subject.

Resolution - See **Changing the image size** on page 33.

Quality - Choose between **Normal, Fine** and **Super fine**. The finer the quality the sharper a photo will be but the file size will increase as a result, which means you will be able to store fewer photos in your memory.

Auto focus - Turn Auto focus On or Off. Your camera can automatically adjust the focus for a clear, sharp image with a single press of the camera button.

Shutter tone - Select one of the three shutter sounds.

ISO - Set the ISO to Auto, ISO 800, ISO 400, ISO200, ISO 100 or ISO 80.

Save to - Choose whether to save your photos to the phone memory or to the external memory.

Reset settings - Choose **Yes** to reset your phone to its original camera settings.

Using the flash

The flash is set to **Off** as default, but there are other options.

- 1 Select  on the navigation key.
- 2 There are four flash options:

Off - The camera will not flash. This is useful if you want to save battery power.

Auto - Your camera will assess the lighting needed to take a good picture and use the flash as necessary.

Always on - Set the flash to on when you are taking a photo in a dark place.

Red eye reduction - The flash will remain on as you compose your picture and flash again as you take the photo in order to reduce red eye.

- 3 Select the flash option you'd like to use.
- 4 When you have made your selection the flash menu will automatically close, ready for you to take your picture.
- 5 The flash icon in the viewfinder will change according to your new flash mode.

Note: When you exit the camera, the flash setting will revert to the default **Off** mode.

Changing the image size

You can change the size of the photo to save memory space. The more pixels, the larger the file size, which in turn means they take up more of your memory. If you want to fit more pictures on to your phone you can alter the pixel number to make the file size smaller.

- 1 Press **Options** and select **Resolution** from the toolbar.
- 2 Select a pixel value from the six numerical options (320X240, 640X480, 1280X960, 1600X1200, 2048X1536, 2560X1920).
- 3 Press **OK** to implement your changes.

Note: The zoom function varies depending on the resolution the camera is set to. The zoom function is only available when the resolution is set to 640 x 480 or below.

Camera

Viewing your saved photos

- 1 You can access your saved photos from within the camera mode and from the standby screen. From the viewfinder, simply select  on the navigation key. From the standby screen you should select **Menu**, then select **My stuff** and **Images**.
- 2 Your gallery will appear on screen.
- 3 Use the navigation keys to select the photo you want to view and select **View** to enlarge it.

Setting a photo as Wallpaper or Picture ID

From your image gallery, use the navigation keys to select an image and choose **Options** and **Set as** to use the selected image as **Wallpaper** or **Picture ID** for one of your contacts.

Note: Picture ID can only be added to contacts saved to your phone, not your SIM.

Video camera

Shooting a quick video

- 1 Open the lens cover and hold the camera key down on the right side of the handset. The camera's viewfinder will appear on screen.
- 2 Choose **Video** on the top right corner of the screen. The video camera's viewfinder will appear on screen.
- 3 Point the camera lens towards the subject of the video.
- 4 Press the camera key on the right side of the handset to start recording.
- 5 **REC** will appear in the bottom left corner of the viewfinder and a timer will show the length of your video.
- 6 To pause the video select **Pause** and resume by selecting **Resume**.
- 7 Select **Stop** to stop recording.

Note: You can also access the **Video camera** from the standby screen. Select **Menu** and select **Multimedia**, scroll down and select **Video camera** to open the viewfinder.

After you've shot your video

The name of the video runs along the bottom of the screen and six options will be displayed on the right side of the screen.

Delete - Delete the video you have just recorded and confirm by selecting Yes. The viewfinder will reappear.

 **New video** - Select to shoot another video straight away. Your current video will be saved.

 **Play** - Select to play the video you have just recorded.

 **Send via** - Select to send the video as a **Multimedia message** or **Email**. See page 24 for **Sending a message**.

 **Album** - Select to look at the other video clips in your album. Your current video clip will be saved. See page 37 for **Watching your saved videos**.

OK - Select to record another video straight away. Your current video will be saved.

Video camera

Getting to know the viewfinder

Note: You can adjust the zoom using the volume key on the left side of the phone.

Using the quick settings

Select **Options** to access the quick settings options. These include various options for recording videos.

Mode - To record a video you want to send in a multimedia message, select **MMS**.

Colour effect - Choose from four colour tone options: **Off** (normal/colour), **Sepia**, **Mono** (black and white) or **Negative**.

Brightness - Contrast defines the difference between light and dark in an image. A low contrast image will appear foggy, whereas a high contrast image will appear much sharper. Use the navigation keys to slide the contrast indicator along the bar, towards - for a lower contrast, hazier image or towards + for a higher contrast, sharper image.

Resolution - If you want to fit more videos onto your phone you can alter the pixel number to make the file size smaller. Choose between four options for your video, 176X144, 320X240, 640X480, 720X480.

Quality - Super fine/ Fine/ Normal.

Save to - Choose whether to save your video clip to the phone memory or to the external memory.

Flash - Turn the flash **On** or **Off**. The flash is set to **Off** as default, saving battery power. Whenever you exit the camera it will return to the default **Off** setting.

White balance -The white balance ensures that any white in your video is realistic. In order for your camera to correctly adjust the white balance, you may need to determine the light conditions. Choose from **Auto**, **Daylight**, **Incandescent**, **Cloudy**, **Fluorescent** or **Night mode**.

Album - View all of your images.

Reset settings - Choose **Yes** to reset your phone to it's original video camera settings.

Watching your saved videos

- 1 You can access your saved videos either from within video camera mode or from the standby screen. From the Options menu select **Album**. From the standby screen you should touch **Menu**, then select **My stuff** and **Videos**.
- 2 Your gallery will appear on screen.
- 3 Use the navigation keys to select the video you want to view and touch the centre soft key to watch it.

Adjusting the volume when viewing a video

To adjust the volume of the audio on a video whilst it is playing, use the volume keys on the right side of the handset.

MP3 player

MP3 player

Your LG KS360 has a built-in MP3 player so you can play all your favourite music.

To access the MP3 player, press  from the standby screen, or select **Menu** and select **Multimedia** then **MP3 player**. From here you have access to:

All songs - Contains all of the songs you have on your phone.

My playlist - Contains any playlists you have created as well as **On the go**, **Recent songs** and **Favourite songs**.

Artists - Browse through your music collection by artist.

Albums - Browse through your music collection by album.

Genres - Browse through your music collection by genre.

Settings - Adjust your music settings.

Transferring music onto your phone

The easiest way to transfer music onto your phone is via Bluetooth or your sync cable. To transfer using Bluetooth:

- 1 Make sure both devices have Bluetooth switched on and are visible to one another.

- 2 Select the music file on the other device and choose to send it via Bluetooth.
- 3 When the file is sent you will have to accept it on your phone by selecting **Yes**.
- 4 The file should appear in **All songs**.

Playing a song

- 1 Press **Menu** and select **Multimedia**, then choose **MP3 player**, or press  from the standby screen.
- 2 Choose **All songs** then select the song you want to play. Select .
- 3 Select  to pause the song.
- 4 Select  to skip to the next song.
- 5 Select  to skip to the previous song.
- 6 Select  to stop the music and return to the MP3 player menu.

TIP! To change the volume while listening to music, use the volume keys on the side of your phone.

Using options while playing music

Select **Options** and choose from:

Minimise - Hide the music player screen so that you can continue using your phone as normal while music is playing.

View playlist - Look at the playlist you are currently listening to.

Add to playlist - Adds the current track to a playlist.

Set as - Set the current track as your **Ringtone** or **Message tone**.

Information - You can view information about the MP3 file you are listening to.

Settings - Change the Shuffle, Repeat, or Equalizer settings.

Creating a playlist

You can create your own playlists by choosing a selection of songs from the **All songs** folder.

- 1 Press **Menu** and select **Multimedia**.
- 2 Choose **MP3 player**, then select **My playlist**.
- 3 Press **Options** and select **New playlist**, enter the playlist name and press **Save**.
- 4 The **New playlist** folder will show. Select all of the songs that you would like to include in your playlist by scrolling to them and selecting .
- 5 Select **Save** to store the playlist.

Playing a playlist

- 1 Press **Menu** and select **Multimedia**.
- 2 Choose **MP3 player**, then select **My playlist**.
- 3 Select the playlist you would like to play and select **View**, then select .

Editing a playlist

From time to time, you may want to add new songs or delete songs from a playlist.

If you want to organise your playlists, you can edit them using the **Options** menu.

- 1 Press **Menu** and select **Multimedia**.
- 2 Choose **MP3 player**, then select **My playlist**.
- 3 Scroll to the playlist you want to edit and select **View**, then select **Options**. Choose from:

Add - You can add songs to the playlist using this option.

Remove - Remove a song from the playlist. Select **Yes** to confirm.

Multi remove - Delete selected songs from the playlist.

MP3 player

Remove all - Remove all of the songs from the playlist.

Information - View the playlist information.

Deleting a playlist

- 1 Press **Menu** and select **Multimedia**.
- 2 Choose **MP3 player**, then select **My playlist**.
- 3 Scroll to the playlist you want to delete and select **Options**.
- 4 Select **Delete all** and select **Yes** to confirm.

Note:

As a result of the Digital Rights Management (DRM) system, some of the media items you download from the Internet or receive by MMS may have a "Purchase right" menu to access them. You can acquire the key to purchase the right from the website which owns the rights to the contents.

Music is copyright protected in international treaties and national copyright laws. It may be necessary to obtain permission or a licence to reproduce or copy music. In some countries national law prohibits private copying of copyrighted material. Please check the national legislation of the applicable country concerning the use of such material.

FM radio

Using the FM radio

Your LG KS360 has an FM radio feature so you can tune into your favourite stations to listen on the move.

Note: You will need to insert your headset in order to listen to the radio. Insert the plug into the headset socket (this is the same socket that you plug your charger into).

Searching for stations

You can tune radio stations into your phone by searching for them either manually or automatically. They will then be saved to specific channel numbers so you don't have to keep re-tuning. You can save up to 12 channels in your phone.

To auto tune:

- 1 Press **Menu** and select **Multimedia**, then choose **FM radio**.
- 2 Select **Options** and choose **Auto scan** then select **Yes**.
- 3 Each time a station is found, your KS360 will ask if you want to save it. Select **Yes** if you want to store the channel and **No** if you don't. Any stations you choose to save will automatically be allocated to a channel number in your phone.

To manually tune:

- 1 Press **Menu** and select **Multimedia**, then choose **FM radio**.
- 2 Select a channel number that you want to save a station to and choose **Edit**.
- 3 To enter your station, use the navigation keys to search or enter the frequency using the keypad, then select **Save**.

Note: You can also edit the stations you have saved in a channel number.

TIP! To improve the reception extend the headset cord, which functions as the radio antenna.

Resetting channels

- 1 Press **Menu** and select **Multimedia**, then choose **FM radio**.
- 2 Select **Options** and select **Reset channels**. Choose **Yes** to confirm the reset. Each channel will return to the starting 87.5Mhz frequency.

Listening to the radio

- 1 Press **Menu** and select **Multimedia**, then choose **FM radio**.
- 2 Select the channel number of the station you would like to listen to.

Note: You can listen to the radio via a built-in speaker. Press **Options**, select **Listen via** and choose **Speaker**.

Voice recorder

Using the voice recorder

Use your **Voice recorder** to record voice memos or other sounds.

Recording your voice memo

- 1 Press **Menu** and select **Multimedia**, then choose **Voice recorder**.
- 2 Press  to begin recording.
- 3 Select **Pause** to pause the recording.
- 4 Choose **Stop** to end the recording.
- 5 Select  to listen to the recording.

Note: You can listen to all of the voice recordings you have saved by selecting **Album**.

Sending a voice recording

- 1 Once you have finished recording, select **Options**.
- 2 Select **Send via** and choose from **Multimedia message**, **Bluetooth** or **Email**. If you choose **Message** or **Email**, the recording will be added to the message and you can write and send it as normal. If you choose **Bluetooth**, you will be prompted to turn Bluetooth on.

TIP! If you plan to send your recording as a message, before you start recording, select **Options**, select **Recording mode** and choose **MMS**. This will ensure that the recording fits into a message.

Using the muvee studio

The Muvee studio allows you to create an image slide show combined with music.

- 1 Press **Menu** and select **Multimedia**, then choose **Muvee studio**.
- 2 Choose the music track that you would like to use.
- 3 Mark the images that you would like to use in your slide show, and choose **Done**.
- 4 The new muvee will begin to play. To save your slide show press **Save**.

Note: You can use the Options menu to choose where to save your slide show (Phone or External memory), the duration mode (General or MMS) and the play order (Random or Sequential).

My stuff

You can store any multimedia files into your phone's memory so that you have easy access to all of your pictures, sounds, videos and games. You can also save your files to a memory card. The advantage of using a memory card is that you can free up space on your phone's memory.

All your multimedia files will be saved in **My stuff**. Select **Menu** then select **My stuff** to open a list of folders.

Images

Images contains a folder of default images and default flash files pre-loaded onto your phone, images downloaded by you and images taken on your phone's camera.

Images options menu

The options which are available to you in **Images** depend on what type of image you have selected. All of the options will be available for pictures you have taken on the phone's camera. Only the **View**, **Set as**, **File info**, **Slide show**, **Sort by** and **List view / Thumbnail view** options are available for default images.

In the **Images** folder, select **Options** to bring up your list of options.

Delete - Delete the selected image.

Set as - Set the selected image as your **Wallpaper** or as a **Picture ID**.

Send via - Send the selected image to a friend via **Multimedia message**, **Bluetooth** or **Email**.

Note: The image may need to be resized before it can be sent by MMS.

File - Rename, make animation or view the information (Name, Size, Date, Time, Resolution, Type and Copyright) of the selected image. If you have an external memory card inserted two additional options will show: **Move to external memory** and **Copy to external memory**.

Print via - Print an image file via **Bluetooth** or **Pictbridge**.

Slide show - See **Creating a slide show** on page 45.

New folder - Create a new folder within the main Images folder.

Mark/Unmark - Select more than one image to delete.

Delete all - Delete all the photos in your Images folder.

My stuff

Sort by - Arrange your images by **Date**, **Type** or **Name**.

List view / Thumbnail view - Change the way you view your photos.

Sending a photo

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Images**.
- 3 Select a photo and choose **Options**.
- 4 Select **Send via** and choose from **Multimedia message**, **Bluetooth** or **Email**.
- 5 If you choose **Multimedia message** or **Email**, your photo will be attached to the message and you can write and send the message as normal. If you choose **Bluetooth**, you will be prompted to turn Bluetooth on and your phone will search for a device to send the picture to.

Organising your images

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Images**.
- 3 Choose **Options** then select **Sort by**.
- 4 Choose from **Date**, **Type** or **Name**.

Deleting an image

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Images**.
- 3 Select an image and press **Options**.
- 4 Select **Delete**.

Deleting multiple images

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Images**.
- 3 Choose **Options** and select **Mark/Unmark** and **Delete**.
- 4 A box will appear next to each image. Select each image and select to mark it. To unmark an image, select again so that the tick disappears from the box. Or, you can select **Options** then choose **Mark all** or **Unmark all**.
- 5 Once you have marked all of the appropriate boxes, select **Delete** and confirm you want to delete all of the marked images.

Creating a slide show

If you want to look at all of the images on your phone or scan through what you've got, you can create a slide show to save you from having to open and close each individual image.

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Images**.
- 3 Select the photo you would like to begin the slide show and select **Options**.
- 4 Choose **Slide show** and it will begin.
- 5 Press **Pause** to pause the slide show and **Quit** to end the slide show and return to the **Images** folder.

Selecting **Options** during the slide show presents further options:

View - Choose between **Full image** and **Full screen**. Select **Landscape** to change the orientation of the image.

Repeat on / off - Decide whether you want the slide show on repeat or not.

Sounds

The **Sounds** folder contains the **Default sounds**, your voice recordings and sound files downloaded by you. From here you can manage, send or set sounds as ringtones.

Using a sound

- 1 Press **Menu** then select **My stuff**.
- 2 Scroll to and select **Sounds**.
- 3 Select **Default sounds** or choose from the list of voice recording files.
- 4 Select a sound and press ► to listen to it.
- 5 Select **Options**, select **Set as** and choose from **Ringtone**, **Ringtone ID** and **Message tone**.

Videos

The **Videos** folder shows the list of downloaded videos and videos you have recorded on your phone.

Watching a video

- 1 Press **Menu** then select **My stuff**.
- 2 Scroll to and select **Videos**.
- 3 Select a video and press ►.

My stuff

Using options while video is paused

By selecting **Options**, the video you are playing will be in pause mode and you can choose from:

Delete - Delete the video.

Send via - Send the video to a friend via **Multimedia message, Bluetooth** or **Email**.

Information - View the Name, Size, Date, Time, Type and Copyright details of the selected file.

Sending a video clip

- 1 Press **Menu** then select **My stuff**.
- 2 Scroll to and select **Videos**.
- 3 Select the video clip you want and press **Options**.
- 4 Press **Send via** and choose from **Multimedia message, Bluetooth** or **Email**.
- 5 If you choose **Message** or **Email**, your video clip will be attached to the message and you can write and send the message as normal. If you choose **Bluetooth**, you will be prompted to turn Bluetooth on and your phone will search for a device to send the video to.

Note: The video may need to be resized before it can be sent by MMS. Some videos may be too large to send by MMS at all.

Video options menu

In the **Videos** folder, press **Options** to bring up the following list of options.

Delete - Delete the selected video.

Send via - Send the selected video to a friend via **Multimedia message, Email** or **Bluetooth**.

File - Rename the video or view the information (Name, Size, Date, Time, Type and Copyright). If you have an external memory card inserted two additional options will show: **Move to external memory** and **Copy to external memory**.

New folder - Create a new folder within the main Videos folder.

Mark/Unmark - Select more than one video clip before selecting **Delete**.

Delete all - Delete all the clips in your Videos folder.

Sort by - Arrange your videos by **Date, Type** or **Name**.

Auto next play - Allows to set the play mode: **Off**, **Repeat once** and **Repeat all**.

- **Off**: Plays the selected file.
- **Repeat once**: Plays all files in a list once.
- **Repeat all**: Continues to play all files in a list repeatedly.

List view / Thumbnail view - Change the way you view your videos.

Documents

From the **Documents** menu, you can view Excel, PowerPoint, Word, Text and PDF files.

Viewing a document

- 1 Press **Menu** then select **My stuff**.
- 2 Select **Documents**.
- 3 Select a document and press **View**.

Others

From the **Others** menu, you can view the files which are not saved in the Images, Sounds, Videos or Documents folders.

You may find that when you transfer files from your computer to your phone, they appear in the **Others** folder rather than the **Documents** folder. If this happens you can move them.

To move a file from **Others** to **Documents**:

- 1 Press **Menu**, then select **My stuff** followed by **Others**.
- 2 Select a file and select **Options**.
- 3 Press **Move**, then select **Move** again.

External memory

If you've inserted a memory card it will be displayed as a folder within **My stuff**. Your external memory folder will be divided into five further folders: **Images**, **Sounds**, **Videos**, **Documents** and **Others**. Each folder will contain all the files of that type which are saved to your memory card rather than your handset.

Using your phone as a mass storage device

Your KS360 can be used as a mass storage device, just like a USB stick. This is a great way of moving your files from your computer to your phone. If you've inserted a memory card, when connecting as **Mass storage**, the phone will be displayed as two drives on your computer: the handset memory and external memory.

My stuff

- 1 Press **Menu**, select **Connectivity**.
- 2 Select **USB Connection**.
- 3 Scroll to **Mass storage** and select **OK**.
- 4 Insert the smaller end of the USB cable into the USB cable connector on the edge of the KS360. Plug the larger end into the USB port of your computer.
- 5 A removable disk folder will open automatically on your computer, two if you have a memory card inserted, showing all the folders on your phone or memory card.
- 6 Drag and drop your images, videos, music or documents into the correct folders.
- 7 Safely remove your phone by clicking on the **Safely remove hardware** icon in your desktop toolbar.
- 8 When you want to then access a file, for example an image, press **Menu**, then select **My stuff** followed by **External memory** then **Images**. All the images you transfer will be contained in this file.

Transferring a file to your phone

You can also transfer files from your computer to your phone using Bluetooth.

- 1 Make sure your phone and computer have Bluetooth switched on and are visible to one another.
- 2 Use your computer to send the file via Bluetooth.
- 3 When the file is sent you will have to accept it on your phone by selecting **Yes**.
- 4 The file will be saved within the appropriate folder depending on its type. So for example, photographs will be saved in the **Images** folder and music in the **Sounds** folder. If your phone cannot identify the file type, the file will be saved in the **Others** folder.

Note: Files sent using Bluetooth will be saved to the phone memory.

Sending and receiving your files using Bluetooth

Bluetooth is a great way to send and receive files as no wires are needed and connection is quick and easy. You can also connect to a Bluetooth headset to make and receive calls.

Before you can start sharing files using Bluetooth, you will need to pair your phone with another Bluetooth device. For information on pairing devices, see **Pairing with another Bluetooth device** on page 60.

To switch Bluetooth on:

- 1 Press **Menu** and select **Connectivity**, then choose **Bluetooth**.
- 2 Select **Bluetooth on/off** and choose **On**.
- 3 Select **Off** to switch Bluetooth off.

To send a file:

- 1 Open the file you want to send, typically this will be a photo, video or music file.
- 2 Select **Options** and choose **Send via**, then **Bluetooth**.
- 3 Select **Yes** to turn Bluetooth on if it is not already activated.

- 4 Your KS360 will automatically search for other Bluetooth enabled devices within range.
- 5 Choose the device you want to send the file to and select **Send**.

To receive a file:

- 1 To receive files, your Bluetooth must be both **On** and **Visible**. See **Changing your Bluetooth settings** on page 59 for more information.
- 2 A message will prompt you to accept the file from the sender. select **Yes** to receive the file.

TIP! Keep an eye on the progress bar to make sure your file is sent.

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by LG Electronics is under licence. Other trademarks and trade names are those of their respective owners.

Games and Apps

Games and Apps

Your KS360 comes with preloaded games to keep you amused when you have time to spare. If you choose to download any additional games or applications they will be saved into this folder.

Playing a game

- 1 Press **Menu** and select **Games & Apps**.
- 2 Select **Games**.
- 3 Choose the game you want to play and select **Play**.

Viewing applications

You can manage the Java applications installed in your phone by using the **Applications** menu. You can also delete downloaded applications.

- 1 Press **Menu** and select **Games & Apps**.
- 2 Select **Applications**.
- 3 View and manage any applications you have.

Changing the network profile

To download a game, you can set the value to connect to the network using **Network profile**.

- 1 Press **Menu** and select **Games & Apps**.
- 2 Select **Network profile**.
- 3 You can add and edit a new network profile.

M-Toy

You can enjoy six default games including:

Dart, Homerun Derby, Magic Ball, Hammer, Maze, Fishing.

About - View the information for a game.

Setting - Set the sound and vibration when activating a game.

Reset data - Reset all settings.

Exit - End a game.

Organiser

Adding an event to your calendar

- 1 From the standby screen press **Menu**, and select **Organiser**, then **Calendar**.
- 2 Select the date you would like to add an event to. You can choose a date either by scrolling to it using the navigation keys or by selecting **Options** and **Go to date** in order to enter a date.
- 3 Select **New** and scroll down to enter the time you would like your event to begin. Scroll down and enter the end time of your event.
- 4 Scroll down again and choose whether you would like to set an **Alarm** for the event. Scroll left or right to see the available options. You can set the alarm to go off at the starting time of the event or at a set period of time before the event starts to remind you the event is coming up.
- 5 Scroll down and enter a **Subject** for the event. Use the keypad to type letters and numbers.
- 6 Scroll down once more to select whether the event is occurring **Once** or repeated at **Daily**, **Weekly**, **Monthly** or **Yearly** intervals. If the event is repeated, you can

also scroll down to enter an **Expiration date** for when the events will stop completely.

- 7 Select **Save** and your event will be saved in the calendar. A square cursor will mark the days that any events have been saved to.

Editing a calendar event

- 1 From the standby screen press **Menu**, and select **Organiser**, then **Calendar**.
- 2 Choose **Options** and select **All schedules** to see a list of all your events. Scroll to the event you would like to edit and select **View**. Alternatively select the day of the event in the calendar and select **View**.
- 3 Select **Edit** and scroll to the event detail you want to change. Make your modifications and select **Save** to store the edited event.

Note: You can delete an event from your calendar by selecting to view the event and then pressing **Options** and **Delete**.

Sharing a calendar event

- 1 From the standby screen press **Menu**, and select **Organiser**, then **Calendar**.
- 2 Select the event you would like to share and choose **Options**.
- 3 Choose **Send via** and select from **Text message**, **Multimedia message**, **Bluetooth** or **Email**.

Adding a memo

- 1 From the standby screen press **Menu**, and select **Organiser**, then **Memo**.
- 2 Select **New** and type your memo.
- 3 Select **Save**.
- 4 Your memo will appear on screen the next time you open the memo application.

TIP! You can edit an existing memo. Select the one you want to edit, press **Options** and select **Edit**.

Tools

Setting your alarm

- 1 From the standby screen press **Menu**, and select **Tools**, then **Alarm clock**.
- 2 Select **New**.
- 3 Scroll down and enter the time you would like the alarm to sound at.
- 4 Choose the repeat type to indicate whether you would like your alarm to sound **Once**, **Daily**, **Mon - Fri**, **Mon - Sat**, **Sat - Sun**, or **Choose weekday**.
- 5 Scroll down and choose whether you would like the alarm to **Always sound**, **Always vibrate** or **Follow profile**.
- 6 Scroll down to choose the alarm tone. Choose **Sounds** to select a new sound.
- 7 Scroll down and enter a name for the alarm or keep the suggested name.
- 8 Select **Save**.

Note: You can set up to 5 alarms.

Using your calculator

- 1 From the standby screen press **Menu**, and select **Tools**, then **Calculator**.
- 2 Press the numeric keys to input numbers.

- 3 For simple calculations, select the function you require (+, −, ×, ÷), followed by =.
- 4 For more complex calculations, select **Function** to select a command.
- 5 Select **Clear** to clear the screen and start a new calculation.

Using the stopwatch

- 1 From the standby screen press **Menu**, and select **Tools**, then **Stopwatch**.
- 2 Select **Start** to begin the timer.
- 3 Choose **Lap** if want to record a lap time. The duration of an individual lap time (up to 20 times) can be saved.
- 4 Select **Stop** to end the timer.
- 5 Choose **Resume** to restart the stopwatch at the time you stopped it at or select **Reset** to return to zero.

Tools

Converting a unit

- 1 From the standby screen press **Menu**, and select **Tools**, then **Unit converter**.
- 2 Choose whether you would like to convert **Currency, Area, Length, Weight, Temperature, Volume** or **Velocity**.
- 3 Scroll up to choose from the unit of measurement you want to enter. Scroll left and right to select a unit, then scroll down and enter the unit quantity.
- 4 Scroll down to the unit conversion box and choose the unit measurement you want to convert into. The conversion will show automatically in the line below.

Adding a city to your world clock

- 1 From the standby screen press **Menu**, and select **Tools**, then **World clock**.
- 2 Scroll up, down, left or right to navigate the globe and choose a continent.
- 3 Select **Zoom in** to zoom into an area and choose from the cities in that area.
- 4 Press **OK**.

SIM services

This feature depends on SIM and the network services.

In case the SIM card supports SAT (i.e. SIM Application Toolkit) services, this menu will be the operator specific service name stored on the SIM card.

Browser

With a browser at the tip of your fingers, you can get up to date news and weather forecasts as well as information on sports or traffic whenever you need it. In addition, the browser allows you to download the latest music, ringtones, wallpapers and games.

Accessing the web

- 1 Press **Menu** and select **Browser**.
- 2 To access the browser homepage directly, select **Home**. Alternately, select **Enter address** and type in your desired URL, followed by **Connect**.

Note: An additional cost is incurred when connecting to this service and downloading content. Check your data charges with your network provider.

Google

To access Google services, press **Menu** and select **Browser** then **Google**.

TIP! You may be unable to access Google in some countries. This is dependent on Network Services.

Adding and accessing your bookmarks

For easy and fast access to your favourite websites, you can add bookmarks and save web pages.

- 1 Press **Menu** and select **Browser**.
- 2 Select **Bookmarks**. A list of your bookmarks will appear on the screen.
- 3 To add a new bookmark, select **Options** and choose **New bookmark**. Enter a name for your bookmark followed by the URL.
- 4 Press **Save**. Your bookmark will now appear in the list of bookmarks.
- 5 To access the bookmark simply scroll to the required bookmark and select **Connect**. You will be connected to your bookmarked page.

Browser

Saving a page

- 1 Access your required web page as described on page 55.
- 2 Choose **Options** and scroll to **Save**, select **This page**.
- 3 Select **OK**.

Accessing a saved page

- 1 Press **Menu** and select **Browser**.
- 2 Select **Saved pages**.
- 3 Select the required page and press **Open**.

TIP! This menu will also allow you to delete saved pages.

Viewing your browser history

- 1 Press **Menu** and select **Browser**.
- 2 Select **History** and select **OK**.
- 3 A list of web page titles you have accessed recently will be displayed. To access one of these pages, scroll to the required page and select **Connect**.

Changing the web browser settings

- 1 Press **Menu** and select **Browser**.
- 2 Select **Settings**.
- 3 You can choose the way your mobile handles, displays and uses information when browsing the internet. You can amend settings within **Network profiles**, **Rendering mode**, **Cache**, **Cookies**, **Security certificates**, **Show image**, **JavaScript** and **Storage location**.
- 4 Once you have changed your settings, select **OK**.

Settings

Within this folder you can adapt your settings to make your KS360 personal to you.

Note: For information on call settings see page 20.

Changing your profiles

You can quickly change your profile from the standby screen. Simply press  then the profile you would like to activate. Choose from **General**, **Silent**, **Vibrate only**, and **Outdoor**.

Personalising your profiles

You can personalise each profile setting.

- 1 Press **Menu** and select **Profiles**.
- 2 Choose the profile you want and select **Personalise**.
- 3 For the **Silent** and **Vibrate only** profiles, you can adapt the vibration. For the other profiles, you can change all of the sounds and alert options available in the list. (Please refer to your handset for details.)

Changing your date & time

You can set functions relating to the date and time.

- 1 Press **Menu** and select **Settings**.
- 2 Select **Date & Time** and choose from the list below:

Set date - You can enter the current date.

Date format - You can set the date format. (YYYY/MM/DD, DD/MM/YYYY, MM/DD/YYYY)

Set time - You can enter the current time.

Time format - You can set the time format to either 24 hours or 12 hours.

Auto update - Select **On**, the phone will automatically update the date and time.

Changing the language

Go to **Settings** and **Languages** to change the language for any text in your phone. Any change will also alter the language input mode.

Changing your display settings

- 1 Press **Menu** and select **Settings**.
- 2 Select **Display** and choose from:

Wallpaper - Choose a wallpaper to appear on your screen display.

Clocks - Choose to have the time and date visible on your standby screen. Choose from No date & time or Normal.

Backlight timer - Choose how long the backlight remains on for.

Settings

TIP! The longer the backlight is on for, the more battery power is used and you may need to charge your phone more often.

Brightness - Use the navigation keys to adjust the brightness. Choose from 40%, 60%, 80% or 100%, then select OK to save your change.

Home screen shortcut - Select **On** to display the shortcuts of 4 menus as pictures on the middle of the standby screen.

Font size - Change the font size of the following : **Menu, Dialling** and **Messaging**.

Theme - Quickly change the whole look of your screen.

Menu style - Change the menu view from **Grid view** to **List view**.

Main font style - Adjust the font type.

Dialling font style - Adjust the font style for when you are dialling a phone number.

Standby text - Choose to add a message to your standby screen.

Network name - Choose to show or hide the network name.

Changing your security settings

Change your security settings to keep your KS360 and the important information it holds protected.

- 1 Press **Menu** and select **Settings**.
- 2 Select **Security** and choose from the list below:

PIN code request - Choose a PIN code to be requested when you turn your phone on.

Phone lock - Choose a security code to lock your phone **When power on, When SIM changed** or **Immediately**.

Change codes - Change your **Security code, PIN1 code** or **PIN2 code**.

Using flight mode

Use this function to switch the flight mode **On** or **Off**. You will not be able to make calls, connect to the internet, send messages or use Bluetooth when **Flight mode** is switched **On**.

Resetting your phone

Use **Reset** to reset all the settings to their factory definitions. You need the security code to activate this function.

Viewing memory status

Your KS360 has three memories available: the phone, the SIM card and an external memory card (you may need to purchase the memory card separately).

You can use the memory manager to determine how each memory is used and see how much space is available.

Press **Menu** and select **Settings**. Choose **Memory status** and you will then see the current status of the memories (Common, Reserved, SIM card and External memory) in your KS360.

TIP! See page 13 for information on **inserting a memory card**.

Changing your Bluetooth settings

- 1 Press **Menu** and select **Connectivity**, then choose **Bluetooth**.
- 2 Choose **Bluetooth settings**. Make your changes to:

My visibility - Choose whether to **Show** or **Hide** your device to others.

My name - Enter a name for your KS360.

My address - View your Bluetooth address.

Changing your connectivity settings

Your connectivity settings have already been set up by your network operator, so you can enjoy your new phone from the off. If you want to change any settings, use this menu.

Press **Menu** and select **Connectivity**. Your options are:

Bluetooth - Set up your KS360 for Bluetooth use. You can adapt your visibility to other devices or search through devices your phone is paired with.

Network - Your KS360 connects automatically to your preferred network. To change these settings use this menu. You can also add new access points using this menu.

Settings

USB connection - Choose **Data service** and synchronise your KS360 using the LG PC Suite software to copy files from your phone. If you have a memory card inserted, select **Mass storage** to use your phone in the same way as you would use a USB stick. Connect to your computer and drag and drop files to the KS360 removable device folder. See pages 47~49 for further details.

Pairing with another Bluetooth device

By pairing your KS360 and another device, you can set up a passcode protected connection. This means your pairing is more secure.

- 1 Check your Bluetooth is **On** and **Visible**. You can change your visibility in the **Bluetooth settings** menu, by selecting **My visibility**, then **Show**.
- 2 Select **Device list** from the Bluetooth menu and choose **New**.
- 3 Your KS360 will search for devices. When the search is completed **Pair** and **Refresh** will appear on screen.
- 4 Choose the device you want to pair with, select **Pair** and enter a passcode then choose **OK**.

- 5 Your phone will then connect to the other device, on which you should enter the same passcode.
- 6 Your passcode protected Bluetooth connection is now ready.

Using a Bluetooth headset

- 1 Check your Bluetooth is **On** and **Visible**.
- 2 Follow the instructions that came with your headset to place it in pairing mode and pair your devices.
- 3 Your KS360 will then automatically connect to your Bluetooth headset and switch to headset profile.

Network service

The wireless phone described in this guide is approved for use on the GSM 900, DCS 1800 and PCS1900 networks.

A number of features included in this guide are called Network Services. These are special services that you arrange through your wireless service provider. Before you can take advantage of any of these Network Services, you must subscribe to them through your service provider and obtain instructions for their use from your service provider.
