IS IT A MONITOR? OR SOMETHING BETTER?

If you're looking for the best Monitor that LG has to offer, you've found it with the E2290V. Beyond the beautiful display, you can experience dazzling Full LED picture quality and a simple way to manage all your connections. PC cords easily connect to the base of monitor making for easy connections and organized wire management.

Tired of dark images or dull colors? LG's LED technology provides a slim profile and delivers amazing brightness, clarity and color detail, as well as greater energy efficiency compared to conventional Monitors.

You'll love the stunning picture while it's on and marvel at its appearance when it's off. It's a sleek, elegant design that will appeal to even the most refined sense of style.

This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard resolution. You'll see details and colors like never before.
