Front Load Washers

Ultra Capacity

4.2 cu.ft. Ultra Capacity is among the largest washers available. This allows for larger loads saving you time and energy.

Large Door Opening

The 15.8" extra large door opening is one of the largest openings available. This allows for a spacious opening for easier access for loading and unloading clothes and bulky items.

Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls take the guesswork out of doing laundry allowing you to 'set it and go'.

Stackable or Side by Side?

Your choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. They're also a great place to store laundry detergent supplies.
