Battery Directive – Information for Users

In the European Union, this label indicates that the batteries in this product should be collected separately and not be disposed of with household waste. Substances in batteries can have a potential negative impact on health and environment and you have a role in recycling waste batteries thus contributing to the protection, preservation, and improvement of the quality of the environment. You should contact your local authority or retailer for details of the collection and recycling schemes available. Alternatively please visit **Dell.com/recycle**.

California Perchlorate Statement

This product's coin cell battery may contain perchlorate and may require special handling when recycled or disposed of. See **Disc.ca.gov/hazardouswaste/perchlorate**.

Safety and Battery Disposal

CAUTION: There is a danger of battery exploding if it is incorrectly installed. Replace the battery only with the same or equivalent type recommended by the manufacturer. Do not dispose of the battery along with household waste. Contact your local waste disposal agency for the address of the nearest battery deposit site.

- A damaged battery may pose a risk of personal injury. Damage may include impact or shock that dents or punctures the battery, exposure to a flame, or other deformation. Do not disassemble the battery. Handle a damaged or leaking battery pack with extreme care. If the battery is damaged, electrolyte may leak from the cells or fire may result which may cause personal injury.
- Do not expose (store or place) your portable device or battery pack to a heat source. When heated to a excessive temperatures, battery cells could vent or explode, posing risk of fire.
- Keep the battery away from children.

Sécurité et mise au rebut de la batterie

PRÉCAUTION : il existe un risque d'explosion de la batterie si celle-ci est installée de façon incorrecte. Remplacez la batterie uniquement par une batterie de type identique ou équivalent à celui recommandé par le fabricant. Ne jetez pas la batterie avec les ordures ménagères. Contactez le service municipal de traitement des déchets pour connaître l'adresse du site de dépôt de batteries le plus proche.

- Une batterie endommagée peut présenter un risque de blessures corporelles. La batterie peut être endommagée en cas d'impact ou de choc, d'exposition à une flamme ou de soumission à une déformation. Ne démontez pas la batterie. Manipulez les batteries endommagées ou percées avec une extrême précaution. Si la batterie est endommagée, l'électrolyte peut fuir des éléments ou un incendie se déclarer et provoquer des blessures corporelles.
- N'exposez pas votre appareil portable ou bloc batterie à une source de chaleur (là où vous le placez ou l'entposez). Si la batteries atteint une température excessive, ses cellules peuvent laisser échapper des gaz ou exploser, créant alors un risque d'incendie.
- Conservez la batterie hors de portée des enfants.

United States, FCC Notices

FCC Radiation Exposure Statement

WARNING: The radiated output power of Dell Bluetooth/wireless devices is far below the FCC radio frequency exposure limits. Nevertheless, Dell Bluetooth/wireless devices should be used in such a manner that the potential for human contact during normal operation is minimized.

This device has also been evaluated for and shown compliant with the FCC RF exposure limits under portable exposure conditions (antennas are within 20 cm of a person's body) when installed in certain specific OEM configurations. Details of the authorized configurations can be found at **Fjalfoos.fcc.gov/oetcf/eas/reports/GenericSearch.cfm** by entering the FCC ID number on the device.

Interference Statement

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the manufacturer's instruction manual, may cause interference with radio and television reception. This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

NOTE: The FCC regulations provide that changes or modifications not expressly approved by Dell Inc. could void your authority to operate this equipment.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference with radio or television reception, which can be determined by turning the equipment off and on, you are encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna.
- Relocate the system with respect to the receiver.
- Move the system away from the receiver.
- Plug the system into a different outlet so that the system and the receiver are on different branch circuits.

If necessary, consult a representative of Dell Inc. or an experienced radio/television technician for additional suggestions.

NOTE: Dell Bluetooth/wireless devices must be installed and used in strict accordance with the manufacturer's instructions as described in the user documentation that comes with the product. Any other installation or use will violate FCC Part 15 regulations. Modifications not expressly approved by Dell could void your authority to operate the equipment.

EXCLUSIONES

The following concepts or events are not covered by this warranty:

- Consumer goods, such as non-rechargeable batteries, bags, briefcases, etc.;
- Computer programs (software) and their reinstallation;
- Cleaning and repair operations associated with the look or worn down appearance resulting from normal use of the products;

- Damages caused by improper use, falls, blows, abuse, negligence, incompetence, carelessness, or vandalism;
- Damages caused by the storage or use under conditions other than those indicated in the specifications;
- Damages caused by computers that generate or emit electromagnetic interference or by any electrical installation problem in noncompliance with electrical safety regulations.
- Damages caused by computer programs (software), accessories, or third party products incorporated to a product sold by DELL after it’s been sent to the end user directly from DELL;
- Damages due to product tampering, repair attempts, or adjustments made by a third party not authorized by DELL;
- Damages caused by nature, such as electrical discharges (lightning), floods, fires, landslides, earthquakes, etc.;
- Damages and losses caused by the product or the product performance, including, without being limited to, loss of profit, financial losses and productivity limitations or reductions due to actions associated with hypotheticals not covered under the warranty; and,
- Total or partial loss from any computer program (software), data or removable magnetic media.

The warranty will also be invalidated where the purchase invoice shows evidence of scrapes and/or alterations, has incomplete or empty fields in sections related to the purchase date, and the product order or serial number, and/or is not prepared according to current applicable law.

CUSTOMER CARE

All your feedback and suggestions must be submitted to DELL’s sales offices or via e-mail to [Dell.com](mailto: Dell.com).

To order a repair under warranty, the end user must contact Dell’s Technical Support. You can select the contact method, which can be e-mail, chat or phone. Dell’s support web page shows all contact options. (You can find all support numbers for your region at the end of this document or by visiting Dell.com/la/sopORTE).

The end user must provide any information requested by DELL’s technical representatives regarding general data about the customer, computer and symptoms that took place during the defect. The absence of any information requested will prevent DELL from registering the order. As soon as the problem is diagnosed, DELL will dispatch the part and/or technical representative needed to execute the repair if the repair is covered under this warranty. The end user must ensure the availability of the defective product for repair.

RIGHTS AND LIMITATIONS

DELL makes no other warranty, guarantee or like statement, other than those explicitly stated herein; and this warranty is given in place of all other warranties to the fullest extent permitted by law. This warranty will be the sole and exclusive remedy against DELL or any other company belonging to the same economic group, and neither of them shall be liable for loss of profit or contracts, or for punitive or consequential

damages, or for any other indirect or unexpected losses arising from negligence, breach of contract or any other damages whatsoever.

This warranty does not exclude or affect any rights protected by law for DELL end users, and/or any rights resulting from other contracts into which the end user enters with DELL and/or any other provider authorized by DELL.

computers purchased by the end user from a company belonging to the Dell group or from an authorized distributor, in Latin America and the Caribbean, will be defect free for a period of 1 (one) year from the product's date of purchase shown on the purchase invoice or receipt and, specifically for Colombia, for a period of 1 (one) year from the delivery date of the product to the end user, as long as the conditions for the installation and proper use of the product (included in the original packaging) are observed, with the exception of any items related to exceptions specifically shown hereby, and as long as it is within the previously established period of 1 (one) year or under the legal warranty period, whichever is longer.

Any products about which justified claims are made will be, at Dell's discretion, repaired or replaced by Dell free of charge. DELL will own all parts removed from repaired products. DELL can use new or refurbished parts whose characteristics, quality, and technology are similar or better than those in the old parts, as long as the original specifications of the products remain the same.

CUSTOMER RESPONSIBILITY

Make DELL immediately aware of any flaw or malfunction in their hardware or computers by notifying DELL's Technical Support.

Provide DELL's technical representatives access to the software and computers associated with the claim.If there are safety restrictions that can be applied to any or all of the customer's systems in need of technical support covered by this contractual warranty, DELL may request for the customer to take any necessary measures that will allow DELL to provide the appropriate technical support without compromising the safety, integrity and confidentiality of any information or data stored in the computer and/or in any of the customer's software.

Notify DELL about any potential safety or health risk in the location where the customer will receive technical support, and provide and/or recommend safety procedures to be followed whenever applicable.

When necessary, provide an appropriate work place and access to any communication media considered necessary to provide the service, at no cost to DELL.

Keep an updated backup of the operating system and relevant software programs, as well as all their data.

Guarantee that a responsible party will be present during the performance of the service.

Provide, at no cost to DELL, any recording and storage media, including any necessary magnetic disks and tapes to perform the service, as well as any data communication devices (modems) and telephone lines and/or net connections that are necessary to perform this remote service electronically (electronic remote access). DELL itself will preserve the confidentiality and integrity of the customer's information contained in these media and communication devices.
