The Louis Vuitton Tambour Connected is a luxury watch which includes Wi-Fi, Bluetooth functions and near field communications (NFC) functions. It is not intended to **be used as a medical device nor a fitness tracker**.

The Louis Vuitton Tambour Connected requires a phone running Android 4.3+ or iOS 8.2+. Supported features may vary between platforms. Visit g.co/wearcheck on your phone or a computer to see if it is compatible.

The Louis Vuitton Tambour Connected requires the use of the charging accessories provided with it. The accessories provided with your Louis Vuitton Tambour Connected contain a micro USB cable, a charging cradle and a wall plug. You will find below further details on electrical safety recommendations concerning the use of the charging accessories.

You can disable the watch Bluetooth, Wi-Fi, NFC functions by following the stages below:

If your screen is dim, touch the screen to wake up the watch;

- Swipe down from the top of the screen or press the crown;
- Find the Settings (**), then touch it;
- Go to “Connectivity”, Touch Wi-Fi / Bluetooth/NFC settings depending on which you want to turn off;
- If Wi-Fi/Bluetooth/NFC is set to Automatic, tap the toggle switch next to either Wi-Fi/Bluetooth/NFC to turn it off or disable.

B- Important safety precautions

Please note that failure to comply with the following guidelines may cause malfunctions or be hazardous to the user and/or void or reduce the benefit from the guarantee and/or US Limited Warranty.

1- Using the Louis Vuitton Tambour Connected and its accessories safely

a- Keeping your Louis Vuitton Tambour Connected safe

(i) *General*

Do not use or store the Louis Vuitton Tambour Connected in dusty, dirty areas as its components may be damaged.

Do not store the Louis Vuitton Tambour Connected in warm areas or under direct sunlight. High temperatures can shorten the life of electronic devices, damage batteries, cause them to become inoperative and warp or melt certain plastics.

CONFIDENTIAL
DRAFT version 7 - 10.03.2017

Do not store the Louis Vuitton Tambour Connected in cold areas. When the Louis Vuitton Tambour Connected afterwards warms up to its normal temperature, moisture can form inside the Louis Vuitton Tambour Connected, which may damage the electronic circuits.

Do not attempt to open the Louis Vuitton Tambour Connected's casing. Non-expert handling of the Louis Vuitton Tambour Connected may cause damage to your Louis Vuitton Tambour Connected and may void the guarantee and/or US Limited Warranty.

Do not drop or knock the Louis Vuitton Tambour Connected.

Do not place heavy objects on it.

Do not use sharp objects on the screen.

Do not use excessive force on the screen. Rough handling may damage the internal circuits.

Do not use harsh chemicals, cleaning solvents or strong detergents to clean the Louis Vuitton Tambour Connected.

While listening to your device with headphones, make sure you have set the volume to a reasonable level in order to avoid damage to your ears.

If the Louis Vuitton Tambour Connected or any of its accessories are not working properly, take them to your nearest Louis Vuitton store. The personnel there will assist you, and if necessary and possible, arrange for the Louis Vuitton Tambour Connected to be repaired.

In addition to the above, please refer to your instructions and guarantee manual for information on cables, charging cradle, wall plugs and battery electrical safety.

(ii) Exposure to liquid

The Louis Vuitton Tambour Connected is 30-meter waterproof.

Try to minimize exposing the Louis Vuitton Tambour Connected to these substances: soap, detergent, acids or acidic foods, and any liquids other than fresh water, such as salt water, soapy water, pool water, perfume, insect repellent, lotions, sunscreen, oil, adhesive remover, hair dye, or solvents.

If your Louis Vuitton Tambour Connected has a leather bracelet, be aware that leather bands are not water resistant.

The following may affect the water resistance of the Louis Vuitton Tambour Connected and should be avoided:

- Dropping the Louis Vuitton Tambour Connected or subjecting it to impacts.
- Exposing the Louis Vuitton Tambour Connected to pressurized water or high velocity water, for example, water skiing, wake boarding, surfing, jet skiing, and so on.
- Wearing the Louis Vuitton Tambour Connected in a hot or humid environment, such as a sauna or steam room.

CONFIDENTIAL
DRAFT version 7 - 10.03.2017

(iii) Using buttons, Digital Crown, connectors, and ports

Never apply excessive pressure to a button on the Louis Vuitton Tambour Connected, or force a charging connector into a port, because this may cause damage that is not covered under the guarantee and/or US Limited Warranty. If the connector and port do not join with reasonable ease, they probably do not match. Check for obstructions and make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.

Certain usage patterns can contribute to the fraying or breaking of cables. The cable attached to a charging unit, like any other metal wire or cable, is subject to becoming weak or brittle if repeatedly bent in the same spot. Aim for gentle curves instead of angles in the cable. Regularly inspect the cable and connector for any kinks, breaks, bends, or other damage. Should you find any such damage, discontinue use of the cable.

Discoloration of the accessories (cable, plugs) after regular use is normal. Dirt, debris, and exposure to moisture may cause discoloration. If your accessories become warm during use or if the Louis Vuitton Tambour Connected does not charge or sync, disconnect the cable from the power adapter and clean the accessories with a nonabrasive, dry, lint-free cloth. Do not use liquids or cleaning products when cleaning the accessories.

Discoloration of the charging surface of the Louis Vuitton Tambour Connected charging accessories may occur after regular use. Cleaning the charging surface may reduce, or prevent, such discoloration, and will help to prevent damage to your charger and the Louis Vuitton Tambour Connected. To clean the charging surface, disconnect the charger from both the Louis Vuitton Tambour Connected and the power adapter and wipe with a damp, nonabrasive cloth. Dry with a nonabrasive, lint-free cloth before resuming charging. Do not use cleaning products when cleaning the charging surface.

b- Protection of the user's health

As a general recommendation, the Louis Vuitton Tambour Connected is not intended for use where the failure of the device could lead to death, personal injury, or severe environmental damage.

If you have any questions concerning your Louis Vuitton Tambour Connected, its batteries and/or accessories' chemical contents, do not hesitate to contact us through our website www.louisvuitton.com or to call our Customer Service Centers at the phone numbers that can be found at the end of this booklet.

Before starting or modifying any exercise program using the Louis Vuitton Tambour Connected, consult your physician. Be careful and attentive while exercising. Stop exercising immediately if you feel pain, or feel faint, dizzy, exhausted, or short of breath. By exercising, you assume all associated inherent risks including any injury that may result from such activity. If you have any medical condition that you believe could be affected by the Louis Vuitton Tambour Connected (for example, seizures, blackouts, eyestrain, or headaches), consult with your physician prior to using the Louis Vuitton Tambour Connected.

Some people may experience reactions to certain materials used in jewelry, watches, and other wearable items that are in prolonged contact with their skin. This can be due to allergies, environmental factors, extended exposure to irritants like soap, sweat, or other causes. You may be more likely to experience irritation from any wearable device if you have allergies or other sensitivities. If you have known skin sensitivities, please take special care when wearing the Louis Vuitton Tambour Connected. You may be more likely to experience irritation from the Louis Vuitton Tambour Connected if you wear it too tightly.

If you experience redness, swelling, itchiness, or any other irritation or discomfort on your skin around, or beneath, your Louis Vuitton Tambour Connected, please remove the Louis Vuitton Tambour Connected and consult your physician before resuming wear. Continued use, even after symptoms subside, may result in renewed or increased irritation.

The materials used in the Louis Vuitton Tambour Connected and the Louis Vuitton Tambour Connected bands meet the standards set for jewelry by the U.S. Consumer Product Safety Commission, applicable European regulations, and other international standards.

If you use an electronic medical device, please refer to section 3a below.

c- Integrity of people around

(i) *Protection of children*

Keep the Louis Vuitton Tambour Connected and its accessories out of the reach of children. In particular, some Louis Vuitton Tambour Connected bands may present a choking hazard to small children. Keep these bands away from small children.

(ii) *Walking and driving safely*

Do not use your Louis Vuitton Tambour Connected while driving.

The Louis Vuitton Tambour Connected generates, uses, and can radiate radio frequency signals. Radio frequency signals might affect improperly installed or inadequately shielded electronic systems in motor vehicles. Check with the manufacturer or its representative regarding your vehicle. If any equipment has been added to your vehicle, you should also consult the manufacturer of that equipment for information on radio frequency signals.

Do not use your Louis Vuitton Tambour Connected while walking or engaging in any activity that requires your full attention. Inattention to vehicular traffic or other pedestrian hazards could result in serious injury, death or property loss.

2- Electrical Safety

b- Charging accessories

To charge the Louis Vuitton Tambour Connected, use only approved charging accessories.

Your Louis Vuitton Tambour Connected is provided with the following charging accessories: micro USB cable, charging cradle and wall plug. Use only approved charging accessories.

When a charger is not in use, disconnect it from the power source.

It is important to keep the Louis Vuitton Tambour Connected and the accessories provided therewith in a well-ventilated area when charging.

Use the charging accessories provided with the Louis Vuitton Tambour Connected or any other Louis Vuitton approved charging accessories only from the type of power source indicated on the label. Before you use any power supply, verify that the mains (AC) voltage is in accordance with the voltage printed on the power supply.

Do not overload power outlet, extension cords or convenience receptacles because this might result in a risk of fire or electric shock. To reduce the risk of damage to the cord or the wall charger, pull the wall charger rather than the cord when you disconnect the charging accessory from the power outlet or power source.

Using damaged Louis Vuitton Tambour Connected charging accessories, or charging when moisture is present, can cause fire, electric shock, injury, or damage to the user or the Louis Vuitton Tambour Connected or other property. Be sure the Louis Vuitton Tambour Connected and the charging accessories are dry before charging. When you use the charging accessories to charge the Louis Vuitton Tambour Connected, make sure that the USB plug is fully inserted into the adapter before you plug the adapter into a power outlet. Avoid charging the Louis Vuitton Tambour Connected in direct sunlight. Do not wear the Louis Vuitton Tambour Connected while it is charging.

Avoid prolonged skin contact with the connector when the cable is plugged into a power source because it may cause discomfort or injury. Sleeping or sitting on the connector should be avoided.

In addition to the above:

- Do not expose the charger to water while in use; this may cause the charger and the Louis Vuitton Tambour Connected to fail.
- Carefully insert the USB cable into the charger base, forcing the cable in the wrong direction will damage the charger.
- It is recommended to charge the Louis Vuitton Tambour Connected in a cool place, in order to prevent overheating of the Louis Vuitton Tambour Connected.
- It is not recommended to charge the watch in a place where there is direct sunlight on the Louis Vuitton Tambour Connected, as this may cause overheating.
- When the Louis Vuitton Tambour Connected is placed on the charger, and the charger is plugged into a wall, a charging screen will be displayed on the face of the Louis Vuitton Tambour Connected, indicating the percentage of battery already charged.
- It is recommended to remove the Louis Vuitton Tambour Connected from the charger once it is fully-charged.

CONFIDENTIAL
DRAFT version 7 - 10.03.2017

- If the Louis Vuitton Tambour Connected fails to charge, check that the wall plug is fully inserted into the wall outlet, the USB cable is firmly attached to the charger, and the watch is properly placed on the charger.
- If the Louis Vuitton Tambour Connected still does not charge, make sure that the watch is accurately oriented on the charger and make sure the back of the Louis Vuitton Tambour Connected is clean.
- The charger contains a small magnet to ensure proper alignment and attachment of the Louis Vuitton Tambour Connected to the charger. Please keep the charger away from metal.

c- Battery safety

Your Louis Vuitton Tambour Connected contains a built-in battery that is not replaceable. Do not attempt to replace your product's battery (for information on the recycling of the battery, please refer to section C-2, below).

In any event:

- Do not expose the battery to fire or other external heat sources, such as hot plates, stove tops, space heaters or ovens, as this could cause fire or explosion.
- Do not dispose of batteries in a fire.
- Never use any charger or battery that is damaged in any way. Use the battery only for intended purposes. Do not short-circuit the battery.
- Do not leave the battery in hot or cold places.

The normal operating temperature of the Louis Vuitton Tambour Connected is from 0 to 40° C (32 to 104° F).

The Louis Vuitton Tambour Connected can be damaged and battery life shortened if stored or operated outside of these temperature ranges. Avoid exposing the Louis Vuitton Tambour Connected to dramatic changes in temperature or humidity. If the interior temperature of the Louis Vuitton Tambour Connected exceeds normal operating temperatures (for example, in a hot car or in direct sunlight for extended periods of time), you may experience the following as it attempts to regulate its temperature:

- Charging may slow or stop;
- The display may dim;
- Some data transfer may be paused or delayed.

The Louis Vuitton Tambour Connected and its accessories comply with applicable surface temperature standards and limits. However, even within these limits, sustained contact with warm surfaces for long periods of time may cause discomfort or injury. The Louis Vuitton Tambour Connected and its accessories will become warm when plugged into a power source. Use common sense to avoid situations where your skin is in contact with the Louis Vuitton Tambour Connected and/or its accessories for long periods of time when they are plugged in. For example, while the Louis Vuitton Tambour Connected is charging or while its accessories are plugged into a power source, do not sleep on them or place them under a blanket, pillow, or your body. Take special care if you have a physical condition that affects your ability to detect heat against the body. Remove the Louis Vuitton Tambour Connected if it becomes uncomfortably warm.

C- Maintenance and disposal

Keep the Louis Vuitton Tambour Connected clean and dry. Dry the Louis Vuitton Tambour Connected thoroughly if exposed to fresh water. Clean the Louis Vuitton Tambour Connected if it comes in contact with anything that may cause stains, or other damage, such as dirt or sand, makeup, ink, soap, detergent, acids or acidic foods, or comes in contact with liquids other than fresh water, including those that may lead to skin irritation such as: sweat, salt water, soapy water, pool water, perfume, insect repellent, lotions, sunscreen, oil, adhesive remover, hair dye, or solvents. The Louis Vuitton Tambour Connected may vary or fade over time.

DRAFT version 7 - 10.03.2017

YOU EXPRESSLY ACKNOWLEDGE THAT "LV", WHEN USED IN THIS DISCLAIMER, INCLUDES LV'S AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS, SUPPLIERS, LICENSORS AND SUBCONTRACTORS.

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, UNDER NO CIRCUMSTANCES, INCLUDING, BUT NOT LIMITED TO, NEGLIGENCE, WILL LV HAVE ANY LIABILITY ARISING FROM OR RELATED TO YOUR USE OF OR INABILITY TO USE LV SOFTWARE, OR ANY CONTENT OR SERVICES AVAILABLE THROUGH LV SOFTWARE, FOR: (1) PERSONAL INJURY OR PROPERTY DAMAGE; (2) ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, RELIANCE, OR EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION DAMAGES ARISING FROM ANY UNSUCCESSFUL COURT ACTION OR LEGAL DISPUTE, LOST BUSINESS, LOST REVENUES, OR LOSS OF ANTICIPATED PROFITS OR ANY OTHER PECUNIARY OR NON-PECUNIARY LOSS OR DAMAGE OF ANY NATURE WHATSOEVER); or (3) DIRECT DAMAGES IN AMOUNTS THAT EXCEED THE AMOUNT PAID BY YOU, IF ANY, FOR ACCESSING LV SOFTWARE APPLICABLE TO YOUR CLAIM DURING THE TWELVE MONTHS IMMEDIATELY PRECEDING THE DATE OF THE CLAIM.

THE ABOVE LIMITATIONS WILL APPLY WHETHER SUCH DAMAGES ARISE OUT OF BREACH OF CONTRACT, TORT OR OTHERWISE, AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORSEEABLE OR IF LV WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. APPLICABLE LAW MAY NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY OR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. IN SUCH CASES, LV'S LIABILITY WILL BE LIMITED TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

WITHOUT LIMITING ANY OTHER PROVISION OF THIS AGREEMENT, YOU ACKNOWLEDGE AND AGREE THAT YOU ARE SOLELY RESPONSIBLE FOR ALL CHARGES IMPOSED BY YOUR DEVICE CARRIER WITH RESPECT TO YOUR USE OF LV SOFTWARE[, INCLUDING WITHOUT LIMITATION ALL TEXT MESSAGING CHARGES, ROAMING AND INTERNATIONAL CHARGES, AND USAGE AND OVERAGE CHARGES CHARGED BY YOUR CARRIER]. IN NO EVENT WILL LV HAVE ANY LIABILITY TO YOU OR ANY OTHER PARTY RELATING TO ANY CHARGES IMPOSED BY YOUR DEVICE CARRIER RELATING TO YOUR USE OF LV SOFTWARE.

THESE LIMITATIONS OF LIABILITY ALSO APPLY WITH RESPECT TO DAMAGES INCURRED BY YOU BY REASON OF ANY THIRD PARTIES OR OTHERWISE BY THIRD PARTIES OTHER THAN LV.

YOU ACKNOWLEDGE AND AGREE THAT LV HAS OFFERED ITS PRODUCTS AND SERVICES, SET ITS PRICES, AND MADE THE LOUIS VUITTON TAMBOUR CONNECTED AND LV SOFTWARE AVAILABLE IN RELIANCE UPON THE WARRANTY DISCLAIMERS AND THE LIMITATIONS OF LIABILITY SET FORTH HEREIN, THAT THE WARRANTY DISCLAIMERS AND THE LIMITATIONS OF LIABILITY SET FORTH HEREIN REFLECT A REASONABLE AND FAIR ALLOCATION OF RISK BETWEEN YOU AND LV, AND THAT THE WARRANTY DISCLAIMERS AND THE LIMITATIONS OF LIABILITY SET FORTH HEREIN FORM AN ESSENTIAL BASIS OF THE BARGAIN BETWEEN YOU AND LV. LV WOULD NOT BE ABLE TO PROVIDE LV SOFTWARE TO YOU ON AN ECONOMICALLY REASONABLE BASIS WITHOUT THESE LIMITATIONS.
