WARNING

Use these headphones at your own risk. The headphones may reduce your ability to hear surrounding sounds. Do not use these headphones while driving, riding a bike, or in situations where failure to hear sounds in your environment could be dangerous. Volume in excess of 85 decibels and for extended periods of time may cause permanent hearing damage. Adjust the volume to the appropriate level. Please take care when inserting into your ear canal.

WARRANTY SERVICE

LeEco warrants the included hardware product and accessories against defects in materials and workmanship for NINETY (90) DAYS from the original retail purchase. LeEco does not warrant against normal wear and tear, damage caused by accident or abuse or damage resulting from improper charging. This warranty is valid only in the country in which the product is purchased. For service, contact us at 1-855-343-6688. Shipping charges may apply. You may be required to provide proof of purchase in submission of your warranty claim. If you submit a valid claim under this warranty, LeEco will at its option repair your device or replace it with a new or refurbished device subject to the full terms and conditions of the warranty at www.lemall.com/us/warranty and any applicable service policies at www.lemall.com. This warranty is in addition to rights provided under local consumer laws.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
