

LittleTouch™ LeapPad™ LEARNING SYSTEM

From your first reading experience together,
to the independent toddler years!

Parent Guide and Instructions

This guide contains important information. Please keep it for future reference.

www.leapfrog.com

Welcome to a reading experience that's designed to let you and your baby embark on a magical journey of exploration, discovery and fun! Babies develop dramatically from one day to the next, so at the beginning of each book, we have included three unique ways to enrich the learning experience as you read, touch and interact with LITTLETOUCH™ books. These LITTLETOUCH settings provide you with options, so you can choose interactions that will keep your child engaged and continually stimulate development.

Setting 1

Music & Soundscapes

Sparkling musical rhythms and sounds

stimulate early brain development

Infants and newborns display a remarkably high receptivity to music. Research has shown that a baby's brain is fully capable of recognizing key, pitch and tempo. That's why Setting 1 provides baby with a way to explore a variety of stimulating sounds, rhythms and music.

Setting 2

Word Play

Short descriptive phrases

introduce word-object association and build early language skills

Six to twelve months of age is the prime time for baby to begin to recognize words as parts of sentences. Baby begins to babble, and understand the meanings of words. That's why Setting 2 exposes baby to short phrases in the appropriate visual context.

Setting 3

Laugh & Learn

Fun-filled rhymes and early learning

interactions develop preschool readiness

Twelve to twenty four months of age is a period when word comprehension, word production, and grammar skills increase dramatically, and include abstract ideas like shapes, numbers and colors. That's why Setting 3 is filled with rhymes and early learning concepts that build preschool readiness.

How to get the most from your LittleTouch™ LeapPad™ System.

There is no “right way” to read to your baby, so it is most important that you both just have fun with it! Here are some ideas for getting the most out of your LITTLETOUCH™ LEAPPAD™ experience.

Let your child set the pace.

While it might seem logical to read from beginning to end without interruption, when you read to your child, let your child call the shots. Sometimes your child will want to start in the middle of the book and spend time with a favorite page. Sometimes your child will want to go slow and sometimes fast. Anything goes! By allowing your child to choose pages and the pace, you will be focusing on the parts of the book that are most interesting for your child. This is the best way to foster a love of reading.

Read aloud to your child every day.

Even if it is just for a few minutes, the benefits of reading together are enormous. By beginning a reading routine early, your child will begin to look forward to this special time each day.

Communicate as you read.

The LITTLETOUCH LEAPPAD books are designed to foster communication between you and your child. Here are some ways to communicate during your LITTLETOUCH LEAPPAD reading experience.

- **Be a role model.** In the early months, your child will communicate by imitating you. While you read a story, bring your face close to your baby's face and move your mouth to encourage imitation. Look for 💡 on every page, and touch it to participate in early learning activities. Even before your child is able to fully participate, it is valuable for him to watch you do the activities. Be patient if he doesn't join in right away. He will catch on soon enough and can learn by simply watching you!

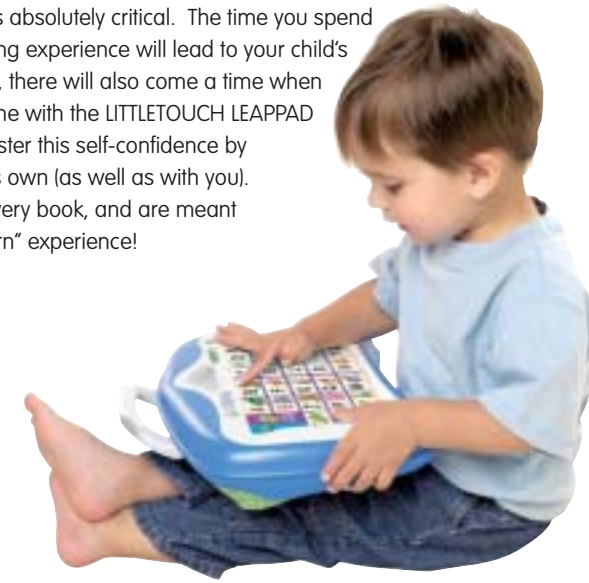

- **Add gestures.** By adding movement and gestures, you can liven up familiar songs or indicate certain animals. This will give your child another way to communicate with you (even before doing so verbally) and will add an element of fun to your experience!
- **Ask questions.** Use the story as a launching board to ask relevant questions about your child's own experiences. This will bring the reading experience back to an emotional level and will lead to greater interest in the book.

Grin and bear it.

Agree to read the same story over and over again. When your child latches on to a favorite story, you'll know it. Although this can be tiresome for a parent, repeating the same story is actually good for children. By reading the same story more than once, you're providing your child with more chances to learn the story and to develop long-term memory skills. So, pick up that all-too-familiar book with real enthusiasm, and pay attention to how much more your child knows each time you do!

Nurture your child's independence.

Spending time reading together is absolutely critical. The time you spend with your child enjoying the reading experience will lead to your child's future reading success. However, there will also come a time when your child wants to have time alone with the LITTLETOUCH LEAPPAD learning system. You'll want to foster this self-confidence by allowing your child to learn on his own (as well as with you). Activity cards are included with every book, and are meant for an independent “play and learn” experience!

Share the entire LittleTouch™ Library with your baby!

Guess How Much I Love You

Bounce to the rhythms and discover the beautiful sounds of classical instruments as you share this heartwarming best-seller with someone *you* love.

Introduces:

- Classical music
- Sound patterns and rhythms
- Emotions

Let's Get Busy, Baby!

Interactive games and music will delight your little one in this "talking" word book that introduces over 50 words both in English and Spanish!

Introduces:

- English first words
- Spanish first words
- Speech patterns

Animal Dance

Join in on the wiggles and giggles as each animal performs a special dance move designed to help baby develop motor skills and rhythm!

Introduces:

- Motor skills
- Rhythm
- Animals

Stella Songbird

Take your little one on a journey around the world with Stella as she tweets to world songs, sounds and international languages.

Introduces:

- World music and sounds
- International language
- Early logic skills

If I Were ...

Pretend to be all of your favorite animals in this colorful and imaginative story.

Introduces:

- Colors
- Animals
- Imaginative play

Taking the next step...

The LITTLETOUCH™ LEAPPAD™ learning system is designed to provide more than two years of delightful early learning experiences. When your child is ready, My First LeapPad™ learning system is the next step in the early learning and development process!

Graduating from the LittleTouch LeapPad System to the My First LeapPad System			
 <p>LeapPad™</p>	<p>Age-appropriate learning!</p> <p>Stimulates development from 6 months to 36 months, from early brain development to early learning and preschool readiness</p>	<p>Motor skill development!</p> <p>Motor skills such as hand-eye coordination are developed through simple touches</p>	<p>Primarily designed for...</p> <p>YOU AND YOUR CHILD— These books help you nurture your child's development</p>
 <p>My First LeapPad</p>	<p>Early learning concepts appropriate for 3-5 years</p> <p>An understanding of preschool fundamentals including pre-math and pre-reading skills</p>	<p>Fine motor activities with the My First LeapPad pen help develop writing skills</p>	<p>YOUR CHILD— This system provides an independent early learning experience</p>

How do you know when your child is ready for the My First LeapPad Learning System? Here are some key signs to look for:

- **Scribbling & coloring.** This is a sign that your child is ready to use a pen and is building fine motor skills that can be further developed using the My First LeapPad pen.
- **Pretending to read.** There will come a time when your child takes a book and heads off on his own, pretending to read. He can't actually read, but he is excited to try! My First LeapPad Learning System allows your child to interact with books on his own, which is a great way to foster self-confidence and help him develop a passion for reading!

You and your baby are about to embark on a magical journey of exploration, discovery and fun! As you read to your baby, the LITTLETOUCH™ LEAPPAD™ learning system brings stories and activities to life, creating an enchanting experience your baby will look forward to time and again. At LeapFrog, we believe it's these first positive moments that lead to a lifetime love of reading and learning.

Reading is one of the most important things you can do together to ensure your child's future success in life. Reading together stimulates imagination, connects your child to a larger world, provides a sense of security, forms lasting memories and sets a foundation for lifelong success.

It is never too early to start reading. As your child cuddles with you, touches the pages of books, and takes an active role in the book-reading experience, positive associations are built.

Reading is just the beginning!

Reading is a foundation from which a world of early learning is made possible. Through reading, your baby can begin to build skills in a variety of areas, including early language development, beginning story comprehension, numbers, shapes, colors and creativity.

From your first reading experience through the independent toddler years, LITTLETOUCH LEAPPAD learning system is designed to build early learning skills with stories that come to life with the simple touch of a finger.

INSTRUCTIONS FOR PLAY

Getting Started

Step 1: Insert a cartridge.

Step 2: Insert a book or activity card. To insert a book, snap the spine into place in the middle of the platform. To insert an activity card, first slide the two top corners of the card securely under the depressions in the top of the LITTLETOUCH™ book frame. Next, lay the card flat and press the two lower corners of the card under the depressions in the bottom of the frame. Finally, smooth the card with your hands, making sure all edges are flat and secured.

Step 3: Press the On/Off button.

Book Play

Step 4: To activate book pages, touch  with your finger.

Step 5: On the first page, choose LITTLETOUCH Setting 1, 2 or 3. On each of the following pages, you can change the setting by touching  with your finger.

Step 6: If you'd like to hear narration read with the entire story, press  once with your finger.

Step 7: Read the story and touch pictures to make them come to life! (The pictures will respond differently to your finger touches based upon the LITTLETOUCH Setting you have chosen.)

Note: Remember, you must touch  every time you turn the page.

Activity Card Play

Step 4: To activate activity cards, touch  followed by  with your finger.

Step 5: Touch the pictures on the card to bring them to life!

- To remove a LITTLETOUCH™ book:
Close the book and, holding all pages, pull firmly from the top corner and away from the platform.
- To remove a LITTLETOUCH activity card:
Push the two lower corners of the card upward. Lift the lower edge of the card off the platform and slide the two upper corners of the card away from the frame.

Note: When you change from an activity card to a book, or vice-versa, you must restart the platform by turning it on again.

Early learning at your fingertips with the LITTLETOUCH™ LEAPPAD™ learning system!

On the first page of each LITTLETOUCH book, you can choose from three interactive ways to enrich the reading experience. Choose the setting that is most enjoyable for both you and your child!

Setting 1

Music & Soundscapes

Sparkling musical rhythms and sounds stimulate early brain development

Setting 2

Word Play

Short descriptive phrases introduce word-object association and build early language skills

Setting 3

Laugh & Learn

Fun-filled rhymes and early learning interactions develop preschool readiness

Change the setting on any page for a new experience

On any page, you can press  to change from one setting to the next. Each successive touch advances the book to the next setting.

Hear the narration read for the entire story

On the LITTLETOUCH settings page, press  to hear the narration read aloud. After touching this icon on the first page, the narration will automatically be played when you press  on the following pages. To turn it off at any time, touch the narration icon again.

Share an interactive early learning activity with your child

 appears on every page. Touch it for interactive learning fun!

Hear words read aloud

Touch  on any page to hear a line of narration read aloud.

Interact with pictures on the page

Touch any of the characters or pictures with your finger to hear them magically come to life!

Volume Control:

Volume control is located on the top of the platform. Press up or down on this switch with your finger to change the volume level at any time.

Automatic shut-off:

The ON/OFF button is located on the top of the platform. When you are done playing with the LITTLETOUCH™ LEAPPAD™ System, press the ON/OFF button with your finger. Otherwise, the LITTLETOUCH LEAPPAD System will turn off automatically if it hasn't been used for two minutes.

Care and Maintenance:

Caring for your LITTLETOUCH LEAPPAD learning system and LITTLETOUCH books:

- Keep away from food and beverages.
- To clean, use a slightly damp cloth (cold water) and mild soap. Clean soap residue off. Air dry only.
- Never use in water or submerge in water.
- Remove batteries for prolonged storage.
- Avoid extreme temperatures.
- Do not use pointed or sharp objects on the platform surface
- The soft lap pad is removable for washing, and should be washed by hand. To remove the soft lap pad, detach the two Velcro straps at the lower edge of the lap cushion and lift the lap cushion. Use a Philips screwdriver, and unscrew the 4 screws to remove the strap restraint covers. Pull the straps out of the slots to remove the lap cushion. To reassemble: Slide the straps first underneath and through the upper slots, and then underneath and through the lower slots, leaving a tail with the Velcro attachment facing up. Replace the strap restraint covers and tighten the screws to hold the straps securely in place. Fold down the lap cushion and attach the Velcro closures.

Warning: This unit may function incorrectly if subjected to radio-frequency interference. To resume normal operation, the source of RFI must be removed, and it may be necessary to cycle the power off and back on or to remove and reinstall the batteries.

Warning: This unit may temporarily cease to function if subjected to electrostatic disturbance. To resume normal operation, it may be necessary to cycle the power off and back on or to remove and reinstall the batteries.

TROUBLESHOOTING		
Symptom	Try This	
Toy does not turn on or does not respond	<ul style="list-style-type: none">• Make sure batteries are correctly installed• Make sure battery cover is securely attached• Remove batteries and put them back in• Make sure the batteries are positioned correctly and are not mixed• Clean battery contacts with rubbing alcohol	<ul style="list-style-type: none">• Install new batteries• Check to see if cartridge is inserted properly• Remove and reinstall cartridge• Check for damage on platform surface (dents, cuts, etc.)
Toy makes strange sounds or behaves erratically	<ul style="list-style-type: none">• Install new alkaline batteries	<ul style="list-style-type: none">• Clean battery contacts with rubbing alcohol
Toy makes improper responses	<ul style="list-style-type: none">• Install new alkaline batteries	<ul style="list-style-type: none">• Clean battery contacts with rubbing alcohol

Battery Information:

Requires 4 AA (called LR6 in some countries) alkaline batteries – not included.

Battery Safety:

Batteries are small objects. Replacement of batteries must be done by adults.

Follow the polarity (+/-) diagram in the battery compartment.

Promptly remove dead batteries from the toy.

Dispose of used batteries properly.

Only batteries of the same or equivalent type as recommended are to be used.

DO NOT incinerate used batteries.

DO NOT dispose of batteries in fire, as batteries may explode or leak.

DO NOT mix old and new batteries or types of batteries (i.e. alkaline/standard).

DO NOT use rechargeable batteries.

DO NOT recharge non-rechargeable batteries.

DO NOT short-circuit the supply terminals.

Battery Installation:

1. Requires 4 AA (called LR6 in some countries) alkaline batteries.

2. Detach the two Velcro straps at the lower edge of the lap cushion and lift the lap cushion to access the battery door.

3. Open the battery door with a screwdriver.

4. Install new alkaline batteries as shown in the polarity diagram (+/-) inside the battery compartment. Do not mix batteries.

5. Replace battery door securely and tighten battery door screw.

U.S. Consumer Service Contact:

Please visit our Consumer Support Web site at <http://www.leapfrog.com/support> 24 hours a day.

You can search for frequently asked questions, or submit a question to our support staff via e-mail.

U.S./Canada Office:

Hours: Monday through Friday, 9:00 AM to 5:00 PM.

IMPORTANT: Please notify the LeapFrog Consumer Service department of any difficulties before returning this product for any reason. Returns must have a Return Authorization number (RA#) in order to be processed. If the service representative is unable to solve the problem, you will be given instructions on how to replace the product.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference, and
- 2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference to radio communications. Because this toy generates, uses, and can radiate radio frequency energy, there can be no guarantee that interference will not occur. If this toy does cause interference to radio or television reception (you can check this by turning the toy off and on while listening for the interference), one or more of the following measures may be useful:

- Reorient or relocate the receiving antenna of the radio or TV
- Increase the separation between the toy and the radio or the TV
- Consult the dealer or an experienced TV-radio technician for help

Warranty Information

This LeapFrog product is warranted only to the original purchaser for a period of 3 months from the original purchase date, under normal use and service, against defective workmanship and material. This warranty is void if the product has been damaged by accident or unreasonable use, immersion in water, neglect, abuse, battery leakage or improper installation, improper service, or other causes not arising out of defects in workmanship or materials. Repair or replacement as provided under this warranty is the exclusive remedy of the purchaser. LeapFrog shall not be liable for any incidental or consequential damages for breach of any express warranty on this product. Any implied warranty of merchantability or fitness for a particular purpose on this product is limited to the duration of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

During the warranty period, your product will either be repaired or replaced at LeapFrog's option, when returned, shipping prepaid and with proof of purchase date as instructed by a LeapFrog service representative. In the event that your product is replaced, the replacement product will be covered under the original warranty or for 30 days, whichever is longer.

Canada: In addition to the above-referenced warranty, the hardware component shall be free from defects in material and workmanship for 12 months. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. Some provinces do not allow limitations on how long an implied warranty lasts, or the exclusion of incidental or consequential damages, so the above limitations do not apply to you. You may also have other rights, which vary from province to province.

U.K.: In addition to the above-referenced warranty, this LeapFrog product shall be free from defects in material and workmanship for 12 months where the 3-month warranty period is not valid. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. Some provinces do not allow limitations on how long an implied warranty lasts, or the exclusion of incidental or consequential damages, so the above limitations do not apply to you. You may also have other rights under U.K. law, which this warranty does not limit.
