Hints and Tips

Training is the key to success with a paging system.

Orientating your entire staff and training your host staff on the use of the paging system is key to the success of the system.

As a part of the general host training program, time must be set aside to teach new hires about the use and care of the paging system. Be certain staff members understand the importance of asking for the

transmitter back after work.

Benefits of a VISUAL paging system

Staff members are alerted thru the pager and know to quickly close the tab of a guest to help speed table turns.
