

Productivity delivered

Great performance, power savings and connectivity

The affordable Lenovo™ S200 Tower delivers high performance computing with the latest Intel® Braswell processor which also delivers exceptional power savings. What's more the tower with its new 20L design and integrated carry handle for convenience also offers an extensive range of ports and advanced WiFi for seamless connectivity. Smart USB Protection and Lenovo™ Bluetooth® Lock offers protection for your data.

WHY YOU SHOULD BUY THE LENOVO™ S200 TOWER

Advanced WiFi

Productivity always depends on reliable internet connectivity. The S200 delivers advanced WiFi without the need for disruptive cables.

Seamless connectivity

6 USB ports, including 4 USB 3.0 ports, makes it easy to connect to the peripheral devices you need for maximum productivity.

More power in the tower

The next generation of Intel® Braswell multi-core System on a Chip (SoC) provides powerful performance for any business need with improved graphics performance while delivering great power savings.

Secure

Smart USB Protection allows you to restrict port access while allowing keyboard and mouse inputs. Lenovo™ Bluetooth® Lock means your desktop will automatically lock once you step away.

THE LENOVO™ S200 TOWER IS BEST SUITED FOR

1 Small and medium-sized businesses seeking an affordable desktop tower that delivers on performance and security features.

2 Small and medium-sized businesses looking for a desktop that delivers on performance with exceptional power savings.

3 Looking for seamless WiFi connectivity, a range of ports and convenient features such as integrated handle.
