

Overview for ThinkPad Thunderbolt 3 Dock (40AC0135WW)

The ThinkPad Thunderbolt 3 Dock is a pioneering, 13 port docking solution powered by Intel Thunderbolt™ technology. Now, you can connect and rapidly charge like never before via a USB Type-C™ port all while experiencing complete control of your workstation and essential accessories. The dock not only lets you transfer data at lightning fast speeds, but also gives you the option to display and share your files in vibrant 4k resolution. Having your most productive and innovative workstation to date is as simple as connecting your system to the dock.

Features and benefits:

A Power Hub on Your Desk

Experience stable, reliable, and continuous power for your laptop and mobile devices – with the Thunderbolt port and always-power-on USB 3.0 port. Plus perfect pairing for ThinkPad X1 rapid charging.

Need to see detail while multi-tasking?

Enjoy UHD video experience with dual video output or with up to three FHD displays for multi-tasking with ease.

All Your Peripherals – Just How You Want Them

Displays, Gigabit Ethernet, speakers and other USB peripherals – get immediate connection to peripherals with a single cable.

Lightning Fast Big Data Transfer

The front Thunderbolt port offers up to 40Gbps data transfer speeds – 4 times faster than the average dock for larger files such as video editing or CAD files.

Enterprise IT Companion

Now it's easier for your IT team to manage selected ThinkPad systems with solutions such as PXE boot, and Wake-On LAN. Plus, it also support passing ThinkPad MAC address through the dock for the IT to identify the system – adding an extra level of safety against unauthorized users, and boosting your network security.
