SMARTCODE™

Keyless entry deadbolt - the ultimate in convenience & security
One touch locking with a motorized deadbolt
Two customizable access codes - one code for the family, one code for temporary access
Includes SmartKey™ for increased peace of mind

Installs in minutes with just a screwdriver - no hard wiring required - 4 AA batteries (not included)
Fits standard doors (1 3/8" - 2") - no new screw holes required
Quick Reference Guide located under the interior cover

EASY TO INSTALL, PROGRAM & USE

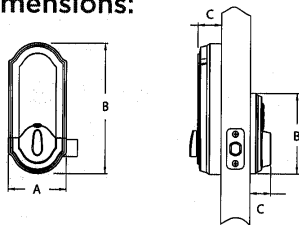

SMARTCODE ENTRY LEVER

Add a level of security and style to your home with the SmartCode® touchpad electronic lever. Designed with a sleek style to complement your home's interior, you can lock up your home office, wine cellar or storage room and never have to worry about keys. To gain entry, simply enter your personalized access code, while locking is as easy as touching a button. SmartCode® is easy to install, program and use and operates on 4 AA batteries. It also features SmartKey® re-key technology as the back-up keyway.

KEY CONTROL™ DEADBOLT
The Smart Alternative to Master Keying

Property Manager Cyl.

Tenant Cylinder

Re-keying and managing a traditional master key system is labor intensive, time consuming and costly. With the first and only two cylinder Key Control™ Deadbolt, either cylinder can be re-keyed in seconds, without removing the lock from the door.

- Two separate cylinders, tenant & property manager, allow for more tenant key cuts than a traditional master key system
- New proprietary keyway adds security – the tenant key will never fit into the Property Manager Cylinder
- The Property Manager Cylinder is concealed when not in use to avoid tenant confusion
- Features SmartKey® re-key technology

SMARTKEY RESET CRADLE

The SmartKey Reset Cradle is a tool used to repair a SmartKey cylinder that has been programmed incorrectly. This can occur if the cylinder will not turn in either direction. Simple and easy to use. Simply remove the lock from the door, remove the SmartKey cylinder plug, insert into the reset cradle and the cradle will reset the cylinder to learn a new key. A must have for landlords or where there is a high possibility of lost keys.

- Only to be used with Kwikset SmartKey compatible cylinders
- Comes with easy-to-follow directions
- Re-key a mis-keyed cylinder in seconds
- Small and compact; stores easily

MONTARA™ 2-POINT LOCKING

One Piece Handleset with Single Cylinder Deadbolt

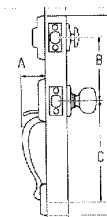

Enjoy increased security and easy fit with the Montara handleset. 2 points of locking, on the deadbolt and the handleset, provide double the security. And the adjustable through bolt at the bottom of the handleset allows for easy installation and provides you peace of mind knowing that it will adjust to fit the bottom hole in your door. With the arched design, the Montara handleset will add both security and style to your front door.

2-Point Locking for Increased Security

New Easy Fit Technology – Adjusts to Fit the Hole in Your Door

- ANSI/BHMA Grade 1 Certified Security
 - Featuring SmartKey® Re-key Technology. The lock you can re-key yourself in seconds
 - Patented side locking bar technology offers improved security by protecting against lock bumping, an attack technique used to defeat conventional pin & tumbler locks.
 - Lifetime mechanical and finish warranty
- Interior pack sold separately**
