Master Lock / American Lock

Key Control

Patented Key Control System

- Low cost compared to other key control systems
- Keys can be duplicated on a standard key machine
- Uses standard pins from a #291 Pin Kit

Available in the following Locks

Master 1, 2, 3, 4, 5, 6

Master and American Rekeyable Padlocks

4 Security Levels

- Level 1** For locksmiths only. Any Locksmith may purchase locks, cylinders and key blanks for this series. No minimum order or contract required.
- Level 2** For locksmiths only. Key blanks marked with your exclusive ID Number. Your customer must come back to you for key duplication. Contract and \$300 Min. order required
- Level 3** For commercial users with an in house locksmith. Contract and minimum order required of 500 locks (4 pin), 300 lock (5 pin).
- Level 4** For commercial users that do not have an in house locksmith. System is factory controlled. No key blanks available for this series. Sold through locksmiths and industrial distributors only. No minimum order or contract required. User name and address is required.

Contact us for more information and pricing

Many Other Sizes and Messages Available

Guardian Extreme™

The Guardian Extreme Advantage:

- New Patent Pending process fuses graphics to molten plastic
- Tags and signs made from Tough Polypropylene, won't fade, peel or crack
- Not affected by over 30 harsh chemicals
- Abrasion Resistant

- Endures temperatures from -50° to 220° F
- Exceeds OSHA Requirements for pull strength
- Tags are reusable. Mark with a permanent marker and remove with isopropyl alcohol
- No metal grommets or tags to corrode

ONE KEY SYSTEM

Minimize your stock. Stock this one universal number, and you can make any KA number for your customers, as long as you have the key.

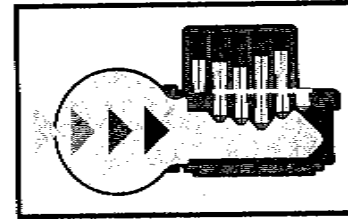

Great for when you run out of stock, or when you are faced with a KA code you and your distributor do not normally stock.

Insert key into padlock cylinder.

Using the fixture, push the plug into the cylinder to shear the pins.

Continue pushing the plug into lock body. Padlock is now custom keyed.

ML376 Punch Tool for Universal Pin Padlocks
54.78

1 3/4" wide laminated case. Pin Tumbler security. Exclusive dual steel levers lock both sides of case-hardened, 5/16" diameter steel shackle. Clearances: vertical 7/8", horizontal 3/4".

ML1UP 12.19 Universal Pin Padlock
ML1LJUP 14.29 1 3/4" Steel Shackle

PRO SERIES PADLOCKS

Pro Series - Brass

Designed to provide extra protection against corrosion, abuse and attack. Solid brass lock bodies resist corrosion. Hardened steel & boron alloy shackles resist cutting attacks, and dead-locking stainless steel ball bearings resist prying. Brass spool pin tumblers are nearly pick-proof. Ideal for jobs requiring strong, durable performance in all weather conditions.

PRO SERIES INTERCHANGEABLE CORE AND COMMERCIAL DOOR KEY SYSTEMS

For the ultimate in security and "same key" convenience, High Security and Weather Tough® Pro Series padlocks can now be easily integrated into popular "interchangeable core" systems. Simply insert OEM 6 and 7 pin interchangeable cores into Pro Series 6400 and 6500 series lock bodies with the appropriate control key. Series 6400 and 6500 padlocks are supplied without cylinders and accept the following OEM cores: Best®, Best® PKS, Kaba® Peaks, KSP®, Lori®

Master Pro Series Weather Tough® padlock Designed to accept popular interchangeable core cylinders. Replaceable case-hardened boron alloy steel shackle. Dual hardened balls lock each shackle leg independently. Weather resistant thermoplastic lock cover and cylinder dust cover. Flow through debris channels. Padlock supplied without cylinder.

• LAMINATED PIN TUMBLER PADLOCKS

LAMINATED 4-PIN TUMBLER PADLOCKS

Highly popular 4-pin tumbler series. Precision cylinder protection. Cadmium rustproofed steel case. Removable key-change number for added security.

Exclusive dual steel locking levers independently lock each shackle leg for increased protection. Patented taper assures smooth vertical shackle movement and precise engagement of locking levers.

No. 7 has patented guard plates to resist attempts at rapping and picking to open the locking lever. Packed 6 per box.

1 3/4" wide laminated case. Pin Tumbler security. Exclusive dual steel levers lock both sides of case-hardened, 5/16" diameter steel shackle. Clearances: vertical 7/8", horizontal 3/4". 2 brass keys, thousands of changes.

REKEYABLE PADLOCKS - LAMINATED STEEL

High security padlocks offering special provision for removable cylinder, making it easy for authorized persons to quickly match up to existing keyed-alike or master keyed systems, or to change the lock cylinder whenever the security of an existing key becomes doubtful due to key loss, personnel turnover and other eventualities. No.'s 21 and 27 are also available with separate shackles, allowing users the ability to install a variety of shackle lengths in lock bodies. Removing the need to stock extensive inventories (lock bodies come with shackle retainer plate unclenched. Simply add desired shackle and clench the plate to permanently anchor the shackle in the lock body.) No. 21 and 27 rekeyables; supplied without cylinder.

NO. 21 PADLOCK

MASTER high security rekeyable padlock with 1 3/4" wide case, 5 pin tumbler cylinder, and special keyway. Case-hardened steel shackle 5/16" dia. Shackle clearance: 15/16" vert., 3/4" horizontal. Dual hardened-steel levers lock each shackle leg independently. (Bodies also available without shackles installed to accept a range of optional long shackles.

•SOLID STEEL BODY REKEYABLE PADLOCKS
•LAMINATED STEEL Warded KEY PADLOCK

HIGH SECURITY REKEYABLE PADLOCKS - DIE CAST BODY

Now-tougher round locks-from MASTER. Exclusive patented cylinder guard delivers maximum rap hammer resistance. For updating security instantly, rekeyable feature permits fast cylinder replacement whenever existing protection is compromised due to loss of keys, or turnover in personnel. Convenient replaceable shackle provision allows you to refit padlocks with extra length shackles providing 2" vertical clearance. Both cylinders and shackle can replaced quickly, easily, by using only a simple hex wrench.

MASTER tough security rekeyable round padlock with 5 pin tumbler W27 cylinder. Replaceable case-hardened shackle 7/16" diameter. Shackle clearance 1" vertical, 3/4" horizontal. Dual hardened-steel balls lock each shackle leg independently. Rust resistant. Triple plated copper-nickel-chrome finish.

MULTI-USER BUILT-IN LOCKER LOCKS

- Allows a locker user to set their own temporary 3-digit combination for the duration of visit
- Designed for standard, lift handle lockers with hinges on the right
- Manual spring locking
- Solid zinc housing provides durability for multiple uses on a daily basis
- Secure, easy to use resettable combination lock offers up to 1,000 different combinations
- Control key for supervisory access; specify key to match existing system or factory assigned
- Extension kit available for use on wooden doors with a thickness of 11/16" to 3/4"

- No. ML3630 91.26**
Description: For standard lift handle lockers with hinges on the right. Vertical lift bolt. 1/4" diameter mounting holes required. Standard 3 hole spacing.
- No. ML3631 91.26**
Description: For standard lift handle lockers with hinges on the left. Vertical lift bolt. 1/4" diameter mounting holes required. Standard 3 hole spacing.
- No. ML3670 91.26**
Description: For turn handle, lift handle and single point latch/box horizontal latch lockers with hinges on the right. Horizontal retracting bolt. 1/4" diameter mounting holes required. Standard 3 hole spacing.

LOCKER LOCKS 50 locks per master carton.

Five pin tumbler mechanism-endorsed by lock experts as the safest, most dependable type of key security. Unique keyway, thousands of changes. Hard-wrought steel case and inner parts rust resistant. Can be installed on right hand or left hand doors with standard locker piercing. Two embossed brass keys, two case-hardened unslotted bolts, and two "kep" nuts with each lock. Wide range of master-keyed systems-tailored to specific requirements. Available for group-keyed installations with 4 to 7 persons having access to the same full-length locker as well as to individual box lockers (add suffix "GK" to number). Key removable only in locked position. Available on request with key removable in both locked and unlocked positions. To order, specify with suffix "R" (example: 1710R, 1714MK-R).

BUILT-IN KEY LOCKS PIN TUMBLER SECURITY

1710 Dead Bolt Cylinder Lock

For steel lockers with handles and vertical locking rods; can also be used on box lockers. Solid locking bolt 3/4" x 1/4", with 5/16" throw.
ML1710MK Master Keyed 18.22
ML1710KA Keyed Alike 13.68

1714 Spring Bolt Cylinder Lock

For box lockers. Locks automatically when door is closed. Solid locking bolt, 3/4" x 1/4", with 5/16" throw.
ML1714MK Master Keyed 18.22

WEATHER COVERED PADLOCKS

1 1/2" wide laminated steel body encased in a high performance thermoplastic cover. 4 pin tumbler cylinder and dual locking steel levers for pick and pry resistance. Shackle is case hardened, measuring 1 1/8" long with a 9/32" diameter. Insert molded shackle cover provides protection against the elements. Shackle clearances: vertical 1", horizontal 1/2". Keys are nickel plated brass and feature colored covers that match body colors. Two keys are provided per lock except 3 packs that include a total of 3 keys. *Carded, 4/shelf pack*

THE TRANSLUCENT SERIES

This front keyway padlock offers convenience and security in unique styles and shapes. The Translucent Series provides strength and versatility for use both indoors and out. The ball bearing locking mechanism ensures durability and pull resistance. The shrouded hardened steel shackle deters cutting and the chrome plated zinc body prevents red rusting.

A two-position adjustable shackle on the 194D allows for added application flexibility. Matching colored key covers make identification quick and easy.

- Front access keyway for ease of use.
 - Shrouded hardened steel shackle for protection against cutting
 - Chrome plated zinc body for strength and durability
 - Matching covered key heads for easy identification
 - Adjustable two-position shackle on the 193 for application flexibility
- 192 comes in a shelf pack of 4 pcs: 1 each of red, blue, green and purple.
