7150 SERIES - Squarebolt®

Just as easy to open as traditional latchbolts, the Squarebolt® exit device's unique construction offers innovative protection. Its patented *Squarebolt* (Pat. no. 5,605,362) design presents an improved physical barrier over standard rim latchbolts. The *Squarebolt* exit device locks into place and stays there. Credit cards, crowbars, door rattling and shaking are resisted, significantly reducing the threat of unauthorized entry.

- Patented Squarebolt security deadbolt designed for maximum holding power
- Non-handed for easy installation
- Can be retrofitted onto existing 7100 Series templated doors
- Fully adjustable surface-mounted 3/8" diameter roller strike complete with positive locking plate and shims
- Available in double cylinder function
