

## Getting to Know Logitech® Wireless Illuminated Keyboard K800

### Features Guide

**It knows when you're near**  
The backlighting turns on when your hands approach the keyboard and turns off when you move away.

**Détecteur de présence**  
Le rétroéclairage s'allume lorsque vos mains s'approchent du clavier, et se désactive lorsque vous vous éloignez.

**Reconoce la proximidad**  
La retroiluminación se activa cuando las manos se acercan al teclado y se desactiva cuando se alejan.

**Go brighter. Or dimmer.**  
The power to manually adjust your keyboard's backlighting is never more than a button press away. Use FN + F5 and F6 to adjust it to off, 25%, 50%, 75% or full brightness.

**Plus lumineux. Ou plus tamisé.**  
Il vous suffit d'appuyer sur un bouton pour ajuster le rétroéclairage manuellement. Utilisez les touches FN + F5 et F6 pour ajuster la luminosité à 25%, 50%, 75% ou 100%.

**Más brillante. O más atenuado.**  
Probadas de ajustar manualmente la retroiluminación del teclado con una sola pulsación. Usa FN + F5 y F6 para establecer ajustes de desactivación, 25%, 50%, 75% o brillo total.

1

**Let it shine**  
An ambient light sensor automatically adjusts the backlight, energy—helping preserve battery life—depending on the amount of light in the room.

**Que la lumière soit**  
Un détecteur d'ambiance permet d'ajuster l'intensité du rétroéclairage en fonction de la luminosité de la pièce, vous permettant de ménager la batterie.

**Que brille**  
Un sensor de luz ambiental ajusta automáticamente la intensidad de la retroiluminación (con lo que ayuda a conservar la carga de la batería) según el grado de iluminación en la habitación.

3

Sure, its base-etched keys are bright and evenly illuminated, but you can do more with your new keyboard than type in the dark. Read on to learn more. For more about your Wireless Illuminated Keyboard K800 or other Logitech products, please visit [Logitech.com](http://Logitech.com).

Bien sûr, les touches gravées au laser sont rétroéclairées et lumineuses. Mais vous pouvez faire plus que taper dans le noir. Pour en savoir plus sur le clavier Wireless Illuminated Keyboard K800 ou sur les autres produits Logitech, rendez-vous sur [Logitech.com](http://Logitech.com).

Si la tecla con el símbolo de la batería no brilla, esto significa que no se puede hacer más con el nuevo teclado que escribir en la oscuridad. Más información. Para obtener más información sobre Wireless Illuminated Keyboard K800 u otros productos de Logitech, visita [Logitech.com](http://Logitech.com).

4

**Power up while you work**  
Recharge your keyboard through your computer's USB port even while you're using it. Or purchase a wall charging adapter at [www.logitech.com/support](http://www.logitech.com/support).

**Se recharge pendant que vous l'utilisez**  
Vous pouvez recharger le clavier par le bas d'un port USB de l'ordinateur, même pendant que vous l'utilisez. Vous avez également la possibilité d'acheter un adaptateur pour le charger sur [www.logitech.com/support](http://www.logitech.com/support).

**Se carga mientras se utiliza**  
Recargue el teclado mediante el puerto USB de la computadora, incluso mientras lo utiliza. O adquiere un adaptador de pared en [www.logitech.com/support](http://www.logitech.com/support).

**Know your limits**  
You can check the level of your battery by pressing FN + F7.  
2 green LEDs = 100%  
2 green LEDs = 80%  
1 green LED = 30%  
1 red LED = 10% (end time to recharge)

**Connaissez vos limites**  
Vous pouvez vérifier l'état de la batterie en appuyant sur FN + F7.  
2 diodes allumées en vert = 100%  
2 diodes allumées en vert = 80%  
1 diode allumée en vert = 30%  
1 diode allumée en rouge = 10% (vous devez recharger le clavier)

**Conoce tus límites**  
Puedes comprobar el nivel de carga de las baterías pulsando FN + F7.  
2 diodos verdes = 100%  
2 diodos verdes = 80%  
1 diodo verde = 30%  
1 diodo rojo = 10% (hora de recargar)

**Carga rápida**  
Conserva una recarga más rápida? Usa el computador de escritorio/apagado para apagar completamente el teclado y obtener una carga completa en tan solo tres horas.

**Grab a quick refill**  
Want a faster recharge? Use the On/Off switch to power down the keyboard completely and get a full charge in just three hours.

**Recharge rapide**  
Vous souhaitez recharger le clavier plus rapidement? Utilisez l'interrupteur On/Off pour mettre le clavier hors tension et le recharger en seulement trois heures.

**Carga rápida**  
¿Quieres una recarga más rápida? Usa el computador de escritorio/apagado para apagar completamente el teclado y obtener una carga completa en tan solo tres horas.

**Stand tall**  
Save space on your desk. When you're not using your keyboard, you can store it standing up.

**Ahorro de espacio**  
Economice el espacio sobre su escritorio. Cuando no lo está usando, puede colocarlo verticalmente.

**En pie**  
Ahorra espacio. Cuando no uses el teclado, puedes colocarlo verticalmente.

8

**Add a mouse**  
To the same receiver. Once you install Logitech Unifying software, you can connect up to six additional compatible mice and keyboards without filling up your USB ports. Visit [www.logitech.com/unifying](http://www.logitech.com/unifying) for more information.

**Ajoutez une souris**  
Sur le même récepteur. Une fois le logiciel Logitech Unifying installé, vous pouvez connecter jusqu'à six autres souris et claviers compatibles sans monopoliser les ports USB de l'ordinateur. Pour plus d'informations, rendez-vous sur [www.logitech.com/unifying](http://www.logitech.com/unifying).

**Agrega un mouse**  
Al mismo receptor. Cuando instales el software Logitech Unifying, podrás conectar hasta seis ratones y teclados compatibles sin agotar los puertos USB. Visita [www.logitech.com/unifying](http://www.logitech.com/unifying) para obtener más información.

#### **Federal Communication Commission Interference Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

#### **Industry Canada Statement**

This device complies with RSS-210 of the Industry Canada Rules. Operation is subject to the following two conditions:

- 1) this device may not cause interference and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device

#### **台灣使用注意事項:**

經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾
