Know your product

1. iPad® holder
2. Protective cover
3. Function keys
4. Bluetooth® and battery status light
5. Keyboard
6. Bluetooth connect button
7. Micro-USB charging port
8. Micro-USB cable

Set up your folio

**Open the folio and insert your iPad in the frame****Move the frame into the typing position**

The Keyboard Folio automatically powers on and the status light blinks green for two seconds. The status light turns blue to indicate the folio is ready for pairing.

Note: The status light briefly flashes red if your batteries are low. See “Charge the batteries.”

Set up Bluetooth

On your iPad, turn on Bluetooth in Settings > General.

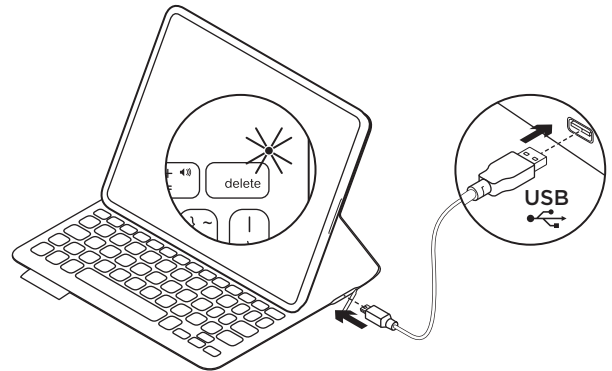

Open the devices menu and tap the Logitech Folio icon. If a PIN is required, enter it on the folio keyboard.

The status light on the folio turns solid blue to indicate a successful Bluetooth connection.

Connecting to another iPad

You can easily use the Keyboard Folio with another iPad. Insert the iPad into the folio frame, rotate the frame into the typing position, and follow the instructions in “Set up Bluetooth.”

Charge the batteries

Charge your folio batteries if the status light blinks red after power-on.

Lift the power port cap and plug the Micro-USB cable into the charging port.

Plug the other end of the cable into a USB port on your laptop.

The status light blinks green as the folio charges, then turns solid green at full charge.

When fully charged, the battery powers your folio for about 3 months (assuming an average of two hours of use per day).

The folio enters sleep mode if powered on but not in use. Press any key to wake.

Using the folio with your iPad

Powering your iPad on/off

Opening the Keyboard Folio powers on your iPad. Closing the folio powers off your iPad.

Two viewing angles

The folio frame provides two viewing positions—one for typing and another for browsing. Moving your folio frame into the typing position automatically powers on the keyboard. Placing the frame in browsing position automatically powers off the keyboard.

Function keys

Key	Description	Key	Description
	Display Home		Back
	Lock/unlock screen		Play/pause
	Start Siri		Forward
	Start iPad search		Mute
	Switch languages		Volume down
	Show/hide keyboard		Volume up
	Slideshow		

Status-light indicators

Light	Description
Blinking green	Battery is charging
Green	The battery is charged
Red	Bluetooth connection established; battery power is low (less than 20% charge). Recharge the Keyboard Folio.
Blinking blue	The Keyboard Folio is attempting to make a Bluetooth connection to the iPad; the battery is charged.
Solid blue	Bluetooth pairing is successful

Troubleshooting

Keyboard Folio not working?

- Move the iPad holder into typing position. The Keyboard Folio does not work if the iPad holder is incorrectly placed.
- Press any key to wake the Keyboard Folio from sleep mode.
- Recharge the folio batteries. For more information, see “Charge the batteries.”
- Re-establish the Bluetooth connection between the Keyboard Folio and iPad:

Verify that iPad’s Bluetooth feature is turned on.

Choose “**Logitech Keyboard Folio XX**” from the Devices menu on your iPad. The status light briefly turns blue after the Bluetooth connection is made.
