Set-up

- Press and hold the tap button for approximately 6 seconds. Once the LED starts to blink slowly, release the tap button and go to step 2.
- Press and hold the off button on the wireless controller or sensor for approximately 6 seconds.
- Once the electronic switch learns the wireless controller or sensor, its LED and load will flash 3 times and the switch will exit set-up mode.
- Repeat steps 1–3 to set up multiple wireless controllers or sensors to a single electronic switch. Repeat steps 1–3 to set up a single wireless controller or sensor to multiple electronic switches.
- To save a favorite light setting, adjust all the electronic switches controlled by a wireless controller to the desired light setting, then press and hold the preset button on the wireless controller for approximately 6 seconds until the LED on the electronic switch stops blinking. Once a favorite light setting is set, pressing the preset button will cause each electronic switch to return to the favorite light setting.

Configuración

- Presione y mantenga el botón a presión durante aproximadamente 6 segundos. Cuando el LED comience a parpadear lentamente, suelte el botón a presión y vaya al paso 2.
- Presione y mantenga el votón off del controlador inalámbrico o del sensor durante aproximadamente 6 segundos.
- Cuando el interruptor electrónico descubra al controlador o sensor inalámbrico, su LED y carga van a parpadear 3 veces y el interruptor va a salir del modo configuración.
- Repite los pasos 1–3 para configurar múltiples controladores o sensores inalámbricos con un único interruptor electrónico. Repita los pasos 1–3 para configurar un único controlador o sensor inalámbrico a múltiples interruptores electrónicos.
- Para guardar el nivel favorito de luz, ajuste todos los interruptores electrónicos controlados por un controlador inalámbrico al nivel deseado, luego presione y mantenga el botón de estado predefinido en el controlador inalámbrico durante aproximadamente 6 segundos hasta que los LEDs del interruptor electrónico deje de parpadear. Una vez que el nivel de luz favorito ha sido configurado, la presión del botón de estado predefinido provocará que cada interruptor electrónico regrese al nivel de luz favorito.

Réglage

- Tenir enfocé le bouton de l'interrupteur électronique pour approximativement 6 secondes. Une fois que la DEL commence à briller faiblement, relâcher le bouton et aller à l'étape 2.
- Tenir enfocé le bouton off du contrôleur sans fil ou du détecteur pour approximativement 6 secondes.
- Une fois que l'interrupteur électronique apprend à reconnaître le contrôleur sans fil ou le détecteur, sa DEL et sa charge vont clignoter 3 fois et l'interrupteur quittera le mode réglage.
- Répéter les étapes 1–3 pour assigner de multiples contrôleurs sans fil ou capteurs à un interrupteur électronique. Répéter les étapes 1–3 pour assigner un contrôleur sans fil ou capteur à de multiples interrupteurs électriques.
- Pour sauve garder un réglage d'éclairage favori, ajustez tous les interrupteurs électriques commandés par les contrôleurs sans fil au réglage désiré, ensuite appuyer et maintenir enfocé le bouton de scène prérglage du contrôleur sans fil pendant approximativement 6 secondes jusqu'à ce que la DEL de l'interrupteur électronique cesse de clignoter. Une fois un réglage d'éclairage favori est atteint, une pression sur le bouton de scène prérglage fera retourner chaque interrupteur électronique à son réglage d'éclairage favori.

Need Portuguese Configuration

- Presione y mantenga el botón a presión durante aproximadamente 6 segundos. Cuando el LED comience a parpadear lentamente, suelte el botón a presión y vaya al paso 2.
- Presione y mantenga el votón off del controlador inalámbrico o del sensor durante aproximadamente 6 segundos.
- Cuando el interruptor electrónico descubra al controlador o sensor inalámbrico, su LED y carga van a parpadear 3 veces y el interruptor va a salir del modo configuración.
- Repita los pasos 1–3 para configurar múltiples controladores o sensores inalámbricos con un único interruptor electrónico. Repita los pasos 1–3 para configurar un único controlador o sensor inalámbrico a múltiples interruptores electrónicos.
- Para guardar el nivel favorito de luz, ajuste todos los interruptores electrónicos controlados por un controlador inalámbrico al nivel deseado, luego presione y mantenga el botón de estado predefinido en el controlador inalámbrico durante aproximadamente 6 segundos hasta que los LEDs del interruptor electrónico deje de parpadear. Una vez que el nivel de luz favorito ha sido configurado, la presión del botón de estado predefinido provocará que cada interruptor electrónico regrese al nivel de luz favorito.

Limited Warranty

(Valid only in U.S.A., Canada, Puerto Rico, and the Caribbean.)
Lutron will, at its option, repair or replace any unit that is defective in materials or manufacture within one year after purchase. For warranty service, return unit to place of purchase or mail to Lutron at 7200 Suter Rd., Coopersburg, PA 18036-1299, postage pre-paid. This warranty is in lieu of all other express warranties, and the implied warranty of merchantability is limited to one year from purchase. This warranty does not cover the cost of installation, removal, or reinstallation, or damage resulting from misuse, abuse, or damage from improper wiring or installation. This warranty does not cover incidental or consequential damages. LUTRON'S LIABILITY ON ANY CLAIM FOR DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE MANUFACTURE, SALE, INSTALLATION, DELIVERY, OR USE OF THE UNIT SHALL NEVER EXCEED THE PURCHASE PRICE OF THE UNIT.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty may last, so the above limitations may not apply to you.

This product is covered under one or more of the following U.S. patents: 7,362,285; 7,365,282; 7,408,525; 7,548,216 and corresponding foreign patents. U.S. and foreign patents pending. Lutron, Claro, Maestro, Maestro Wireless, The Sunburst Logo and Satin Colors are registered trademarks and FASS is a trademark of Lutron Electronics Co., Inc. NEC is a registered trademark of National Fire Protection Association, Quincy, Massachusetts. © 2009 Lutron Electronics Co., Inc.

Garantía Limitada

(Válido solamente en los E.U.A., Canadá, Puerto Rico y el Caribe.)

Lutron, a discreción propia, reparará o reemplazará las unidades con fallas en sus materiales o fabricación dentro del año posterior a la compra de las mismas. Para obtener el servicio de garantía, remita la unidad al lugar donde la adquirió o envíela a Lutron, 7200 Suter Rd., Coopersburg, PA 18036-1299, con servicio postal prepago. ESTA GARANTÍA REEMPLAZA A TODA OTRA GARANTÍA EXPRESA Y LA GARANTÍA IMPLÍCITA DE COMERCIALIZABILIDAD ESTÁ LIMITADA A UN AÑO DESDE LA FECHA DE COMPRA. ESTA GARANTÍA NO CUBRE EL COSTO DE INSTALACIÓN, DE REMOCIÓN NI DE REINSTALACIÓN. NI LOS DAÑOS PROVOCADOS POR USO INCORRECTO O ABUSO NI LOS DAÑOS RESULTANTES DE UN CABLEADO O UNA INSTALACIÓN INCORRECTOS. ESTA GARANTÍA NO CUBRE DAÑOS INCIDENTALES O INDIRECTOS. LA RESPONSABILIDAD DE LUTRON ANTE UNA DEMANDA POR DAÑOS CAUSADOS POR O RELACIONADOS CON LA FABRICACIÓN, VENTA, INSTALACIÓN, ENTREGA O USO DE LA UNIDAD NO EXCEDERÁ EN NINGÚN CASO EL PRECIO DE COMPRA DE LA UNIDAD.

La presente garantía le otorga derechos legales específicos y usted puede tener otros derechos que varían según el estado. Algunos estados no admiten la exclusión o limitación de los daños incidentales o indirectos, ni las limitaciones en la duración de las garantías implícitas, de modo que las limitaciones anteriores pueden no ser aplicables en su caso.

Este producto puede estar cubierto por una o más de las siguientes patentes de E.U.A.: 7,362,285; 7,365,282; 7,408,525; 7,548,216 y las patentes internacionales correspondientes. Patentes de E.U.A. internacionales en trámite.

Lutron, Maestro, el logo Sunburst y FASS son marcas registradas y Claro, Maestro Wireless y Satin Colors son marcas registradas de Lutron Electronics Co., Inc. NEC es una marca registrada de National Fire Protection Association, Quincy, Massachusetts. © 2009 Lutron Electronics Co., Inc.

Garantie limitée

(Valide seulement aux États-Unis, Canada, Porto Rico et les Caraïbes.)

Lutron, à son choix, réparera ou remplacera tout équipement jugé défectueux quant aux matériaux ou la fabrication moins d'un an suivant la date d'achat. Pour le service avec garantie, retourner l'unité au détaillant ou à Lutron au 7200 Suter Rd., Coopersburg, PA 18036-1299, par poste affranchie.

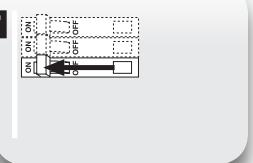

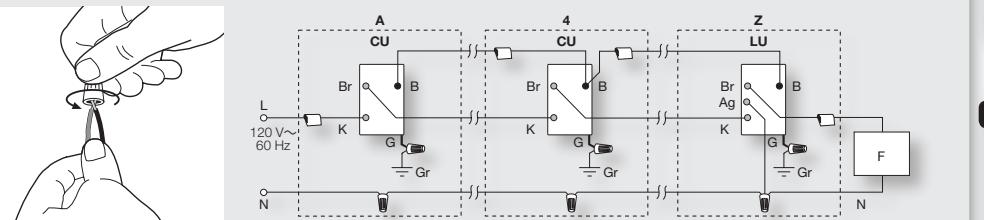

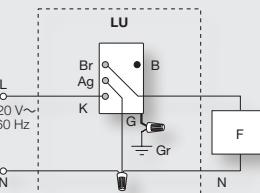

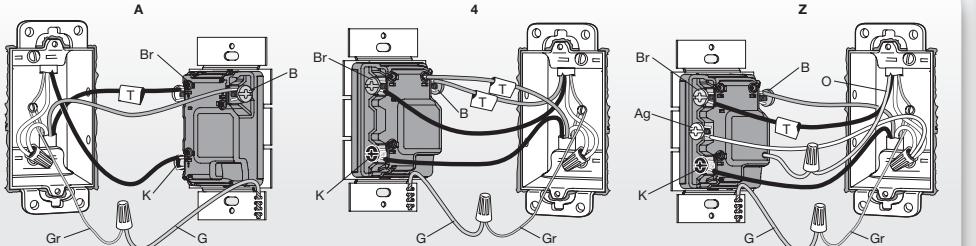

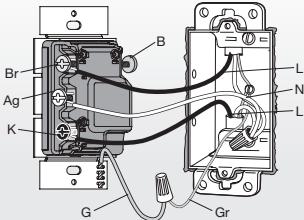

Cette garantie remplace toute autre garantie expresse et la garantie implicite de qualité marchande est limitée à une durée d'un an suivant l'achat. Cette garantie ne couvre pas les frais d'installation, de retrait ou de réinstallation, ni les dommages résultant d'un mauvais usage, d'abus, d'un câbleage ou d'une installation inadéquats. Cette garantie ne couvre pas les dommages indirects ou consécutifs ou liés à la fabrication, la vente, l'installation, la livraison ou l'utilisation. LE PRIX D'ACHAT.

Cette garantie vous accorde des droits légaux précis et il se peut que vous ayez aussi d'autres droits, selon les États ou Provinces. Certains États ne permettent pas de limiter ou d'exclure les dommages indirects ou consécutifs ni de limiter quant à la durée de la garantie implicite, alors les limites ci-dessus peuvent ne pas vous concerner.

Ce produit est couvert par un ou plusieurs brevets américains suivants : 7,362,285; 7,365,282; 7,408,525; 7,548,216 et les brevets internationaux correspondants. Brevets en instance aux E.-U. et à l'étranger. Lutron, et le logo Sunburst sont des marques déposées enregistrées et FASS, Claro, Satin Colors, Maestro et Maestro Wireless sont des marques commerciales de Lutron Electronics Co., Inc. Le NEC est une marque déposée de la National Fire Protection Association, Quincy, Massachusetts. © 2009 Lutron Electronics Co., Inc.
