

# Taurus

## BABY MONITOR

### ☐ Night mode \*

Long press the night light button  on Parent Unit or Baby Unit for 5 seconds, Parent Unit power light turns orange, Baby Monitor zero emission when quiet

### ☐ Day mode

Long press the night light button  on Parent Unit or Baby Unit for 5 seconds, Parent Unit power light turns green, out of range function works

\* Night Mode will reduce the radio emission to minimum up to zero when it is quiet. However, under Night Mode there is no Range Alarm function. So this mode is recommended to use when Parent Unit and Baby Unit are placed fixed positions such as parents and baby's rooms, typically in the night case. The way to use Night and Day modes is a pending patent of MC Devices.
