

Instruction Manual

How to Operate your Listening Device

- 1) The Transmitter and the Receiver are on the same frequency. When both units are ON, the Receiver can pick up the voice from the Transmitter.
- 2) Open battery compartment of the Transmitter and insert in 5 pcs GP-13A button cell battery, close battery compartment.
- 3) Open battery compartments of the Receiver and Snap in one 9-Volt battery, close battery compartment.
- 4) Turn the ON/OFF band switch of the Transmitter to the "ON" position.
- 5) Select "LO" or "HI" volume of the Receiver by using the selection switch.
- 6) Your Listening Device is now in function. In the event of interference caused by other radio signals in the vicinity, move to be different location.

Caution

- 1) Your transceiver set has been fully adjusted prior to shipment from the factory. Be sure not to touch the internal components other than replacing batteries.
- 2) When the sound becomes weak, it is time to change the batteries.
- 3) After use, always turn the "ON/OFF" switch to "OFF" position.
- 4) Keep your set in a dry and clean place.
