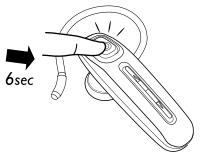
* "Pair" to your Bluetooth phone

Before you use your headset for the first time, ensure that it is paired to use it with, such as your Bluetooth phone.

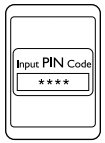
Ensure the headset is off.



Press and hold the Multi-Function Button until you see blinking Blue and Red light. (approximately 6 seconds), then release.

Set your Bluetooth phone to "discover" the headset by following your phone's instruction guide. Typically, "Bluetooth" menu on your phone and then selecting the option to "discover" a Bluetooth device.

Your phone will find your headset and ask if you want to pair with it. Confirm this by pressing "yes" or "ok".



Enter passkey or PIN = 0000(4 zeros), then press "yes" or "ok"

* Auto connection

Once you pair the headset with a device, the Headset will be automatically connected to the device whenever you turn the Headset on.

IMPORTANT!

When the headset paired with mobile phone, the indication light will flash two times every 5 seconds. If failed, the blue indicator light will flash one time every 5 seconds.

English

* OPERATION *

1 Turning headset on/off

15 Warranty

The condition of this warranty and our responsibilities under this warranty are as follows:

Supplier's warranty is non-transferable. And this warranty is limited to the original purchaser only.

" You must be able to prove the date of original purchase of the unit with a dated receipt.
" The warranty is not applicable if the product has been subject to physical abuse, improper installation, modification or repair by unauthorized third party.
" The responsibility of supplier's products shall be limited to the repair or replacement of the product at it's sole discretion.
" Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear such as batteries, decorates and other accessories.
" A supplier will not take any responsibility if the failure of the unit has resulted from accident, abuse, misuse, or any unauthorized repair, modification or disassemble.
" Modification and repair of the unit should be done by authorized and qualified service personnel, Center or returned to the manufacturer
" This warranty gives you specific legal rights, and you may also have other rights which vary under local laws.

16 WEEE Symbol Information

Correct Disposal of This Product
(Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems)

This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life.
To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.
