

WIRELESS USB DONGLE

MODEL:W050A

FAQ

1. How do I connect this installation unit to the USB 3.0 operating system?

2. How do I connect this installation unit to the USB 2.0 system?

3. How do I connect this installation unit to the USB 1.1 system?

4. How do I connect this installation unit to the Windows 10 system?

5. How do I connect this installation unit to the Windows 8.1 system?

6. How do I connect this installation unit to the Windows 7 system?

7. How do I connect this installation unit to the Windows Vista system?

8. How do I connect this installation unit to the Windows XP system?

9. How do I connect this installation unit to the Windows 2000 system?

10. How do I connect this installation unit to the Windows 98 system?

This device has been successfully added to this computer

1. The device has been successfully added to this computer.

2. The device has been successfully added to this computer.

3. The device has been successfully added to this computer.

4. The device has been successfully added to this computer.

5. The device has been successfully added to this computer.

6. The device has been successfully added to this computer.

7. The device has been successfully added to this computer.

8. The device has been successfully added to this computer.

9. The device has been successfully added to this computer.

10. The device has been successfully added to this computer.

Driver Installation From Cd

1. Insert the driver installation CD into the CD-ROM drive.

2. Run the driver installation program.

3. Follow the on-screen instructions.

4. Restart the computer.

5. The driver has been successfully installed.

Bluetooth Pairing Steps

1. Turn on the Bluetooth function on the mobile phone.

2. Search for the device.

3. Select the device.

4. Confirm the pairing.

5. The device has been successfully paired.

Driver Download & Installation Steps

1. Go to the manufacturer's website.

2. Download the driver.

3. Install the driver.

4. Restart the computer.

5. The driver has been successfully installed.

Tip for Installation

1. Make sure the device is connected correctly.

2. Make sure the device is powered on.

3. Make sure the device is in pairing mode.

4. Make sure the device is within range.

5. Make sure the device is not blocked.

Einrichtungsschritte für kabellose Geräte

1. Schalten Sie das Bluetooth-Funktion auf dem Mobiltelefon ein.

2. Suchen Sie nach dem Gerät.

3. Wählen Sie das Gerät aus.

4. Bestätigen Sie die Verbindung.

5. Das Gerät wurde erfolgreich verbunden.

Convert to Windows 10

1. Click on the "Convert to Windows 10" button.

2. Follow the on-screen instructions.

3. The conversion process will begin.

4. The device has been successfully converted to Windows 10.

Bluetooth Pairing Steps

1. Turn on the Bluetooth function on the mobile phone.

2. Search for the device.

3. Select the device.

4. Confirm the pairing.

5. The device has been successfully paired.

Correct Disposal Of This Product

1. This product should be disposed of correctly.

2. Do not throw it away with other waste.

3. Recycle it properly.

4. Follow the local disposal regulations.

5. The product has been successfully disposed of.

Recycling Statement

1. This product is made of recyclable materials.

2. It can be recycled.

3. Please recycle it.

4. The product has been successfully recycled.

FAQ

1. How do I connect this installation unit to the USB 3.0 operating system?

2. How do I connect this installation unit to the USB 2.0 system?
