

Pass Key/Cle de passe: 0000

- A** Ear Clip
- B** USB Charge Port
- C** Power Button
- D** Microphone
- E** Volume Control
- F** Speaker
- G** USB Charging Cable
- H** Multifunction Button
- I** LED Indicator
- J** Activator Switch

* Console & PC Not Included/Non Inclus

Step 1 - Activation:
1. Prior to first-time use, slide the Activator Switch (J) to the ON position.Step 2 - Charging:
1. Plug the USB Charging Cable (G) into an available USB port on your PS3 or PC and the other end into the Headset's USB Charge Port (B). Charge the Headset either by itself, or while connected to the Charge Base.

2. The LED Indicator (I) will illuminate Red while charging.

3. When the battery is fully charged, the LED Indicator (I) will change from Red to Blue, and remove the USB Charge Cable (G) after the Headset is fully charged.

Step 3 - Pairing:
1. Ensure the Headset is OFF (no blinking lights) and the USB Charge Cable (G) is removed before starting the pairing process.

2. Hold down the Power button (C), When the Power button is first depressed, the LED Indicator (I) will flash Blue only. Do not release the Power button until the LED Indicator flashes both Blue and Red.

3. No pairing for Bluetooth Headsets on your PS3 (see the Scanning for Bluetooth Headsets on PS3 section below for detailed instructions).

4. Once the scan is complete, the PS3 will recognize all Bluetooth devices within range.

5. Locate 88606 from the list of available devices, and then press X on 88606. You will be prompted for a Pass Key, and then press X on OK.

6. Enter 0000 (four zeros) as the Pass Key, and then press X on OK.

7. Once step 6 is complete, you will need to locate the Audio Device Settings menu and change the Input Device setting to 88606 (see the Audio Device Settings section below for detailed instructions).

8. This will complete the pairing process.

9. When changing games or resetting the console, go to the Audio Device Settings menu and ensure the Headset is being detected before starting the game.

Scanning for Bluetooth Headsets on PlayStation 3 (PS3 Gaming Controller Required):

1. Power On your PS3 console.

2. Use the PS3 controller to select Accessory, and then press X.

3. Locate Manage Bluetooth Devices, and then press X.

4. If there are no Bluetooth Devices registered, select Yes, and then press X. If there are Bluetooth Devices registered, select Register New Device, and then press X.

5. Press X on Start Scanning.

6. Press X on the Pass Key window.

7. Enter 0000 (four zeros), and then press X on OK.

8. Registration will be complete. Press your controller's circle button twice to get back to the Accessory Settings menu.

Audio Device Settings:

1. Go to the Accessory Settings menu, and then press X on Audio Device Settings.

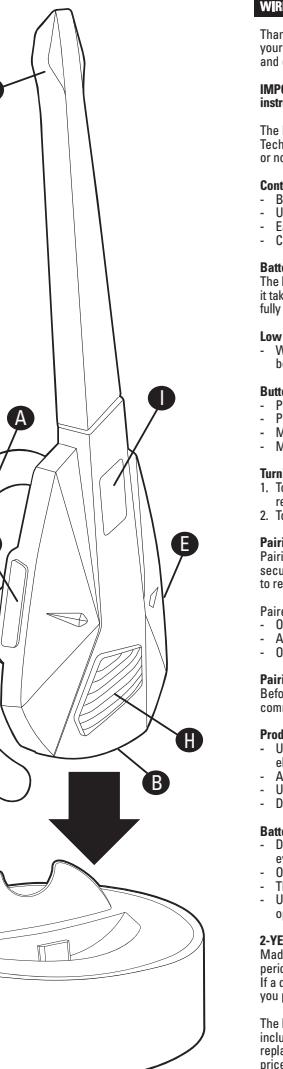

2. Highlight Input Device, and then press X.

3. Press down or up on your controller's D-Pad, locate 88606, and then press X on 88606.

4. You should now hear your voice when speaking into the Headset's microphone.

5. Highlight OK, and then press X.

6. The Headset is now ready for online use.

WIRELESS HEADSET FEATURING BLUETOOTH® TECHNOLOGY (ENGLISH)

Thank you for purchasing the Mad Catz Wireless Headset Featuring Bluetooth Technology for use with your PlayStation 3 video game system. Be sure to register your product online at www.madcatz.com and check out our full line of other quality video game accessories.

IMPORTANT! Before using the PlayStation 3 system with this product, read the PlayStation 3 system instruction manual for safety, and other information regarding the use of the PlayStation 3 system.

The Bluetooth Headset is a wireless headphone developed with the latest Bluetooth Wireless Technology, which can connect to other Bluetooth devices such as the PS3, mobile phones, desktop or notebook computers, PDAs etc., within a range of 30 ft. (9.15 meters).

Contents:

- Wireless Headset
- USB Charge Cable
- Ear-hook
- Charge Base

Battery Charging:

The Headset comes with a rechargeable battery which is not fully charged when new. For first time use, it takes 4 hours to fully charge the battery. Subsequent charges will take about 2 hours. With the battery fully charged, talk time will be about 6 hours, and the stand-by time will be about 120 hours.

Low Battery Indicator:

- When the Red LED indicator flashes slowly, it means the Headset's battery is low; the Headset will beep as a reminder to recharge.

Button Functions:

- Power Button: Power ON/OFF; Pairing
- Plus Button: Increase volume
- Minus Button: Decrease volume
- Multifunction Button: Mute, Call

Turning the Headset ON or OFF:

1. To turn the Headset ON, press and hold the Power button until the Blue LED indicator appears, then release the button. The Blue LED indicator will flash and you should hear an audible beep.
2. To turn the Headset OFF, repeat the above directions.

Pairing the Headset:

Pairing the Headset with each other. It will establish a permanent link between the devices and enable quick access to the services provided without the need to re-enter Pass Keys. You will only need to pair your PS3 and the Headset once.

Paired devices remain paired even when:

- One of the devices is powered off.
- A service connection is interrupted or stopped.
- One or both devices are restarted.

Pairing the Headset with the PS3:

Before the Headset can be used with the PS3, the two devices must be "paired" so they can communicate with each other. Use a gaming controller for this procedure.

Product Maintenance:

- Use of non-original accessories may result in performance deterioration, injury, product damage, electric shock, and warranty termination.
- Attempting to disassemble your Headset may damage it, and the warranty will be void.
- Use only a clean soft cloth to clean your Headset.
- Do not allow children to play with your Headset as they may injure themselves or damage the Headset.

Battery Care:

- Do not store the Headset in extreme hot or cold temperatures and the battery should be recharged every two months if not in use for extended periods of time.
- Only qualified Service Centers are authorized to remove or replace the battery.
- The battery can only be charged in a temperature range of 30°F - 113°F (0°C to 45°C)
- Use the Headset at room temperature for maximum battery capacity as it may be reduced if operated in a cold environment.

2-YEAR LIMITED WARRANTY

Mad Catz warrants this product to be free from defects in materials and workmanship for the warranty period. This non-transferable, two (2) year limited warranty is only to you, the first end-user purchaser, if a defect covered by this warranty occurs AND you have registered your product with Mad Catz AND you provide proof of purchase, Mad Catz, at its option, will repair or replace the product at no charge.

The Mad Catz two (2) year limited warranty is available to North American and European customers including Canada, Mexico and the United States. Your sole and exclusive remedy is repair or replacement of your Mad Catz product. In no event shall Mad Catz liability exceed the original purchase price of the product. This warranty does not apply to: (a) normal wear and tear or abusive usage; (b) industrial, professional or commercial use; (c) if the product has been tampered with or modified.

To obtain warranty service:

- North America: call Mad Catz Technical Support at 1.800.659.2287 or 1.619.683.2815
- Europe: call Mad Catz Technical Support at +44 (0) 8450-508418
- Obtain a Return Authorization Number from Mad Catz Technical Support
- Ship the product to Mad Catz at your expense for service
- Enclose a copy of the original sales receipt showing a purchase date
- Enclose a full return address with daytime and evening phone numbers

TECHNICAL SUPPORT

North American E-mail: techsupport@madcatz.com
North American telephone: Available 8 A.M. - 12 P.M., 1 P.M. - 4 P.M. Pacific Standard Time, Monday through Friday (excluding bank holidays) at +44 (0) 8450-508418

CAUTIONS □

- Permanent hearing loss may occur if earphones or headphones are used at high volume for extended periods of time.
- To prevent fire or shock hazard, do not expose this unit to rain or moisture. Do not use within 30' of any water such as swimming pools, bathtubs, or sinks.
- To avoid electrical shock, do not disassemble. Refer servicing to qualified personnel only.
- Never insert objects of any kind, other than authorized items, into the product as they may touch dangerous voltage points or short out parts that could result in fire or electric shock.
- Store the Headset in a cool dry place. Do not expose the Headset to direct sunlight or extreme temperatures.
- Avoid prolonged use of the unit. If the condition persists, consult a doctor.
- Avoid prolonged use of the unit. Take breaks every 30 minutes.
- Route all cords so that they are not likely to be walked on or tripped over. Make sure that cords are not placed in a position or areas where they may become pinched or damaged.
- Do not wrap cords around any part of anyone's body.
- Do not play with cords.
- Do not disperse of this product. Refer to local country, state and city guidelines for appropriate methods of battery disposal.
- This product contains small parts that may cause choking if swallowed. Not intended for use by children under 3 years of age.

EU DECLARATION OF CONFORMITY:

As required, certain of these products have been tested and conform to the requirements of the European Union Directives 1999/5/EC, 2002/95/EC, 2002/96/EC, and 2004/108/EC. Authorized signatory of the manufacturer is Mad Catz, Inc., 7480 Mission Valley Road, Suite 101, San Diego, CA 92108.

CAUTION:

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Trade Name: Wireless Headset Featuring Bluetooth Technology
Model Number: 88606

FCC NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no

guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC statement:
"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation."

FCC Caution:
"Changes or modifications not expressly approved by the responsible party for compliance could void the user's authority to operate the equipment."

RSS-Gen & RSS-210 statement:
"This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation."
