

Mad Catz OEM Gamepad

Setup Instructions

Version 1.0

1. Installation

2 x AAA batteries are required to power the product. 1 battery is inserted into the battery compartment in both left and right handles.

Setup with Dongle

1. Ensure batteries are inserted.
2. Insert USB dongle into an available USB port.
3. Press and hold the home button for 3 seconds to power the pad on.
4. Wait for the pad to automatically connect.
5. When the Home LED is lit constantly blue, the pad is ready to use.

Setup without Dongle – *This is only compatible with Windows 8 and Android 4.4 devices that support Bluetooth Smart devices.*

1. Ensure batteries are inserted.
2. Make sure the USB dongle is not plugged in.
3. Press and hold the home button for 3 seconds to power the pad on.
4. Press and hold the Start button for 5 seconds to enter pairing mode.
5. Search for devices on the host, when the gamepad appears, tap the entry to pair and connect.

Media Functions

To access the media control press and hold the media shift button (above the home button) and press the corresponding labelled button on the pad.

Release the media shift button to continue using the pad normally.

LED Indicators

Blinking **Red** to **Blue**: Discoverable

Solid **Blue**: Connected

Solid **Red**: Low Battery

Purple Flash: Pairing info is removed

Important Button Presses

Power product on/off: Press and hold the home button for 3 seconds

Clear pairing information and enter pairing mode: Press and hold Start button for 5 seconds.

Game Pad Modes

The gamepad has three modes. Each mode is slightly difference in terms of functionality. If you are unsure about which to use, here are our suggestions:

GameSmart Mode: Select this mode for Android gaming on M.O.J.O., smartphones and tablets.

Mouse Mode: This mode enables the left stick to control the mouse cursor. The face and bumper buttons will control mouse clicks. Select this mode on either Android or PC to navigate menus, enter text, browse apps or play touch input games.

PC Mode: Select this mode PC gaming on Windows. In this mode, the pad can also be programmed with profiles to enable compatibility with games that do not support pads.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
